This Is Worth Saving.
The following simple home-made mixture is said to relieve any form of Rheumatism or backache, also cleanse and strengthen the kidneys and bladder, overcoming all urinary disorders, if taken before the stage of Bright's disease: Fluid extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well known authority states that these ingredients are mainly of vegetable extraction, and harmless to use, and can be obtained at small cost from any good prescription pharmacy. Those who think they have kidney trouble or suffer with lame back or weak bladder or Rheumatism, should give this prescription a trial, as no harm can possibly follow its use, and it is said to do wonders for some people.

An Entertainment was given Saturday evening by the Oswego Band. A fine program was rendered after which, a chicken supper was served. The proceeds are to go for the benefit of the Band.

The Cause of Many Sudden Deaths.
There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys become clogged with acid, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHAMPIONS
Champions in the Meadow and Grain Fields
THE CHAMPION MOWER
The Celebrated Draw Cut Machine
Not mere Champion in name, but Champion in fact. The draw bar draws the bar—no push. It increases the tendency of the machine to stick to the ground, giving more traction and more cutting power. You can prove it in this way. Drive the bar of a Champion Draw Cut into a post or tree—it will pull the wheels into the ground. Give a push cut mower the same test, it will have a tendency to lift the wheels from the ground. When the wheels are off the ground they can't leave the knife, hence everything that tends to lift the wheels from the ground, tends to decrease the cutting power of the machine and makes it more liable to choke. The Champion is the strongest, most powerful and cleanest cutter in the trade.
