

NEWS OF THE COUNTY

MAPLE LANE.

The basket social at Maple Lane was a marked success, both socially and financially. There were between 80 and 100 persons present, and the ladies took in between \$30 and \$40. Baskets sold from 50c to \$1.30, and more could have been sold had they been in evidence. Eight gallons of ice cream and a goodly number of cakes supplemented the baskets. After the old folks left, "they do say" the young people tripped the "light fantastic" for a short time before going home. Altogether it was a most joyous and orderly crowd.

The amateur theatrical troupe of Maple Lane Grange gave a free performance, covering ten or twelve numbers, which was enjoyed by all, and was a great credit to the ladies who took part in it, and in behalf of the committee, I take this opportunity of thanking the people of Beaver Creek and Maple Lane for their liberal patronage; also for their appreciation of the program.

Maple Lane Grange No. 369 met in regular session June 2, with an attendance of 32, making an average attendance of 37 1-3 for the quarter just ended, as against 36 1/2 for the first quarter, or 83 for the first half of the year. We think this is good for a membership of 82, scattered over a radius of between four and five miles.

Maple Lane is to have a Fourth of July celebration at their hall and in the grove adjoining, which will be in the form of a basket picnic. A committee was appointed to make arrangements, secure refreshment stand, etc. another committee to arrange a program. So please remember the date, July 4, 1906; place, Maple Lane Grange hall. Special invitation is hereby extended to "ye editor."

Maple Lane is also arranging for another agricultural and domestic fair to take place in October or November next.

Maple Lane has lost three members during the year, and has gained four new members and there are four applications pending—so you see we are still alive. We feel rather proud of the fact that Maple Lane will be represented in the state legislature in the person of Brother Linn E. Jones. We had also hoped to be represented in the state senate; still if others can stand it, we will take it with as good grace as possible, but do not think for one minute that we are down and out. Truth crushed to earth will rise again, you bet.
