

A NEW PIANO STORE BY FALL

EILERS PEOPLE VACATE THE BIG WASHINGTON STREET SALESROOMS.

New Lease Secures Entire Upstairs But Occupancy Cannot Be Obtained Until This Winter. Extensive Improvements and Alterations Planned. New Recital Hall to Be Best Appointed in the West. Further Particulars of the Big Deal.

It was indeed a busy sight to behold at the famous old "Quarter Block" yesterday. Even with the augmented delivery service of five large vans, which have been working night and day, it was impossible to deliver all the instruments which were sold last Friday and Saturday. Commingling with the draymen were the carpenters, who commenced yesterday morning in deadly earnest to remove walls and partitions and improvements that are to be made.

It does not seem to be generally understood, however, that Eilers Piano House is now practically out of the retail city business. The big store, like several of its fellow stores in the same block is vacant and awaiting for the new tenants.

As stated heretofore, we were fortunate in securing at the very last moment a new five-year lease on the upstairs of the block, but the upstairs portion is now occupied by Portland's leading business college, for which institution a fine new building is now being erected on the corner of Tenth and Morrison streets. When the new building is completed we are to take possession of the old premises here. They will be converted into the most beautiful, most convenient and best-lighted piano salesrooms in the United States.

Will Open in the Fall.

But until these many changes are completed and possession has been secured, Eilers Piano House is compelled to remain out of the retail piano trade. As soon as possible after October 1 we shall commence work remodeling the upstairs premises. Convenient stairways and a modern elevator will be installed. Several fine music studios en suite or single will also be provided. We shall have a fine recital hall, twice as large as our former one; a fine Aeolian and Pianos library room, and also talking machine parlors will be some of the noteworthy features.

The upper or western portion of the block formerly devoted to Aeolian Hall will be remodeled and rebuilt, as an entrance to the new upstairs salesrooms, a portion also being devoted to show windows, delivery rooms and private offices of the various managers.

In the old Aeolian Hall is now located temporarily the Pianos subscription library and in the front portion will be found The Oregonian Premium talking machine record distributing department.

Offices Will Remain.

The new arrangement will not necessitate the removal of the general and wholesale offices to our wholesale quarters at Thirteenth and Northup streets. A clever architect has solved the puzzle as to their location by erecting a mezzanine floor in the north of the western portion of our new quarters, which is now being built. Here is where the city bookkeepers and also the general and wholesale accounting departments will be located. A commodious fire and burglar-proof safety deposit vault is to be installed in another part of the premises. In short, by late fall the establishment of Eilers Piano House will be as complete, and as thoroughly convenient, as any in the Union, and probably equal to the very best of them in attractiveness.

Big Saving in Rent.

And, best of all, the new arrangement will mean a saving in rent to Eilers Piano House of over \$39,000 for the five-year lease, an average of \$7,800 a year. This benefit alone will enable Eilers Piano House this fall to offer pianos and musical merchandise on more advantageous terms than ever heretofore.

Telephone number remains as heretofore, "Exchange 23." City and country collections will be paid at the old office same as before, only that during alterations our offices will have to be shifted to various portions of the hall. It will be the aim of the contractors to cause as little inconvenience as possible to callers. Dust and dirt will be carefully avoided, and our bookkeeping work will proceed with the very least interruption. The old street number, "351" will be retained (in reality it will be 353 though).

Temporary Display Rooms.

We have arranged to inaugurate an automobile and carriage service between our present quarters and our wholesale department at the corner of Thirteenth and Northup streets, for the convenience of those who desire to purchase a Chickering or a Weber, or a Kimball, or a Pianos piano, Pianos or organ, etc., etc. Suitable temporary showrooms will be fitted up at the warehouse to properly display the instruments.

Pianos will also be supplied for concerts and rental, as heretofore, but all applications must be made at our downtown offices, 351 Washington street, as above, at the corner of Park—Eilers Piano House—always the biggest business and best piano dealers, with stores in every important Western city, including San Francisco.

STREET CAR ACCIDENT.

Two Men Injured in a Collision Last Sunday Night.

L. Glass and Godfrey Gosser, of Parkplace, were injured Sunday night by a collision with a passenger car of the Oregon Water Power & Railway Company. The accident occurred at midnight at the corner of Tenth and Main streets and only the cool head of Motorman Johnson prevented a terrible catastrophe.

Glass and Gosser were coming down Main street in a buggy and turned at Tenth street to go up the hill, when the car which was coming toward them at a moderate rate of speed crashed into the vehicle which was demolished by the shock. Glass was thrown heavily to the ground and was badly bruised about the head and hands, but was able to start home on foot, after his injuries were dressed by Dr. C. H. Meissner, who was a passenger on the car. Gosser became entangled in the buggy and assistance was required to remove him from the wreck.

KEELEY-RIVERS.

Marriage of Charming Young Park-place Girl.

The marriage of Miss Bertha Rivers, daughter of Mr. and Mrs. Mac Rivers, of Parkplace, to James Keeley, of Portland, was solemnized Wednesday night at the home of the bride's parents. The wedding party entered the parlors to the strains of the wedding march, the bridesmaid being Miss Elsie Frederick, while the groom was attended by William Rivers. The ceremony took place under a beautiful arch, covered with evergreen, white lilies and marguerites, beneath which was suspended the marriage bell. Rev. S. P. Davis was the officiating clergyman. The bride was charmingly gowned in white silk, and her wedding veil was crowned with white carnations.

The parlors were beautifully decorated with ferns, white and pink roses, orange blossoms and white lilies. The ceremony was followed by a sumptuous wedding supper, and the bride and groom left for their home in Portland, which had been made ready for them, followed by a shower of rice and good wishes. Many handsome and costly gifts were received and among those who were invited to witness the ceremony were Rev. and Mrs. S. P. Davis, Captain and Mrs. J. T. Apperson, Mr. and Mrs. Eiters, Mr. and Mrs. W. A. Holmes, Mr. and Mrs. H. Huntley's Soda Fountain

There have been many Ice Cream stands come and go during the many years we have been in the Soda Water business in Oregon City. Sometimes they have claimed to have Ice Cream "as good as Huntley's," but we never heard of any one saying "better than Huntley's." This, it seems to us, is the sincerest flattery, and only goes to prove what people have been saying for years that they do not have to go out of town to get the finest Ice Cream and the finest Soda Water served in the State.
