The public helps us by keeping all of our shopping facilities active. We help the public by bestowing, without one cent of expense, these profit-saving stamps. They are rapidly collected.

EXPLANATION

In order to give our trade the same benefits of cash discounts that are offered us by the wholesalers, and to increase our cash sales, we have arranged to offer our customers a line of premiums that embrace every desirable article, from silverware to furniture and rugs. As the most attractive and easiest way to distribute these premiums we have provided a special system as follows:—

To all customers trading at our store and paying cash will be given ONE PREMIUM TRADING STAMP for each 10c spent. As obtained, stamps are to be pasted in the blank squares on the pages of a book we will give you. When all are covered, bring the book to our store and select from our assortment of premiums the article you like best. It becomes yours absolutely free of charge. In using this system we feel that we have adopted a means of advertising that will pay us and accordingly are willing to offer splendid values. The prices on our goods are in no way affected by the system—you simply get additional value in return for cash.
