

## NEWS OF THE COUNTY

## MOLALLA.

There is plenty of frost these nights, with indications of an East wind for a while.

Molalla Grange No. 310, held a lively meeting last Saturday. All members are asked to take notice of the special meeting on Friday, March 15th, at 10:30 a. m.

The cougar that has been defying dogs and men to molest it for several years was captured last Friday by J. F. Jones and Orland Thomas one mile east of Oldfield's. Not however, until he had killed two dogs and mortally wounded another.

When Jones bulldog got on the cougar's back he took a tree where Thomas gave the ugly beast the death shot. The cougar was fat and heavy for that kind of an animal. Jones and Thomas, who live at Scott's Mills, brought the cougar here Saturday when F. C. Perry took a picture of the wild beast that will never again eat venison, stand human hair on end, or tear dogs into sausage meat.

Mr. Trullinger is again hammering iron at the old stand, having somewhat recovered from the severe trouble with his arm.

Now that Oregon City has declared its intention of building a railroad to Molalla providing the right of way can be had, surely any land owner along the proposed route will do his part. Providing that the proposed railroad will be guaranteed to Molalla by a specified time.

## FARMERS!

If you wish to sell out this year list your land before the colonist rates from the East begin. Then there will be a big rush and a big demand for farms. Don't leave your property in the hands of one agent; he may keep you waiting always and never get you a buyer. List your property with me. I don't wait for buyers to come in I go after them. I spend lots of money advertising and that's the reason I am making a success of the real estate business—I'm not afraid to spend a dollar to make a sale for you. If you can't call at my office in Canby write me a letter, giving description, price and terms. I will do the rest. Don't forget that I sell timber lands no matter where they are located.

What is considered one of the most valuable farms in Clackamas county changed hands yesterday when Thomas B. Killin sold to Willis Brown his 173-acre farm four miles from Hubbard for a cash consideration of \$9000.

Willis is a commissioner and is in Oregon City attending the session of the county court. Brown comes here from the state of Washington.

The farm is noted all over the county for the not only fine land it contains, but for the manner in which the house and grounds have been kept up. The house is a fine structure, and the large lawn surrounding it is kept in as good condition as any city place. Killin, beside the usual product of the farm, raised hops, and it is said the possibilities of the farm for raising hops is what attracted the Washington man.

"Mary, I saw the milkman kiss you this morning. In the future I will take in the milk myself."

"It won't be no good, mum. He's promised not to kiss anybody but me."

## The Farmers Mutual F. R. A. of Portland Oregon

(Incorporated 1904.)

The advantages of this Association compared with other of a similar character, are

1. We do not insure in the cities, and can therefore not be affected by large conflagrations.

2. We insure only good farm buildings and pass by old shacks and houses with steeples through the roof.

3. Our assessments can only be used to pay losses and not for expenses.

4. We insure no business property, no stores, no factories, no saloons, no hop houses or fruit driers.

5. We take care not to overinsure, sticking to the two-thirds of the value clause.

6. Our meetings are held in the city of Portland, the business center of the state, where members can easily attend and keep the institution under control, so that it shall never become a graft of a few.

Thus far we never had more than a single assessment of 10 cts. per \$11 on just class in any one year and by careful and honest management we hope to continue to march in the front rank of all similar institutions, both as to cheapness and safety. If you wish to join and there is no local agent in your vicinity, send your name and address to
