

NEWS OF THE COUNTY

MOLALLA.

Hot Weather. More meales. Hay harvest. Celebration week. Molalla Grange next Saturday. Pomona at Molalla next week, just one week from the Fourth.

Molalla will be headquarters for clover seed this season. Herman Brothers will have something like \$3000 worth of an average yield and there seems to be lots of clover everywhere.

Peter Farris has a nice field of barley ready to harvest. It is a French decent (the barley.)

Born to the wife of C. H. Gates last week, a son. Dr. Powell is now grandpa.

Fay Moody, of Walla Walla, is in our midst again visiting his sick sister, Mrs. Mattie Wells.

Dr. Leavitt has sold his farm to Mr. Watts, of Nebraska, for \$7000. Will give possession this fall. Dr. Leavitt will go to Portland.

John B. Cole & Co., shut down their sawmill for haying the first of the month.

Elder Speck of Texas, has been holding a series of meetings at Molalla and Mulino, on the 6th of July he will commence a camp meeting at Liberal, to hold over two Sundays. His subject for next Sunday will interest everybody who has ever given any form of religion any attention.

Molalla Lodge No. 184, I. O. O. F. will hold its semi-annual installation on Saturday night July, 7th.

United Artisan Assembly No. 89 regular semi-annual installation also falls on the night of July 7th.

And now with the mercury marking 90 in the shade, sweat will flow from man and beast, and the spots where the 90s are will seem few and far between.

LOGAN.

The patrons of Logan School District No. 8, took a holiday on Friday last and all united in having a general good time, it being the close of school. The pupils and their teacher, Miss Alice Ritter, have labored diligently for the past 9 months and their closing program did justice to the pupils and teacher alike. Mr. Chas. Tracy was present with his graphophone and rendered several good selections. After the program, ninety persons partook of ice cream and cake. Henry Kohl was present with his camera and took a picture of the school. We are glad to learn that the board has engaged Miss Ritter to teach again the ensuing year.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if you need a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 31 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

THE MODERN FARMER

Makes his farm modern because that's the kind of a farm that pays best. And he buys modern farm tools because he couldn't do his work properly with any other kind. We'd like to show you

A Full Line of Modern Farm Implements and Vehicles

That will save you money, time, work and worry. We have on display the latest of everything—the most improved implements made—and enjoy showing them to our friends. Among the best of the good things you'll find here are the world-famed

John Deere Plows, Harrows and Cultivators

Every farmer knows what kind of tools they are. But we'd like to point out to you some of the improvements and labor-saving tools of this "good old line," made since last season; a whole house full of tools which will help you to dig more dollars from the dirt this year. Come in next time you're in town—there's a great feast here for the farmer. I have purchased a number of mowers at a great bargain, which I am selling at less than cost while they last.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

Several complaints have been registered before the city fathers that the O. W. P. was running their cars at a too high rate of speed through the Oregon City streets occasionally and last night at the Council meeting it was decided to call the company's attention to this matter and have the motemen instructed to run their cars within the limits provided by law. The railroad company is not alone under the watchful eye of Mayor Caulfield and councilmen and an ordinance was ordered drawn up, regulating the speed of automobiles and motor cycles. The mid-summer meeting of the council last evening brought a grist of business. Besides Mayor Caulfield councilmen who were present were: Anderson, Herrington, Justin, Knapp, Logans and Rands.

One step that is considered in the right direction was the raising of the salary of the policemen from \$80 a month to \$75.

Oregon City has three efficient policemen and they are worth more money.

A petition was introduced asking that steps be built up the bluff at Fifth street. The Sixth street steps have been condemned and \$110 was subscribed with the new petition to help build the stairs.

The quarterly report of city treasurer Jack Caulfield was submitted and turned over to the finance committee as well as the semi-annual report of the board of water commissioners.

Matson Loses Horse. William Matson, of Viola, lost a valuable horse last Friday. He rode the animal to the schoolhouse, where he went to attend a meeting of the board of directors, and while he was inside, the horse became frightened at some children, broke away from his hitching post, and ran about 50 yards to the bridge, striking a bridge rail between his ribs and hips, inflicting a serious wound. Mr. Matson tried to save the life of his horse, but his efforts were unavailing, and the animal died the following day.

Holman Makes Improvements. Undertaker Ross L. Holman is arranging to make extensive alterations and improvements in his place of business, and will have the advantage of additional room as John Younger, who has maintained a watch repairing business in a part of the building for several years, is moving into the Welch building on lower Seventh street, which he will occupy jointly with the Wells Fargo Company.

Miss Lena Goldsmith left this morning for San Francisco where she will resume her old situation.

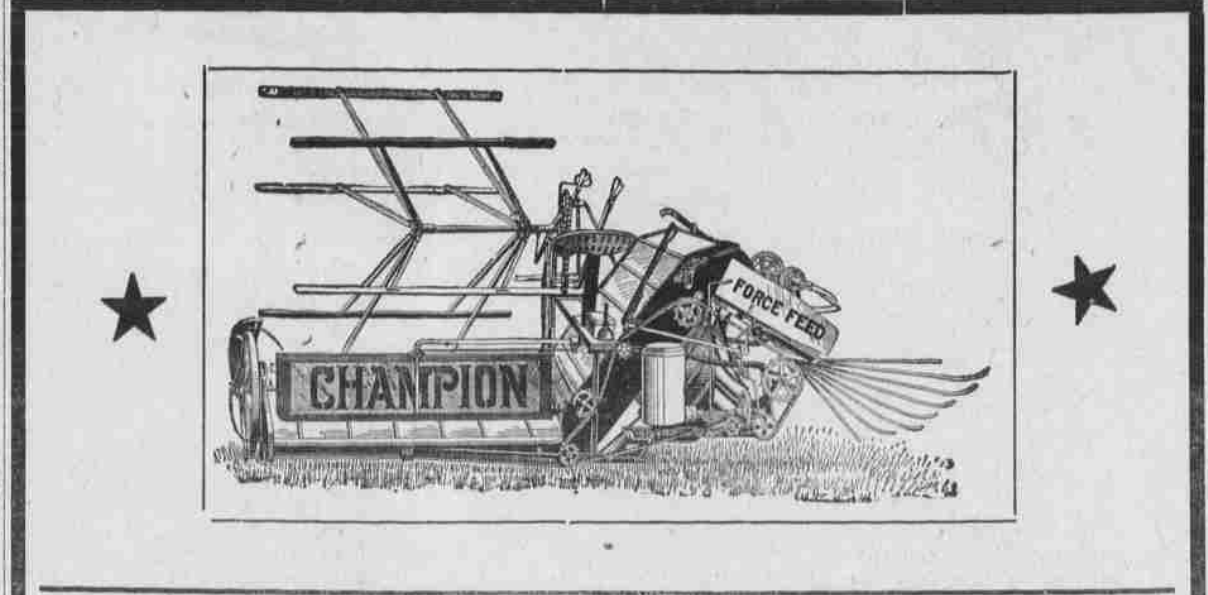

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

B. F. WADDLE, School Clerk Dist. No. 41.

STAFFORD.

Stafford has been celebrating since sundown and expects to keep on for at least twenty-four hours yet. After three days of hay drying weather it clouded up and seems preparing to rain as usual on the Fourth. Nevertheless everyone is going to some place, even to Aunt Hannah, and there are a lot of places to choose from.

Mint Peters has been having lots of cherries, chiefly Royal Annes and Black Republicans.

Mr. Barnes and son Oscar have been helping Mr. Gage in his hay.

Mr. Williams, who lived on the Saltern place has returned to Oregon City having been appointed a deputy in the courthouse. He has 25 acres of potatoes looking very fine.

LIBERAL.

Farmers are busy with the corn and early hay. General haying will commence after the Fourth, with a shorter crop than was expected.

Monday was a hot day for Oregon, but the yellow corn turned dark and is growing very fast. Wheat aphids have not made their appearance yet after the hot days.

Rye will soon be ready to cut. Grandma Wright is out to her son's S. Wright and will remain for a month, her health has been poor but she is improving. She is one of the 1843 pioneers of Oregon.

Every one is rustling for the 4th of July, and tomorrow they can have the good old time.

Arthur Farr of Oregon City, is out for a vacation and will be one of the peanut vendors at Wright Springs the 4th.

Miss Chase of Oregon City is spending a few days at Mrs. Lewthwaits, on the Nelson place.

Levi Stehman sold his driving mare and bought a 3-20 trotter, look out boys' when he gets on the road.

W. N. White has his picket fence

guests of Mr. and Mrs. J. M. Gillett last week.

J. Murrow and wife are moving to Portland to the Ladd farm this week. Adna Murrow is working in the pulp mill and will board with Mr. Braid.

Grandma Bullard spent last Sunday out near Fishers Mill with her grand daughter Mrs. Lottie Fisher.

Mrs. Kelland and baby started to England last Sunday for a three months visit.

J. M. Gillett is painting J. Nelsons house this week.

REDLAND.

Route No. 2 went on its maiden trip today. The change as inaugurated is quite an accommodation to a large number of people.

J. T. Fullam has a force of men in the quarry getting rock loose for the crusher, Henry Shannon is running the crusher with his engine.

Ora Wilcox is down with a slight attack of appendicitis at her sister's in Portland, latest report is that she is on the mend.

Clear Creek Mutual Telephone Co., is completing the stringing of wire and installing of telephones, they now have 69 phones on and as soon as haying is over more are to come in.

Two deaths occurred here in one week. Mrs. John Beisinger, was buried Sunday 24th, and Mr. Ortliek was buried on Thursday 28th, both were a family to mourn their loss. They were interred in the Redland Cemetery.

Haying will be general next week, with about an average crop.

S. K. Grey is doing a land office business selling the Mississippi Washing Machine.

Rumor has it that Mr. Hubert and sons are to put in a sawmill at their place in the near future.

Crops look fine. Will Gaskell of Beaverton, Ore., was a visitor at L. Penks the past week.

Miss Hattie Gaskell went back to Portland, after a week's visit she leaves for Seattle.

Mr. and Mrs. Charley Daugherty called on Mr. and Mrs. Henry Daugherty Sunday.

Miss Nellie Boyles has returned home after staying with O. S. Boyles folks while having the measles.

Miss Judith Paulson came home Wednesday, with a young fellow makes everything look suspicious.

Mr. Ed Carter of Gladstone, was visiting in Russellville a few days ago.

CELEBRATION OVER THE COUNTRY.

Wilsonville, Canby, Estacada and Sandy Make Merry on the Fourth.

Wilsonville celebrated the Fourth in the most approved style, with the following program: Music, band; song, "American" audience; opening prayer; opening address, F. F. Toole, president of the day; music, band; reading Declaration of Independence; song, "Star Spangled Banner," audience; raising of the flag; overture, band; solo, Mrs. Grimes; oration of the day, Hon. O. D. Eby; song, "Columbia," audience; overture, band.

Sports—100-yard foot race; 100-yard foot race for boys under 12; 100-yard three legged race; 50-yard sack race, boys under 12; 100-yard hurdle race, 50-yard ladies' race; 50-yard race, girls under 12; baseball, Wilsonville vs. Butteville.

The celebration held at Canby was the most interesting held there in many years. County Judge Grant K. Dimick delivered the oration, and public exercises were held in the picnic grounds. There was a liberty car, with its happy children and the Goddess of Liberty. Music was furnished by the Aurora band, and the afternoon devoted to baseball and athletic sports.

Estacada held a big celebration, with State Senator George C. Brownell as the orator. Brown's band came from Portland for the occasion, and the school children and fraternal societies took a leading part in the program. In the evening there was a striking pyrotechnic display and dance in the pavilion. Sandy held a large celebration,

street. An ordinance assessing the probable cost of improving J. Q. Adams street between Sixth and Seventh was also introduced.

The franchises that have been granted to the Oregon City and Suburban Railway Company, which was to operate street car lines on Water street, was repealed, an ordinance being introduced to that end.

Judge Ryan's elevator franchises were also repealed by the same method and the steps will continue to be the method of reaching the part of the city up on the bluff.

Two bids for street signs were submitted by F. L. Freeburg. He will furnish galvanized iron signs at \$19 per hundred or enamel signs at 37 cents each. They were referred to the street committee.

By resolution the street committee was given power to act in the matter of rebuilding the bridge on Madison street between Thirteenth and Fifteenth. The city attorney was ordered to commence condemnation proceedings on the property in Kansas City that will be affected by the improving of Eleventh street between Harrison and Van Buren.

Some of the streets in Oregon City have the same name. There are two Sixteenth streets and two Harrison streets. In order to prevent further confusion a committee composed of councilmen Knapp, Rands and Logans was appointed to rename the streets. In order that the city might always have a supply of crushed rock for the streets an ordinance was passed that provides for the purchase of 500 yards of crushed rock, was placed on its first reading.

City Attorney J. U. Campbell acquainted the councilmen with the fact that there is \$3000 due the city from the county which represents the difference between 60 and 50 per cent of the road fund. Attorney Campbell was instructed to take the matter before the county court for adjustment. It was maintained by the previous county court that according to section 84 of the statutes the city is entitled to 60 per cent but section 283 of the city charter gives the city exclusive control of 60 per cent of the fund under the general law for the improvement of roads. The meeting then adjourned.
