Since the crossing of the car line at Wilsonville the watchword is "Watch Wilsonville grow!"

Most of the Taylor family paid Portland a visit Monday.

Sherwood experienced some little excitement Saturday morning as the south-bound train engine set fire to a small slaming in the edge of town near several houses, and had there been a south wind instead of a north the town would have been in great danger. Nevertheless the section men were called to the town for protection.

Sandy.

Summer travel to the mountains is now, at its best. Never before have such a large amount of people flocked to the hills. A contingent string of wagons and autos are going and coming from the mountains and hotels are doing a rushing business.

Another large fire is raging near town at the Mickelson place, but with a large crew of men it is kept well under control.

A young Sandy man, who purchased a wild bronco and who also invented a new scheme to break horses to ride, hit on the idea that instead of riding himself, made a dummy and then blind-folding the horse, lightly tying the dummy to the saddle. When the horse discovered the dummy with outstretched arms and imitation devil face, the animal of course got scared and broke away from his master and then in a dead run it went down and back to the station with the dummy still flying on the horse. The performance made several women faint and scared a dozen teams. It also scared an automobile so bad that it ruptured a tire.

believes in not sending them away without their supper.

HIGHLAND.

Harvest is over, stacking is done and everybody concerned is anxiously waiting for the steam thresher and baler.

Everything is quiet and calm, owing perhaps to the fact that the farmers like their city cousins, are taking their vacations.

The most recent is that Mrs. E. O. Baker shot and killed a chickenhawk on the wing. The Highland ladies know how to handle a gun.

Miss Blanche Miller, one of Highland's aspiring young school teachers, passed a satisfactory examination and is now holding a teacher's certificate and looking for a school.

The good old farmers received a blow from Oregon's supreme court when it decided that the \$300 exemption is unconstitutional. What wise heads they must be to discover that, after forty years existence.

MILWAUKIE LIKE OREGON CITY.

Would Appreciate Reduction of Fare on Electric Line.

Milwaukie wants a 5-cent fare to and from Portland. At present the residents may buy books of tickets, making the rate to and from Portland 7½ cents. It is alleged that the growth of the pioneer town has been held back because other sections are given 5-cent fares, while a trip to Milwaukie to a transient, or to anyone without a book, costs 10 cents. They say that 5-cent fares are charged to St. Johns, nine miles from the Portland Courthouse.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong. Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee. And shout to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind. Two sizes, 25c and 75c. All druggists.

STAGE LINE QUILTS BUSINESS.

Two Star Routes Will Be Operated From Boring to Sandy and Orient.

The Gresham-Sandy stage line and star route discontinued service with its trip Sunday. New contracts have been let for carrying the mail, but the distributing office has been changed to Boring, from which two star routes will operate, one to Sandy, the other to Orient. Service will begin to both places on Monday next. The contractor to Sandy is Newton Orr, who will conduct a stage line in connection therewith for passengers and freight. His compensation for carrying the mails is \$325 a year. He will make one round trip each day.

Between Boring and Orient the contract has been secured by a woman, Mrs. Ann M. Bickford, who will be required to make two round trips a day, receiving therefor the sum of \$415 per year.

The old Sandy stage line has been in operation for over 35 years, with successive contractors. Up to January, 1903, it ran between Portland and Sandy, making daily round trips for over 20 years. When the car service was established to this place the stage service between here and Portland was discontinued and tomorrow will see its finish over the whole route. The traveling public will miss it considerably, but it will be missed very much more by those living along its former route, as it was a great convenience and the people will have to adapt themselves to new conditions. Hereafter passengers for Sandy and other points beyond Boring along the stage road will have to go to Boring on the cars, instead of getting off at Gresham, as formerly.

Imel Charged With Larceny.

Constable Charles Ely went to Clackamas Wednesday to serve a warrant of arrest on Willis Imel who is charged with larceny from the person. Mrs. Sarah R. Curry is the complainant, and she alleges that Imel fraudulently secured \$30 from her, and that he also at other times received other sums, about \$100 in the aggregate. Young Imel claims that the trouble is the result of a misunderstanding and that he only borrowed the money from Mrs. Curry. The hearing was set for next Tuesday at 10 o'clock.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate
Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.

ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.

ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived.

The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

Why ORINO is different.

ORINO Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs

can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Biliousness and Sick Headache.

Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.

ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

OUR GUARANTEE Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.
