

NEWS OF THE COUNTY

MOLALLA.

Another refreshing shower Sunday night.

The public square and south avenue have recently been graveled.

Lumber for the new sidewalk has been ordered.

Fred Schafer has recently had two offers from parties who want to buy his sawmill and timber. Fred has a good property and is not very anxious to sell.

Otis Engle came home sick last Friday with symptoms of typhoid fever.

Wm. Steninger and Ben Harless are still logging for the Prairie Sawmill.

Miss Vira Kayler and Myrtle Lay go to Corvallis this week to attend the O. A. C. Success to the girls.

Miss Hallie Thomas will be a student of the Woodburn high school this season.

The Russellville correspondent should have attended the entire session of the wolf meeting and the assertion relative to the "coyote pup industry" would have been treated as premature, as the Club's by laws were adopted subject to amendments two weeks later. Any one now lawfully "releasing the treasury" will be carrying out the will of the organization, so send in the results of the six dens of coyotes before they grow older and get \$3 a head for the puppies instead of the \$15.

Dr. Powell was called to the Upper Sawmill Sunday to attend the sick wife of the foreman, Mr. Russell.

Mr. Byland, of Coburg, has taken possession of the teasel farm owned by A. S. Roberts. E. Lehman has moved up to his sawmill property at Round Prairie.

Several of our girls and boys have gone to Hood River to pack apples.

Mackburg correspondent seems to be getting a little jealous of Molalla lately. He says that "Mackburg exports more to the square mile than Molalla does". Molalla used to export, but now she consumes and sells on foot the cattle of a thousand hills. We know that Mackburg is all right for the simple reason that she is situated so near Molalla and used to be familiarly known as Lower Molalla. We hope to see the day when our lower sister town will produce double her present exports.

Our railroad has been held up by two freeholders on the mammoth curve and a move is now being made to have a cut-off survey made, which will shorten the previous survey about two miles.

Two autos came out here Saturday from Portland, one an 18 member carry all, went back, as one of our well to do farmers said, on meeting it on the way and being much occupied in pacifying his team, "leaving a streak of dust a mile long."

BEAVER CREEK.

Beaver Creek school commenced Monday, October 1, with Mr. Trullinger, of Molalla, as teacher.

Mr. and Mrs. J. S. Jones and children, of Ilwaco, are visiting on their farm for several weeks.

August Blum is improving his place by having his house and barn painted.

Fred Kamrath and Staben Bros. hauled their hops to town last week.

J. Heft has gone to St. Johns to work.

Emerson Spatz left for Spokane last week.

Miss Agnes Kushing, who was visiting Lena Studeman for several months, has returned to her home in Portland.

The Shannon brothers were busy baling hay last week.

Born, to Mr. and Mrs. Henry Steiner, Thursday, Sept. 27, a son.

Henry Henriel, who was baling hay all summer, will finish for the season next week.

Joe Fisher and wife are getting ready to leave for Eastern Oregon to live on their claim.

Mrs. Henry Hughes left for Cathlamet Saturday to visit her son and his family, William Phelps.

The German Congregational Church will celebrate their mission services next Sunday, October 7. Everybody is welcome.

RUSSELLVILLE.

We are in the midst of fine weather. Hop-pickers are fast returning from the hop fields. The people of this country brought about a thousand dollars back with them.

We mentioned Mr. Backner's narrow escape from being bitten by a deer last week. Scott Carter was going to Wilhoit yesterday and two deer came in his immediate presence, armed with dangerous looking horns. Carter knowing it was useless to run and as he could not fly or climb, he concluded to fight and after a short

encounter he overcame both of them. So he is now feasting on venison broth.

Charles Peiky, after receiving \$15 for his wolf scalp, thought he would catch another, so in a few days he visited his trap and on his approach found that the trap had caught one of Mr. Carter's hogs. That was a catch but no money in it. The \$15 creates quite a stir among the sportsmen of Molalla.

Mr. Cramer of this place is going to leave us for a while.

Some of Russellville's pickers made five dollars a day in the hop yards, the days work being 20 baskets.

HIGHLAND.

Jack Ringo and family passed through here en route to Eastern Oregon.

Eddy McIntyre received a painful bruise on his foot, while logging at Cummings sawmill, which will lay him up for some time.

Mr. Barrett tried to get a burn on his 40 acre slashing, but had very poor success.

John Wallace has taken a contract to fence 80 acres with barb wire for J. Barrett.

Orlando Fellows evidently intends to farm on a scientific plan by the looks of his new drill and harrows and other equipment.

What may be next as the summer vacation is over for the forest rangers and the salary of \$600 is at an end. Cannot something be devised for these long months to come?

Mrs. Samuel Danlap has departed for parts unknown, taking her own family with her.

ELWOOD.

Lewis Valen lost a valuable horse.

Cora Cox has gone to Kingsley.

Milla Cox has returned home from a visit.

Frank Bittner has gone to visit his sister at Astoria.

School commenced today with Miss Joseph as the teacher.

STAFFORD.

The Setge family are all improving and out of danger at present. The father is able to be up most of the time and three of the children are able to sit up in bed. The other is unable to help himself as yet.

Clover seed is generally threshed, with a fair yield. Sharp's machine threshed on the Gage place and neighbors hauled it in. They got through in time to avoid the rain of Tuesday morning.

Some few small potatoes are still out.

Mrs. Mary Williams, of Glencoe, was visiting her sister, Mrs. C. Polivka last week.

CLACKAMAS.

The Ladies Aid Society of the Congregational Church give a social and entertainment in the Odd Fellows Hall Friday evening, October 5.

Mrs. A. O. Hayward has gone to Seattle to visit her aunt, Mrs. Mary Callahan.

The Mothers' Club gave a reception to the teachers at the home of Rev. and Mrs. Moore.

E. C. Chapman has gone to Seattle to visit his brother, W. L. Chapman.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Fred Brase has returned home but is still under the doctor's care. He is improving under Dr. Strickland's care.

Mr. and Mrs. Paul Stutzke have moved to their new home in Portland. They intend to rent the place here.

Mr. Latham has greatly improved his place with a new windmill, sidewalks and windows.

Mr. and Mrs. S. E. Holcomb were out visiting relatives here and in Parkplace Sunday.

MAPLE LANE.

The election at our Sunday school last Sunday was as follows: Mr. Beidleman, Supt.; Mr. Vanhoye, Asst. Supt.; Blanche Mantz, Treas.; Lyman Derrick, Sec.; Mr. Parker,

with her husband and two sons to the home she now leaves. She was the mother of two sons and one daughter, the daughter having died years ago in Yamhill County, Oregon. Three little grand daughters are the only grand children left, those of Mr. and Mrs. Chauncey Calkins, who lived near their grand mother. The funeral was at Pleasant Hill Cemetery, September 28, and was largely attended by friends and relatives.

Harrison Lichtenthaler is still quite ill of stomach trouble, as also is Nels McConnel, who is suffering with dropsy.

Hops are all in and the pickers have returned to their homes, pockets well filled.

BUENA VISTA.

Mr. and Mrs. E. Hitchman and family from Beaver Creek are occupying the Crowley residence on McLaughlin Ave. and Division street. Mr. Hitchman is a carpenter and painter by trade and will receive good support here.

Mr. and Mrs. Lowery and family are moving from the Her place and

have taken up their temporary residence with Mr. Bellmore while Mr. Lowery is looking around for a farm to locate.

Mrs. Clark, the mother of Tommy Lovelace, is the guest of Mr. and Mrs. Jones. Mrs. Clark has a number of friends in this neighborhood and on the Abernathy.

Mr. and Mrs. Watson have moved to the Charles property, recently purchased by them.

Mr. and Mrs. January have recently bought a nice piano for their daughter Gladys, they have also added a nice horse and rubber tired buggy to their household property.

Max Huss is fencing his place and will soon have it enclosed.

Mrs. Carrie Ridings and daughter Ona of Marquam are visiting her sisters at this place for a couple of days.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and injuries before inflammation sets in they may be healed without mutilation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, and mention the inconvenience and suffering such injuries entail. For sale by Huntley Bros. Co., Oregon City and Molalla.
