Thousands Have Kidney Trouble and Never Suspect it.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; if the sediment settles at the bottom, it indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is no secret in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail, addressed to Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Don't leave your property in the hands of one agent; he may keep you waiting always and never get you a buyer. List your property with me. I don't wait for buyers to come in I go after them. I spend lots of money advertising and that's the reason I am making a success of the real estate business—I'm not afraid to spend a dollar to make a sale for you. If you can't call at my office in Canby write me a letter, giving description, price and terms. I will do the rest. Don't forget that I sell timber lands no matter where they are located.
