Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

Resolutions of Condolence.

Whereas it has pleased the grand worthy Master of the universe to call to the Grange above our late esteemed and worthy brother, Lewis W. Ingram, and

Whereas we greatly deplore his loss. Therefore, be it resolved that greatly deploring his loss we tender to his dearly beloved wife and family, our heartfelt sympathy and condolence in that they have suffered the loss of a kind husband and indulgent father.

To Abernathy G-ange No. 848.—In that they have suffered the loss of a staunch and supporting pillar of their organization; and still further deploring his loss to the community in which he lived, our only only consolation is in the belief that he is resting in peace in that country from which bourn, no traveler has ever yet returned. And further be it resolved that in consideration of the fact that Bro. L. W. Ingram was a past Worthy Master of Maple Lane Grange No. 296, we drape our altar and our charter for a period of 30 days, commencing on the 4th day of August, 1906.

And still further be it resolved that these resolutions be spread upon the Grange records, a copy furnished to the Oregon City papers, and also an engrossed copy with the Grange seal attached thereto, be sent to our most worthy sister, Mary A. Ingram, the widow of our late brother.

Machinery Goes to Ogle Mines.

The foundation and base for the additional five stamps that are being added to the mill of the Ogle Mountain mines were started on their long journey to the mines Wednesday, and the balance will be shipped in via Mount Angel, from which point the distance is less than from this city. The End of The World

of troubles that robbed E. H. Wolto, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by Howell Jones' drug store.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BEUNA VISTA.

Mrs. L. Aldrich and children visited Mrs. Howell on West side last Sunday. Mr. Jones will leave for Kelso to work and will be gone for some time. Miss Myrtle Mays went to the coast last week for ten days' outing with Mr. Oglesby's family. Her health is gradually improving.

Mr. Burgis and family will return home in a few weeks from the Teasel Farm.

Henry Miller's residence is almost completed. It is a frame house, 14x16.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by Huntley Bros. Co., Oregon City and Molalla.

weather at Stafford cleared and was very pleasant Monday and Tuesday, but anxious men with oats still out were sorry to find a cloudy morning Wednesday with a promise of continued rain. Threshers have been busy for the last ten days.

Mrs. Weddle, who returned from southern California in May, where she had spent the winter for the benefit of her health, took the measles and died Saturday morning, and was buried from the Baptist church Sunday afternoon. A large gathering of neighbors and friends followed the remains to the grave. Besides a husband and four children, she leaves a father, mother, brothers and sisters to mourn her loss. All the family have been down with the measles and just able to be about, and the oldest boy, Archie, left with a bad cough, and is still under the care of Dr. Mount. The mother and sister Kate of Jefferson, were with Mrs. Weddle and it is now reported that the sister is taking the disease.

Mr. Zimmerman, an old resident, died of cancer and was buried in the Stafford cemetery last Thursday. In Seggert, who came near losing his arm from blood-poisoning, is home again from the hospital and accompanies his threshing machine, although unable to do much yet.

The addition to the school house is up and partly inclosed. A man and his wife have been engaged for the coming year.

Mr. and Mrs. C. M. Gage were home for a short visit with their sister, Mrs. Howard, of Willis, Washington. Hops look rather slim in Stafford. Perhaps here will be enough for bread. As we are totallars we never sell our hops for beer.

Mr. John Johnson and wife came out from Portland Saturday, where he has a livery stable, to visit relatives and friends. They lived in Stafford for a number of years.

David Wolfe, who used to attend school here, but graduated from McMinnville, and then Eugene, and is now principal of the high school at Puyallup, Washington, with twelve teachers under him, was looking over the old stamping ground and making hasty calls upon friends for a couple of days. He was also visiting his sister, Mrs. John Moser.

Young"; original poem, "Reminiscences," by Chaplain O. Eaton; duet, "The Old Stone Mill," Mr. and Mrs. C. T. Dickinson; recitation, "How I Kept House," C. C. Borland; addresses, "Recollections of Pioneer Days," by the master, C. W. Bryant, and Edward Bryam, of Tualatin; "Reminiscences of Early days in the Oswego Grange," Joseph Ranger. The attendance was good and the programme unusually interesting.

Mrs. Esby, of Oysterville, Wash., is the guest of Mrs. Heninger.

Herman Bethke, who has been quite ill recently, is visiting at Tillamook.

Mrs. Stevenson and Mrs. Workman, of Portland, were in Oswego Saturday attending the monthly meeting of the Oswego Grange.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sun-nine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by Huntley Bros. Co., Oregon City and Molalla.

LOGAN.

The busy hum of the threshing machine is heard in the land, and often a long drawn shrill whistle from Gerber's engine or the hoarse voice of Tracy's announces that another farmer is made happy by having his grain safely in boxes. Hands are scarce, but we will get through it some how, and soon the strenuous time will be over.

The writer missed the last meeting of Harding Grange, the first one for years. A small attendance is reported, mostly women, but they had a good and profitable meeting.

F. P. Wilson has rented his farm to Fred Raw and will go to Wasco county soon.
