

NEWS OF THE COUNTY

MOLALLA.

All kinds of weather these days. Last Friday was turkey day at Robins Brothers.

Isaac Gibson now a resident of Portland, has been out visiting with Molalla relatives and friends.

D. C. Byles has returned from Baker City, or rather the Hot Springs, where he has been staying for several months regaining his health. We are pleased to see him looking so well.

Geo. H. Gregory is up and about again after quite a serious spell of sickness. He is going to be conserved by moving slowly for a time. Says it is a bilious attack, and would not trouble him self much to meet "jillions" for a while.

Last Thursday Vaughn Brother's hounds chased a coyote through the foot hills to Butte Creek and came up against a wire fence and could not get through. The coyote got somewhere and the dogs were tied up awaiting for their master.

Sunday the eight Kentucky dogs were running a coyote all day in Rock Creek basin and adjoining hills. Coyote made use of the cunning instinct peculiar to his canine species by mixing himself up with a lot of goats, but that proved the death of Mr. Wolf, as the owner of the goats was on guard and shot him. When these dogs line out on track of a wolf, if he fails to make for the mountains his hours are numbered.

Mrs. Grill and Mrs. Welsh, of Oregon City, were out here last week conducting health lectures in the interest of ladies only. It is said that the audience was hired at the rate of five cents a head.

The Star recently said something like this: "Isn't it funny that this country has to be saved every year? Yes, isn't it odd this country is saved every year amidst all the corruption in the high and low governments?"

Basal Creek people will meet on Thursday, put their dinners together under one sprad and enjoy a real good Oregonian social time amidst a program rendered by the young generation.

South Clackamas County Bounty Club has ninety members now. The first dollar membership fee paid for the scalp of eleven wild animals or about nine cents each. If everybody at all interested in stock, poultry and game birds, would fall in line, each animal scalp would only cost a few cents each. Just think of one dollar paying for the killing of twenty or thirty wild animals that are continually preying on the income of the farm stock, more or less—co-operation through the territory will work wonders. J. C. Marquam will cheerfully take you on the membership roll of the Bounty Club for the southern part of the county. O. E. Gorbett will also take your name and dollar for the eastern section, while Eugene Mills will more than meet you half way in explaining the plan of the club to the western division from Needy to Pudding River and anybody else who will take an interest in securing members may volunteer their service and good will to the association and commonwealth by applying for membership. The government will help those that will try to help themselves; we hope by cause of our association to demonstration simple facts of co-operation in destroying wild animals, thus enabling us to be in a position to ask the government to come to our aid and assistance in the good work by paying a bounty on what would be termed the mountain animals that are destroying more game than the hunter. Thus the South Clackamas County Bounty Club will work an influence beyond its own local interest.

ABOUT COUGHS

Some Reliable Local Advice

"As these troubles are easily controlled if the right means is taken to cure them, we want to say to the people of Oregon City that we guarantee our cod liver preparation, Vinol, will cure hanging-on colds, stubborn coughs, bronchial and lung troubles quicker than any preparation we have ever sold.

"This is because Vinol contains no oil or grease to clog the system and upset the stomach, yet it does contain every one of the fifty odd medicinal curative elements actually taken from fresh cod's livers, with tonic iron added. Vinol is not a patent medicine; and you know what you are taking, so without reservation we recommend Vinol to cure coughs, colds, bronchial troubles, increase the appetite, build up the rundown, tired and debilitated, and create strength and renewed vitality for the aged.

"If Vinol fails to do what we say we will refund every dollar paid for it." Huntley Bros. Co., Druggists.

Note—While we are sole agents for Vinol in Oregon City, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

HIGHLAND.

The town of Highland is born! that no other neighboring town shall outstrip her in public improvements. Hundreds of dollars are being worked out in subscription on the public roads, and the prospect of a \$1200 church is very encouraging.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists at fifty-cent and one-dollar size bottles.

You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Birmingham, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

When any man comes to you, our Justice, with a complaint, just make them put up a bond for costs, and see if that does not "butout" all this little spitwork.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.
