CANNON, THE "STAND PATER."

Joe Cannon, Speaker of the House of Representatives, as a candidate for the Presidential nomination, ropresents the wing of the Republican Party that adheres strictly to the "stand pat" doctrine. That is to say, he accepts the present tariff schedule as a work of perfection and enlogises the Dingley Tariff Law as the effort of a master mind.

It is well known that certain mon opolies protected from foreign competition by this present tariff law have grown fat and are daily growing fatter by virtue of it. So the steel trust magnates and similar monopolistic corporations will have their shoulder to the wheel in aid of "Uncle" Joe Cannon's Presidential aspiration. These same institutions placed him in the Speaker's chair in order that no house committee unfriendly to them might be appointed. The "stand pat" doctrine is nothing more, nothing less than legalized robbery. Protected by the present tariff the harvester manufaturing trust is able to and does sell a binder in Germany about 25 per cent cheaper than it sells the same machine in America. The steel trust does business along the same line. So do other manufacturing concerns similarly protected.

Congressman Dingley said himself that he had placed many of the schedules too high in order to allow for reciprocity treaties. When the author of the bill admits that it was drawn with a view to modification what presumption on the part of so called stand paters to hold it up as a model of perfection. When it is apparent that this law is adding millions to the coffers of the millionaires at the expense of a large part of our population who, but a confederated of these protected trust magnates, will say that the time for revision has not come. These big manipulators grow fat on the ignorance of the people. Let us hope the day of enlightenment is now

OREGON'S PRIDE.

Thirty States were represented at the meeting of the National Irrigation Congress at Boise, Idaho, and the Presidency of the Congress came to Oregon's Governor. Governor Chamberlain is not only a big man in Oregon but he is evidently forging into National prominence. Were the geographical arrangement just right it is highly probable that Mr. Chamherlain would be the next Democratic nominee for the Vice-Presidency. There are few, if any, abler campaign speakers in the Country. Combined with his winning oratory the Governor has the characteristics of true states manship. Bryan and Chamberlain would make one of the strongest,

NEW DEAL FOR FOREIGN BORN.

Would-be Citizens Must Hereafter Proceed In Circuit Court.

Restrictions have been placed on the national laws governing admission to citizenship and the last session of congress amended the statutes taking the matter out of the hands of county judges throughout the whole United

There was a complaint in Washington that many county judges had been altogether too lenient, and that persons were granted final citizenship papers who were not really entitled to receive them. Uncle Sam may not be very particular in this respect, but he resented this triffing with the eagle bird and his law makers passed a measure that makes the Circuit Judges in each state the sole judges of who shall and who shall not become citizens of the Republic.

Citizens of other countries may declare their intention to become citizens of the United States before the county clerk, as formerly, but final papers must be executed before the Circuit Judge. The new law goes into effect September 22, 1906, All blanks are furnished from the Government printing office and county clerks will receive half of the fees for the

issuance of final papers. August Funk, of Redland, and Theodore C. Deitze, of New Era, both natives of Germany were granted final citizenship papers in the county court Saturday. H. Opperman, of this city, also a native of Germany declared his intention of becoming a citizen of the United States.

Mr. and Mrs. W. W. Everhart were in the city Monday from Molalla. He has leased the farm of the late John R. Shaver.

Dr. Pierce's Favorite Prescription

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so instinately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or school room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitatility, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of

tion, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstituate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "Favorite Prescription" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.
