NEW COUNTY COURT

Grants Franchise for Telephone Line in Vicinity of Clackamas.

Judge Grant B. Dimick, and Commissioners T. B. Killen and John Lewellen, comprising the county court, met for the second time Wednesday and backed up against considerable business of importance to Clackamas county. In the afternoon they went to Oswego to inspect the new bridge there, which is nearing completion at the hands of the contractors, C. F. Royal and Son, of Salem. The bridge will be thrown open for travel in a very short time.

Ginder & Co. were granted a franchise by the court to construct and operate telephone lines from near Daughy's place on the Oregon City and Damascus road; also from Clackamas bridge on the Oregon City and Milwaukie road to Milwaukie. It is understood that the grantees are representing the Pacific States Telephone & Telegraph Company and that the road will be maintained after its construction, and will be connected up with the Pacific States Company to the outside world.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Huntley Bros. Co., Oregon City and Molalla.

Fraternal Brotherhood Installs.

Oregon City Lodge, Fraternal Brotherhood, Wednesday night installed in Willamette Hall. There were present a delegation from Portland lodges of the order, including President Ladd of Lodge No. 209, and Mrs. Ladd, and Mrs. Whitehouse, secretary of the Lewis and Clark Lodge. Eighty people witnessed the installation ceremonies, which were conducted by State Manager Hancock, of Portland. Ice cream and cake were served and dancing was indulged in until a late hour. The following officers were installed: James F. Nelson, president; M. Secret, vice-president; Fred Metzner, secretary; Mrs. Sykes, chaplain; Vada Boylan, mistress at arms; Walter Morris, sergeant.

A Tragic Death.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland in like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guarantee best cough and cold cure at Howell & Jones' drugstore. 50c and \$1. Trial bottle free.

Drowned in Mill Pond.

The body of Carl Olsen, who was drowned at Boring Wednesday afternoon, has been placed in the care of the Swedish vice-consul in Portland. Cosner R. L. Holman held an inquest over the remains. Olsen had been working on logs in a mill pond for the Palmer Lumber Company and while his fellow workmen had left him temporarily, he fell from the logs in the pond and was drowned in about nine feet of water.

Olsen was an unmarried man, 31 years of age, and so far as known, had no relatives in this country.

Do Not Neglect Your Bowels.

Many serious diseases arise from neglect of the bowels, Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by Huntley Bros. Co., Oregon City and Molalla.

Will Soon Have Mail Delivery.

While the people of this city are clamoring for a free mail delivery, the authorities who have the power to do things are working quietly, and it is only a question of time before this city has a postal delivery. Postmaster Tom P. Randall already is working on the matter and will shortly send in a petition to the department for the service. After the house numbers have been put up the service can be granted on the postmaster's request alone but he intends to send in his petition with the names of the mayor and city council, and perhaps some other citizens. This will give more weight to the letter and consequently will hurry up the officials at Washington.

home in Scotland a visit and says that things have changed but little in that length of time. Mr. Robertson has been away for two months and this is the first vacation he has had for some time. He attended the general assembly of the Presbyterian Church which was held at Des Moines, Iowa, and after that was over, went to New York and took the Teutonic for the other side of the Atlantic. He visited several places in Scotland, and England besides his old home which is in Aberdeen. The trip was thoroughly enjoyed, and Mr. Robertson is looking remarkably well and expresses himself as being glad to get back home to Oregon City.
