At a meeting of the Milwaukie Grange, Patron of Husbandry, Saturday, T. H. Sellwood talked on the verdict of guilty in the case of Mayor Schmitz.

"This verdict, in my judgment, will be approved by the American people, and it ought to be approved. That a verdict of guilty could be obtained in this case against the chief official of San Francisco is a triumph of justice that will cause a thrill of satisfaction to every lover of country. This man was entrenched in a high place and thought the law was not made to reach him, but was made for the poor criminal. For once, he was mistaken.

"This verdict means a great deal to this country. It is a most healthy indication of the drift of public sentiment, of a demand for honesty on the part of public officials of this country. There has been too much corruption in our midst. Indeed, they had become so thoroughly corrupt that the masses had lost hope that they could ever be purified, but this verdict of guilty for this public criminal will be received as a hopeful indication to the people, as well as a warning, that corruption in our municipalities must cease."

DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Our hop yards are not up to the standard this year, and as prices are very low our hop men will do just as little work in them as possible.

Russellville. Once more we are greeted with good weather. Crops are taking up the moisture. We are expecting some good grain. School closed on the 14th with a crowded house. A fine program was rendered by the pupils. No chance for a failure with Miss Oberst for teacher. T. B. Trullinger has a fine crop of strawberries, which he can sell as fast as they can ripen. We, the citizens, are wanting the court to order the opening of our road to the Lehman mill. At this time the road is very rough and is grown up with brush. Some of our neighbors are seeking for cherries to sharpen their appetites in winter months. Three young men of Portland recently forced an entrance into the upper school house, doing some damage. They were fined three dollars and no doubt had it not been for a well framed story it would have cost them more. Different times shots, have been fired through the windows and the stove fire. As they passed through our country they seemed to be very jubilant. We are in hopes people will learn to behave themselves when away from home.

Struck by Car at Milwaukie Heights. Mrs. Hart, of Milwaukie Heights, was struck by a passenger car of the Oregon Water Power & Railway Company, near Center Tuesday and was severely injured. While no bones were broken, it is feared she may have sustained internal injuries, and she was taken to her home nearby. Mrs. Hart is interested in gathering pebbles and she was walking across the track about 8 o'clock, carrying a pail of milk, when the car from Portland, in charge of Conductor Miller and Motorman KleinSmith, came slowly down the track. The motorman saw Mrs. Hart and gave the alarm, but the woman evidently did not hear or was absorbed and was struck by the car.

GORDON GIVES WOMAN \$6000 Troubles of Lumberman and His Female Friend Are Ended.

The troubles of Edward Sam Gordon and Bertha Rita Lurch are probably at an end as Sam Gordon and the woman settled their affairs out of court Saturday and parted. Mrs. Gordon, as she calls herself, will receive about \$6000 worth of Gordon's property. Gordon, who owns valuable timber in Coos County, several weeks ago filed a suit against the woman alleging that she prevented him from making certain financial deals, and that her claim that she married him in Vancouver was false, and that another man impersonated him. Only a few days ago the couple were arrested and landed in the city jail at Portland, after making a disturbance in a hotel. Saturday morning the case was called before Judge McBride, and was preceded by a breezy interview between the woman and Gordon in the law office of Dimick & Dimick, who appears for Mrs. Gordon. The plaintiff slapped his alleged wife in the face and as this story came in court he was severely lectured by Judge McBride. Late Saturday afternoon the two warring interests arrived at an understanding and Gordon withdrew the suit. Immediately after Mrs. Gordon, through her attorney, E. B. Seabrook, filed a suit for divorce against Gordon, and by previous agreement the suit was not contested and the divorce was granted.

Tetter Cured. A lady customer of ours had suffered with tetter for two or three years. It had got so bad on her hands that she could not attend to her household duties. Chamberlain's medicines are for sale by Huntley Bros., Oregon City and Molalla.

RURAL CARRIERS MEET. Business Matters Discussed and the Postmen Eat Ice Cream.

The Rural Mail Carriers of Clackamas County met Saturday evening. In addition to the Oregon City carriers Joseph L. Udell of Mulino and Frank Knoll of Clackamas were present. After the order of business was gone through, ice cream was served. No time or location was set for the next meeting. Some of the questions discussed were what is the best kind of conveyance for a rural mail carrier. Some think three small horses best and drive them double and change every day. Others thought two large horses and drive them single and change every day.

Remarkable Rescue. That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn. The residence of C. V. Pepper. He writes: "I was in bed entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly; and in three weeks I was able to go to work." Guaranteed for coughs and colds, 50c. and \$1.00, at Howell & Jones' drug store. Trial bottle free.
