

NEWS OF THE COUNTY

MULINO.

Everyone is busy in the hayfields now and it seems almost impossible to get men to work.

Quite a serious runaway happened at Wright's bridge Tuesday evening when William Vaughn's team with a load of lumber got frightened. The driver, a small boy, jumped and the horses ran through the bridge, crashing into a buggy and horse driven by Mrs. J. Udell, which was about half way upon the apron of the bridge. The buggy was broken to splinters, Mrs. Udell thrown out and badly bruised and the horse cut badly. It seems nothing less than a miracle that the occupants of the buggy were not killed instantly.

Several Mulinoites attended the campmeeting at Canby Sunday.

The measles scare has about subsided now as the patients are almost well.

Bayne Howard has gone to the Mountains on a fishing trip.

Miss Edith Wiles expects to leave Wednesday for Gladstone where she will spend several days at the Chaunauqua.

Wild fruits seem to be very scarce around Mulino.

MOLALLA.

Cooler weather.

Lumber contract for the new M. E. church has been let to E. Lehman, of Pound Prairie.

Austin T. Buxton and family, of Forest Grove are visiting at Oliver Robbins. They will remain here until after the Pomona Grange meeting.

The Fourth was appropriately celebrated at Wright's Springs with many kinds of "crackers". Some hold to the idea that poor people should not invest in fire crackers. Whilst the writer was a boy once and burnt a great deal of powder when it was the custom to be very patriotic and make things pop, he would now be willing to see all the fire crackers "cracked" in China where they belong—but so long as the rich and well to do young America has the undisputed liberty to "terrify" the timid on Independence day, by all means accord the same liberty to the poor deserving boy, if the county has to issue the fire crackers once a year. This would be more reasonable than issuing cigarettes to the boys of America and thus encouraging them to slowly commit suicide or aid in adding to our already crowded insane asylum.

Last week a couple of city lads came out this way en route for Wilhoit, with an old model automobile. They stopped at this place to fuel up and grease down. In setting the thing going it took fire when they were directed to move out. In doing so the crank was severed from the air pump. Even the small boys winked at each other "on tak' on in" what they termed the old fire wagon. Beats any ten cent show of late.

Last week Luther Morris had some of his household goods stolen. He notified the authorities here which brought about the arrest of a young lad who claimed to be 21 years of age. Constable Adams was holding him for trial which was to take place on the 9th. Sometime Saturday night the thief dressed up in Perry Kaylor's long pants, tan shoes and hat, broke jail and taking the constable's horse went down the road to Dr. Morey's where he had formerly worked and got his gun. When he had it cased away, Morey tried to retain him, but when the lad shoved the steel in his face he did not insist any further. So now the horse thief proceeded on his way, but the telephone had sounded the alarm so two men with guns at Carus brought him under subjection, and after being brought back here and ordered to address, was taken to jail by Constable Adams and Deputy Harless.

A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not grip. They actually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

we have ever held. The fine haying weather and the necessity of making use of it is the explanation. The evening meetings will be continued until after the busy season.

Cherry time is over, haying time is right here and grain harvest is in sight as soon as some fall wheat is turned yellow and farmers are hustling for binder twine. Clover is generally a light crop, and so are good wheat and oats.

We are glad to welcome Henry Swales and bride to Logan. We are informed that Henry intends to live on his farm.

A letter from Missouri to Logan people, a short time ago, stated that crops were nearly dried up there for want of rain. Missouri people need to be shown where to come to a place where such a thing does not happen.

G. Kirchem had a barn raising recently.

Most of the Logan people celebrated the Fourth at Estacada, though some went to Gladstone and some stayed at home.

Logan has some new guide boards to show us where we are.

The dance on the 4th was all right.

CANBY.

Mrs. E. I. Sias was a Portland visitor last Wednesday.

Mr. C. Burroughs and family started for the Chaunauqua Thursday and expect to camp out for two weeks.

Mr. Lew Grazier made a business trip to Portland last Wednesday.

Mr. and Mrs. William Dedman from Portland, were visiting Dr. Dedman last Monday.

A new baby boy came to the home of Mr. and Mrs. William Kruger last Thursday morning.

L. Wang left last Monday evening for a trip to the coast. Mr. Wang expects to be gone several days.

Robert Batty has purchased several acres of He Lee. Mr. Batty will plat the acreage into village lots and put them on the market for sale.

Mr. and Mrs. Clarence Batty from Eastern Oregon are home for a short visit.

Miss Arine Hardin expects to start for her home in Kentucky the last of this week. Miss Hardin has made a great many friends while in Canby and will be missed by the young folks.

Mr. and Mrs. George Hampton start for Eastern Washington Tuesday to look after their wheat ranch. They expect to be gone all winter.

The Odd Fellow and Rebekah lodges of Canby held a joint installation Tuesday night. After the officers of the respective lodges were installed, ice cream and cake were served. The officers for the ensuing term are Howard Eccles, N. G.; E. C. Shall, V. G., of the subordinate lodge. Those of the Rebekah lodge are Anna Dedman, N. G., with Grace Patches V. G.

HIGHLAND.

The people of Highland are very jubilant to hear that the county court has granted the mile of plank road asked for as it was a piece of road that was impassable nine months out of twelve. It has been hoped for, prayed for and asked for for a long time and all there was left was hope. It is sure that one and all are very thankful for it.

Helston Lacey says that he is only joshing when he speaks of going buggy riding.

Orlando Fellows breaks the news of a letter that he received from his sister. She says that her husband and her was keeping a rooming house in San Francisco at the time of the disastrous earthquake.

Haying is now quite general through this locality and nice weather is hoped for.

Fourth of July was celebrated at Clarke's. A general good time was had. The swing and the three stands seem to do a good business.

NEW PRESS FOR COURIER.

Plant Will Be Improved Preparatory to New Quarters.

The Oregon City Courier plant, which will be moved next month from its present quarters near the Southern Pacific depot to the Garde building, will be augmented by the purchase of a new two-revolution Babcock Optimus cylinder press, which has been ordered from the factory in Connecticut, and will be shipped West Friday. The press has speed of 3000 impressions an hour, and is built expressly for book and job printing. E. E. Brodie returned Tuesday from Seattle, where the order was placed for new machinery, which will reach here

Mr. and Mrs. Stevenson, of Portland, were up to Springwater on an outing.

Henry Comer had a barnraising this week under the management of Earl Shibley.

Lots of berries now.

Measles in Springwater.

The people of this vicinity celebrated the glorious fourth at Estacada, something more than 4000 people in attendance and would have been more if the cars had not given out. Geo. C. Brownell gave the oration and made one of his characteristic talks. Everything went off nicely with a few exceptions. One of the advertising marching teams ran away and Mr. Wilcox and Mr. Cooper were quite badly bruised. Huckaley

THE SECRET OF SUCCESS

"No, Sir! You cannot pain off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
