Our Motto: Live & Let Live!

Dear Friends: Kindly look over our little list, compare it with your "Chicago Mail Order Catalogue" and if there is anything that you find just as cheap or cheaper among my articles, please give me a call. You do not have to buy a cat in a bag, you can see and examine every article before you buy. In return I promise you, whenever you present a subscription list for building a new road or church, I will put my shoulder to it as I have always done but the mail order man never.
