OUR BOARD OF TRADE.

The Oregon City Board of Trade is a decidedly unpopular organization just now and it is probably deserving of all that people have to say of it Its record for a year is apparently barren of results. It has not to its credit even honest endeavor. About two years ago it had published a creditable booklet descriptive of Clackamas County and giving very complete information as to the resources of the locality. The bulk of these booklets lie in an out-of-the-way place gather-ing dust. Proper activity would have had them distributed within four or six months after they were issued.

Similar inactivity has characterized the Board in its undertaking to secure a freight depot on the Southern Pa- ink simply because they did not know cific, in its effort to secure a public how to use typewriters. THE PORTLAND ELECTION.

The Portland city election is another step toward the eradication of meaningless party lines. That there was an exercise of mental weighing and thoughtful selection in the vote for mayor cannot be doubted even though there be a dispute as to whether the result arrived at was for the best interests of Portland. And elections will not be seriously disappointing to the better class of citizens when electors deposit their ballots after a serious consideration of the situation. The discouraging feature of elections in former years has been the fact nomination on a ticket, regardless of fitness or qualification, meant election. In the recent Portland municipal election the electors of that city approved their present administration and they had the courage and the energy to get out and publicly endorse it. This victory would not have been a possibility in the "stick to your par-

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp ! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.
