### TELEPHONES COST MONEY

Improvements In Service Demand Expenditure of \$20,000.

The magnitude of the work of the Pacific States Telephone & Telegraph Company in this city is such that it is of necessity progressing slowly and it is unlikely that the new apparatus will be in use before the new year. Workmen are now engaged in installing new switchboards in the building adjoining the Commercial Bank. This board will have space for five operators at one time, two for long distance service and three for local. Thousands of wires connect these boards and the task of changing from the present quarters in the Willamette Block is no small one.

The new office of the company will be partitioned for the use of the various departments. The operating room will be shut off, and Miss Lee Draper, the local agent, will have an office in the front of the building. There will be a separate office from the wire chief, a dressing and cloak room for the operators and other necessary divisions. The dry battery system will be abolished and the instruments will be fed by wet batteries from the main office, and the size of the instruments will be diminutive, compared with the phones now in use. Operators will be notified of central calls by tiny electric light and other lights on the board will show when lines are in trouble. When the system is complete it will no longer be necessary for subscribers to ring a bell to call central, but connection with the main office may be secured simply by removing the receiver from the hook. The changes that the company have in contemplation will be made at a cost of about \$20,000, and this amount does not include a great deal of outside work.

### MARRIAGES BY MAIL.

Albert J. Califf, of Estacada, Has Been There Before and He Knew.

County Clerk F. W. Greenman does not make a practice of issuing marriage licenses by mail, but Monday he departed from the usual custom and Cupid traveled from Estacada to this city with wings outspread. When the office opened for business Monday morning there appeared at the clerk's desk Mr. Albert J. Califf, of Estacada, who asked for a license to wed Mrs. Julia Marshall. He had no witness with him to make an affidavit as to the necessary ages and qualifications of either himself or his intended and his request was refused. Califf tried to argue the matter, stating that he had been married twice in the East, but Mr. Greenman has gone up against such things before and could not be persuaded. Finally the clerk gave him a license in blank, leaving a place for the name of the witness, and Mr. Califf departed for home. Tuesday morning Mr. Greenman received the license properly witnessed and attested before W. A. Heylman, a

### CURED TO STAY CURED.

How an Oregon Citizen Found Complete Freedom from Kidney Troubles.

If you suffer from backache— From urinary disorders— From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures. Oregon people testify.

Here's one case of it: David Campbell, baker, at 221 North Seventeenth St., and living at 170 North Eighteenth St., Portland, Ore., says: "Every word of the statement I made in Feb. 1903, concerning Doan's Kidney Pills is not only true but having since been free from kidney trouble, I am glad to state that my faith in Doan's Kidney Pills is stronger than ever. It is now five or six years since I began to suffer with a lame and aching back. It was so bad that I could not stand the pain when bending forward or straightening. I tried various remedies and began doctors' treatment but whatever relief I found was only temporary, and often I could not get any relief at all. Having read in my home paper from England that Doan's Kidney Pills were strongly recommended for such troubles I got a supply at a local drug store. The first box helped me so that I kept on with the treatment and when I had taken about four boxes not a trace of the trouble remained and I have had no recurrence since. I have told these facts in a testimonial published in 1903, and am glad of the opportunity now to corroborate it."

Plenty more proof like this from Oregon City people. Call at Huntley Bros. drug store and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
