Smoker of Military Men.

A goodly number of military men were present Tuesday night at the smoker given in Armory Hall. Cigars and sandwiches were there aplenty and the boys had an informal good time. Examinations are being held daily for enlistment in the ranks of the new company of infantry that will be formed and about 20 men have already passed the examinations. As soon as the requisite number of men have been secured the organization will be effected.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 150 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by Huntley Bros. Company, Oregon City and Molalla.

Hurt in Woolen Mill.

Hugh George, an unmarried man about 40 years of age, who came here one week ago, lost three fingers and a portion of the second finger of his left hand Tuesday while working in the pulley room of the Oregon City Manufacturing Company. George was pulling wool and one of the pieces slipped. In trying to grasp it, his hand was pushed against the saw.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure. Then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and feel like a new man. It has done me \$1000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Howell & Jones.

A Paint Fact

One point in regard to paints should never be overlooked. It is that the real cost of paint is never determined by the original cost per gallon, or even by the labor of putting it on, but instead by the length of time it will wear. A paint that lasts six years costs you practically half as much as that which will last but three years.

The Sherwin Williams Paints

which we handle are the most economical from every point of view. The cost per gallon is as low as any high grade paint can be had for. The covering qualities are unusual and the paints are guaranteed to wear for five years, and as a matter of fact could just as well be guaranteed for longer, because they are of remarkable durability.

If you have any job of painting in mind drop in and let us give you some additional information in regard to this line of goods

THE PHONOGRAPH
