The ground has been staked off for

the M. E. North church building across the road from the schoolhouse, on the northeast corner of G. H. Gregory's farm. What has become of the "union idea," and what is the sense of keeping up so many "isms"—North, South, East and West, pointing to the same object? Save to give employment to more people and divide up cross-roads villages into parts and call them "branches" instead of offshoots of the "true vine"? Would it not be well some near day to take our bearings in religion as well as in politics?

WHEN IT WAS SERIOUS.

"Helen, do you appreciate the fact that marriage is a serious affair?"
"Yes, father. At least I did think it was until Tom finally proposed."

FROG POND.

The happy culmination of a long engagement, marked by constant devotion of both parties, occurred here at high noon, Wednesday, at the residence of the bride's parents, Mr. and Mrs. J. G. Aden, when their daughter, Ellen, a beautiful and accomplished young lady, and Mr. Ulrich Eilers, a prominent and successful farmer of Aurora, were united in the holy bonds of matrimony. Rev. Wahlte, of the Stafford Baptist church, officiating. The bride was dressed in spotless white silk with appropriate trimmings, carrying in her hand a beautiful bouquet of calla lilies, which at the proper time was taken up by the bridesmaid, Miss Lydia Aden.

About 70 guests were present to witness the ceremony, all of whom except a few intimate friends, were relatives of the contracting parties. After the impressive obligation was pronounced, which made them man and wife, the happy couple were congratulated by the guests, after which all gathered around the family table, which fairly groaned beneath the weight of a bountiful feast, to which the appreciative guests did ample justice. Mr. H. D. Aden did the honors of best man. H. A. Kruse played the wedding march on the violin, accompanied with the piano by Miss Louise Hagner. Many valuable and appropriate presents were given. The remainder of the day was spent in playing outdoor games and in the evening the chivalrous crowd serenaded with bells, tin cans and giant powder, which was heard for miles distant.

Mr. and Mrs. Eilers will make their future home on their farm near the Willamette river, four miles north of Aurora, where they will be at home to their many friends after April 25th.

All that I ask is to have them call and examine the goods and get my prices before buying elsewhere, as very often I find people taking out goods that I could have saved them money on. Anyway it does not cost them anything to call and find out at
