

NEWS OF THE COUNTY

New Era.

Carl Burgoine was home on a visit Sunday, having been as far south as Roseburg on the pile driver.

Wm. Gieseler, of Oregon City, was visiting friends here Sunday.

Mr. Slaughter, formerly of Molalla, has moved into the Wittenberg house on the hill. Mrs. Slaughter has accepted the position of chief cook at the hotel during camp meeting, which is an assurance that the inner man will be well provided for.

Haymaking seems to be the order of the day.

Mrs. Prior will be one of the principal speakers at the Spiritualist campmeeting this year. Mrs. Prior took an active part in the camp here six years ago.

Tom Kelland had a horse stolen from his pasture on Tuesday night of last week, and with the aid of the officers and so many telephone lines throughout the country, no trace of the horse has as yet been discovered.

Ruby says she is awfully lonesome since her grandmother left for Montana.

Willie Stahley was in Port land Sunday and witnessed the big fire.

Frank McArthur went to Canby on Wednesday and purchased a sulky hay rake from Mr. Kocher.

Colton.

H. Gordon, and wife, spent a few days in Cazadero last week.

Mrs. Robinson, who has been ill for the last two years, died Tuesday June 25, and was buried Thursday. Quite a large crowd attended her funeral.

George Keller, who has lived at Aurora for two years, has moved back to his old home in Dodge. He thinks there is no place like home.

Mr. and Mrs. Carl Stronggreen were at Oregon City Monday.

The farmers who had their hay cut the second of July made long faces and ran into the house, as we had a pretty heavy thunder shower.

Russellville.

We have lately had some fine rain, which did much good for all growing crops.

Wesley Riggs, of Canby, has bought a piece of land on the South fork of Coal Creek, where he intends to keep goats.

Three of our pupils took the eighth grade examination and all passed. They were: Miss Orla Boyles, Miss Bertha Newton, and Miss Bulah Ramsey, all promising young ladies.

Mr. Wingfield made a flying trip to Canby a few days ago. While there he bought a sickle grinder, to hasten the mowing work and also to help the team.

Canby market is still flourishing. Merchants are anxious to see people coming into their town.

Mrs. Noblett and Miss Engle started to Oregon City Monday, and when they had proceeded about two miles they came near a steam woodsaw.

The horse became frightened, reared and plunged. The women became frightened, but they succeeded in unhitching and after a while they hitched and went home.

Haymaking will commence immediately after the Fourth as settled weather is almost certain after that time.

Stafford.

Most of us are preparing to go some where on the Fourth. Some will go to Oregon City; some to Portland, and others to Tualatin or Wilsonville, and the fire-crackers already have begun to pop. What would the Fourth be to the average small boy or American without noise? It is a joyful day we commemorate, and we feel like shouting, throwing up our hats, and burning lots of powder, and none but a nervous wreck, who ought to be made to flee to the woods and climb a tree, would object.

Mr. Pomperine broke his wrist last week.

Mr. and Mrs. Powell were called to the bedside of her mother, who had a paralytic stroke.

Mr. Waehle has returned from Pasadena, California.

Mr. Gebhardt has gone to the hot springs in Washington, for his health. The rains have had him put a stop to hauling hay.

W. Douglas helped Mr. Keith put in his potatoes.

Dr. Rowland and Rev. McPherson took dinner with J. W. Exon's family Monday.

Morbury.

Fire! Fire! Is the cry at the little settlement now. Last week Mr. Stafford set fire to some brush to clean out for building his house, but when the necessary clearing was done the fire kept on in fierce chase of saw logs and dead brush. All houses and tents were in great danger of consumption, but by noble efforts on the part of the men and some ladies, the deadly flames were kept back.

Gotberg Bros. are making the logs scarce.

Grandpa Hamilton has lately purchased a large bull-dog to watch his abode.

Mrs. Stafford and sister, Mrs. Bur-

ley, are contemplating the organization of a Sunday School for children in and near Morbury. It ought to be encouraged.

The Clarkes Church will be dedicated August 1.

Charles Mochenke sold his phone right to Mr. Stoub, who is now a member of division eight.

Molalla.

Fourth of July to Courier and staff. Not so much demand for ice this week, let no one get into the "cooler," Thursday.

The Molalla Band will toot at Oregon City on the Fourth.

B. T. Harless has had the typhoid fever for two weeks.

J. R. Cole's new barn is nearing completion.

Fred Schafer expects to have his new "donkey" at work in the timber this week. Rex Lewis, "driver" of the old "donkey", is getting her fixed up to stand alone on the Fourth, or to outdo the new one.

The recent rain has retarded hay making, been beneficial in setting the dust and adding the growth of vegetation. We hope for more rain while it is coming.

C. H. B. Thomas and wife will go to Walstburg, Wash., after the Fourth to operate a cook wagon during harvest time.

Had the Molalla man not been afflicted with rheumatism in his right "harm", it would have taken several more Oregon City men to have marched him of jail, as he meels and acts rather "hyas scookum" when fire "chuck" mlataws chuck, chuck, down his neck. It seems as though he was getting ready for the Sunday closing, by taking on board a liberal supply.

Logan.

The children's day picnic under the management of Harding Grange, on June 29, was a successful and enjoyable affair. It rained on the previous day and it was thought the exercises would have to be held in the hall, but the weather turned out pleasant and everybody had a good time. Mahala Gill had prepared an excellent programme, which the little folks carried through successfully. Netta Gerber presided at the organ. Two entertaining young Loganites, Ernest Gerber and Harry Babler, had a stand and furnished refreshments. With swinging, boat riding, ice cream, etc., the day passed quickly, and all went home voting Kirehem's picnic ground on the Clackamas a fine place for an outing.

Several got hay caught out in the rain, and perhaps regret not taking the old advice, "wait 'til after the Fourth."

Mr. and Mrs. O. E. Freytag and family have been visiting at Fred Gerber's.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes the unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, without free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; if sediment or stringy matter indicates unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

In the evening the Oswego, Oregon City and Molalla Bands gave concerts in the park and streets and the music yesterday was plentiful and satisfactory. The musicians lost no time and entertained thousands of people during the day and evening. The display of fireworks from the east bank of the river, north of the suspension bridge, took place at 9 o'clock, and the illumination was fine, and was witnessed by throngs along the McLaughlin Promenade and other good view points. The grand ball of Co. G, Oregon National Guard, in the Armory last night was well attended and dancing was indulged in until a late hour. The presence of the Goddess of Liberty and her maids of honor, graced the occasion and the music was furnished by Parsons' orchestra.

There are a tired lot of people in Oregon City today, none more so than the committees who worked steadily and harmoniously to make the celebration a success.

CATARRH CAN BE CURED.

Kill the Germs by Breathing Hyomei. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally think they cannot be cured, and become discouraged.

The reason they have failed of cure is because they have not treated the disease with the local remedy, Hyomei, which is breathed through a neat pocket inhaler so that its healing mercurial air reaches the most remote air cells, kills all catarrh germs and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

Catarrh is really a local disease and to cure it, it must be treated by a remedy which reaches every spot in the nose and throat where the disease germs lodge. Hyomei does this and gives relief from the first day's use. A complete Hyomei outfit costs but \$1.00 and Huntley Bros. Co. give a guarantee with every package to refund the money unless it cures.
