NO EXCUSE FOR CATARRH.

Worst Cases Quickly Cured By Breathing Hyomei. Guaranteed by Huntley Bros. Co.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit.

Used in this way for a few minutes four times a day, every particle of air that reaches the nose, throat and lungs is laden with germ-killing and health-giving Hyomei.

The sale of the old-fashioned stomach remedies for catarrh has been reduced to almost nothing since the introduction of Hyomei. Huntley Bros. Co. will tell you that their sales on this out-of-date line have fallen off at least two-thirds in the last few years, while the demand for Hyomei has increased as its curative powers became more widely known.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

Huntley Bros. Co. positively guarantee a cure when Hyomei is used in accordance with directions, or they will refund the purchase price.

GERMAN SOCIETY PICNIC.

Three Hundred People Enjoy Sunday at Schnorr's Place.

Three hundred people were in attendance Sunday at the German picnic, which was held at Gus Schnorr's place near Willamette. The orchard was tastefully and appropriately decorated for the event, which was one of the most successful affairs of the kind ever held here, and only the inclement weather prevented the attendance from being larger. Entertaining speeches were made by Mr. Schnorr, who is president of the German Society of Oregon City, Mr. Seibel, president of the Veteran Society of Portland, Mr. Olof, of Portland and others, including D. M. Klemson, of this city, who delivered a happy speech in English. Four societies combined for the picnic, the German Veteran Society, the Arion Singing Society and the Eintracht Singing Society, of Portland, and the German Society of this city. Delightful music was rendered, and dinner was served. Dancing was indulged in.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by Huntley Bros. Co., Oregon City and Molalla.

MUSICIANS ORGANIZE.

Association Will Form Brass Band and Orchestra.

Musicians of this city have formed a society to be known as "The Oregon City Musical Association." Organization was effected Tuesday evening in the hall of Cataract Hose Company. The first work to be undertaken by the association will be the formation of a brass band, of which the city is sadly in need, and it is noticeable that surrounding cities of much less size support bands. It is also the intention of the association to include string instruments as well, and a little later to form an orchestra. It is desired to make the association an all round musical society, both instrumental and vocal, and to enroll in its membership all those of both sex, who may be interested musically, in short, to procure as many members as possible, both active and passive. The following officers have been chosen: B. T. McBain, president; M. Bollack, vice-president; Jack N. Johnson, secretary; E. G. Roberts, treasurer. The membership already includes the following well known musicians: B. T. McBain, E. C. Roberts, M. Bollack, George Ely, C. A. Nash, T. Klinefelter, A. G. Warner, W. E. Johnson, H. Peckover, Jack N. Johnson and H. L. Bond.

INSPECT LIGHTING SYSTEM.

P. G. E. Co. May Install New Plant For Oregon City's Needs.

Robert Townsend, of the Portland General Electric Company, was in the city Tuesday and made a careful inspection of the lighting system of the entire city, accompanied by the company's local representative, C. G. Miller. Special attention was paid to the customers who are using gas and gasoline lamps and inducements will be offered them to install electricity. The company contemplates putting the Nernst lamp in place here, and if that is done, a new and separate plant will be necessary for Oregon City's needs alone.

OLD AGE.

Depends Not Upon Years, But Upon Vital Force.

In Oregon City lately there has been a good deal of discussion in regard to old people. Some at fifty years call themselves old, and really appear so, while others at seventy years seem active, vigorous and young.

It is not years, but it is loss of vital force that makes a person old. Weakened digestion, thin blood and poor circulation soon start functional powers and vitality on the wane, and then

the symptoms of old age quickly appear.

Huntley Bros. Co., our well known druggists say "that old feeling may be warded off, and we wish every person in Oregon City who feels old, whether they are so in years or not, would try the great discovery, Vinol. We know that it has vital principles which will in a natural manner strengthen digestion, send rich, red blood coursing through the veins, and give new life and strength to every organ of the body, and this is what makes the old feel young again."

Mrs. H. W. Avery says: "At the age of eighty-nine I felt the need of a tonic, something to strengthen and build me up. For some time I have been taking Vinol, and I have found that it brings vigor and renewed vitality to the aged as nothing else will."

Vinol repairs worn tissues, checks the natural decline and replaces weakness with strength. It is an ideal body-builder for old folks.

We promise you that Vinol is, first of all, agreeable, because it contains no fishy oil. Second, that it is a genuine cod liver oil medicine, containing all the medicinal curatives and strength-making elements taken direct from fresh cods' livers; and third, we will return your money if it does not do exactly what we claim for it." Huntley Bros. Co.

UNVEIL MONUMENT.

Sola Circle Conducts Ceremony at Winona Cemetery.

Sola Circle, Women of Woodcraft, went to Winona cemetery Sunday and unveiled the monument over the grave of the late Miss Grace E. Smith, who was a member of Sola Circle at the time of her death. The officers and degree team left the city at 11 o'clock Sunday morning in carriages, arriving at the hall of Bethlehem Star Circle in Tualatin at 1 o'clock, where dinner was served. The ceremonies took place at the cemetery at 2:30 o'clock and were very impressive. Members of the Woodmen of the World of Tualatin were present at the cemetery. About 80 members of the Circle went from this city.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera

and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Huntley Bros. Co., Oregon City and Molalla.

Mrs. Louisa J. Cromer.

Mrs. Louisa J. Cromer died Thursday night at her home in Logan, after an illness of two weeks. Her age was 66 years, and she is survived by a

husband and nine children, nearly all of whom are grown. The funeral was held Friday morning from the Logan Baptist church and the interment was in Arthur's Prairie cemetery.

West Side Teachers.

The board of directors of the West Oregon City schools met Saturday night and elected the following teachers: T. B. Kindell, of Portland, principal; Miss Thibet, Miss Jessie Blank, Miss Grace Robinson; Miss Martha Koerner, Bolton school. The teaching staff has been entirely changed from last year. Miss Bessie Grant, who has been instructor in the primary department for several years past, resigned her position in order to pursue her musical studies.

The Business College of Clackamas County

The fact that a business education, equaled only by the best, is offered by an institution of Clackamas county, is becoming known. Many graduates of the school are now employed in business houses of Oregon City, Portland and in cities of the Willamette valley. Business men who are employing these young people give the college their hearty endorsement.

A twelve-months' course of study is offered. It includes bookkeeping, business methods and accounting, and requires thorough training in arithmetic, penmanship, commercial law, correspondence and applied English. The shorthand course qualifies for office work, reporting and for passing the civil service examinations. The equipment of the college is being added to, and facilities for giving instruction improved. The increased attendance necessitates moving into larger quarters, which have already been arranged for.

A number of persons have planned to enter for the summer course. Special inducements are offered to teachers to fit themselves for teaching the commercial branches in high schools. Expenses for attending this school are reasonable. Special information given to all who write or apply in person at the office.
