The Garfield Grange met Saturday with a large attendance, many important topics were discussed and a very interesting program was rendered under the supervision of our Worthy Lecturer, F. M. Gill.

Coyd Looney fell from a load of wood Friday, but escaped with a few

NEGLECTED COLDS THREATEN LIFE.

(From the Chicago Tribune.) " 'Don't trifle with a cold,' is good advice for prudent men and women It may be vital in the case of a child. Proper food, good ventilation, and dry. warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring. the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diptheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the step should be towards the treatment of cold slight or severe, the very best these important organs. This unpleasant treatment that can be adopted is to trouble is due to a diseased condition of give Chamberlain's Cough Remedy. It the kidneys and bladder and not to a is safe and sure. The great popular habit as most people suppose. ity and immense sale of this preparation has been attained by its remarkis given. For sale by Huntley Bros. Oregon City and Mollala.

LIBERAL.

Farmers are glad the freeze is over. learly everyone lost potatoes and grass is a thing of the past. freeze has burt the clover fields, but if we have a favorable season, look out-for a bumper crop. Stock went
