HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by **TORPID LIVER AND IMPURE BLOOD.** Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. **HERBINE** is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Tredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

HARRY IN JAIL AGAIN.

Son of "Old Sol" Is a Chip From the Original Block.

Harry Clark, the son of Mollie Clark and of old "Sol" Clark, who was drowned at The Falls about one year ago, made his appearance in the police court Monday charged with drunkenness. He pleaded guilty to the charge and was sentenced by City Recorder W. A. Dimick to serve ten days in the city bastille with work on the streets. Indian Mollie supports her family of little children by doing washing and other odd jobs around houses in town. She is a good woman and many people are kindly disposed towards her and help her. Her son, Harry, however, is a chip of the old block, and is wayward and cannot be controlled. Punishment by being jailed does not correct his habits. The Indian blood in his case carries with it an inherent taste for whiskey and he gratifies it.

DEEDS, NOT WORDS.

Oregon City People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills, for Oregon City kidney sufferers, have made their local reputation.

Proof lies in the testimony of Oregon City people who have been cured to say cured.

William McLarty, tailor in the courthouse block, living at 16th and Washington Sts., Oregon City, Ore., says: "I had persistent backache and pain through the loins that seemed to never let up, and the worst part of it was the annoyance I was caused at night, for I could not find a comfortable position or get any restful sleep on account of the continual aching. The result was I lost energy. I learned of Doan's Kidney Pills curing others of similar trouble and I procured a box at Huntley Bros. Co. drug store. By the time I had used half of one box there was so much improvement that it seemed almost unnecessary to take any more, but I finished the box to make sure of the beneficial results. I could then sleep the entire night, arise rested in the morning, and not a trace of the aching remained."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MANY WANT TO TEACH.

Long List of Applications For State and County Papers.

The semi-annual examination of applicants for state and county papers commenced Wednesday at the courthouse and an unusually large class applied for permits to teach the young idea how to shoot. The board of examiners is County Superintendent of Schools J. C. Zinser, Prof. T. J. Gary, of the Willamette school, and Prof. L. A. Read, of the Parkplace school. The examinations will be concluded next Saturday.

Library lists have been made up by 40 districts out of the 122 in Clackamas County and the remaining districts will have their books apporoned by the state library commission. These books will be a great addition to the libraries of the schools in this

GARDEN CITIES.

Work That Must Be Done For Town Dwellers by the Artists.

It is absolutely impossible to create a healthy race without an abundance of fresh air, says Outdoors. Seeing that it is impossible on the score of expense to convert our cities into places where a healthy community can be reared, the railroads must be utilized as never before to carry the breadwinner rapidly between his place of business in the city and his suburban or country home.

Along the track of each railroad that radiates from the city a series of residential parks or garden cities should be built extending forty or fifty miles away, the more distant to be reached by express trains. These garden cities should be beautifully designed beforehand by architects who are also artists in landscape gardening.

The individual cottages will occupy not less than 100 square feet of land, or four ordinary city lots, affording a flower garden around each home. The avenues will be always curving, and the village green or city park will be a place that gladdens the eyes of all who frequent it.

Ropp's Commercial Calculator

Size 6 1-4 x 3 3-4 Inches

This is a Ready Calculator, Business Arithmetic and Reference Book Combined. No Farmer, Mechanic or Business Man should be without it because it WILL SHOW AT A GLANCE WITHOUT THE USE OF PENCIL, PEN OR PAPER

GRAIN BUYER—The top price for No. 2 Corn today is 38c. Your load weighs 3180 lbs. net. Take a seat while I am figuring it up.

FARMER—(Calculator in hand), O, I've got it already: I had on 56 bu. and 44 lbs., and it comes to \$21.58. (See pages 18 and 27.)

In like manner, the correct answer to nearly every conceivable problem is instantly found.

STOCK SHIPPER—The net weight of your lot of Hops is 4425 lbs. and at \$3.75 per cwt., amount to \$155.94. Here is your check.

FARMER—There is an error somewhere. I see by Ropp's Calculator (page 6) that the amount should be \$165.94.

S. S.—(After figuring it over again.) You are right. Here is a \$10 bill with your check. Pardon my mistake; was done in haste.

SAWYER—Your walnut Log measures 24 inches in diameter and 18 feet in length, which according to Scribner's or Doyle's Tables, will make 400 feet of lumber.

FARMER—According to Ropp's Tables (p. 61)—the only correct and reliable Log measure—it will cut exactly 413 feet, and therefore I demand payment for that many feet and no less.

BRICKLAYER—If you want this Cistern to hold just 200 barrels, how are we to determine its depth and diameter, and also the number of brick it will require to wall it up?

CONTRACTOR—I see by R. C. (p. 62) that it must be 9 1/4 feet in diameter, and 12 feet deep; and R will take 1,500 brick, if laid on edge or 3,000 if laid flat.
