Harding Grange.

The July meeting on the 6th came in a very busy time and it was not expected that many could attend. The continued showery weather having just cleared up, the hay fields demand attention. There was enough members present to attend to considerable business and discuss many interesting questions. The piano and organ question coming up, it was decided by vote to buy an organ. The grange fair was talked up in all the details and arrangements were about completed to have it about the middle of October. Prizes will be given and everybody in the vicinity should prepare samples of everything they raise or make and try for the prizes. J. T. Apperson and Mr. Bill, of Parkdale, were present and the former gave some good advice about preparing samples for exhibit. Mr. Wilcox was also a visitor. "Should the Reading of the Declaration of Independence on the Fourth of July be discontinued?" was given a negative answer by the speakers. The sisters told of the best ways of canning fruit. Cooling drinks and proper diet for warm weather was well discussed but branched out over a wide field. Do not forget the fair. Prepare for it and make it a success.

Clackamas.

Grange No. 298, P. of H., held its regular day meeting July 6 in the new hall. The guiding stands in a pleasant grove of young firs, located west of the Congregational Church. The exterior is plain and unpretending. For neat finish and convenient arrangement the interior can hardly be improved. A jolly little party of Grangers sat down to dinner, and were entertained while eating by several selections rendered on the graphophone. Later the grange was opened in due form. Reports of committees showed that the order had financial matters well in hand, and its credit will stand good. During the lecture hour several questions pertaining to the good of the order were introduced and the discussion thereon was earnest and profitable. A motion was carried to turn the lecture hour of the next meeting, July 20, into a social time for the younger members of the Grange. Games and dancing will be the amusements. Saturday evening, July 13, ice cream will be on sale in the dining room of the hall.

Latham and Chandler are putting up a cottage on what is known as Railroad street. The property is

owned by Mrs. Miller, of Montavilla. A. Wold has moved his barn and is otherwise improving his place, bought last Spring of Charlie Natchand.

The little boy living with Marsh Frakes, got hurt in Oregon City the Fourth by having lumber fall on him, off of a wagon.

Mr. Baker, of Bonney & Baker, lost a horse on the Fourth.

At a special school meeting, July 8, the Lower Logan district levied a 1-2 mill tax for the purpose of having two teachers for a long term.

Fred Gerber, the road supervisor, has finished the work in his district and has made a good showing for the money expended.

Prepare samples of your grain, fruit, vegetables and almost any thing else raised or made on the farm, for the Grange fair in October. You may get a prize.

Liberal.

Farmers are busy haying and a few farmers start their binders this week on barley and fall rye. Corn looks good and promises a good crop. As a general rule grain is good and filling well. There will be a short wheat crop as very little was sown. Hay is not a heavy crop.

S. Wright made a business trip to Oregon City Monday.

A. B. Klise was laid to rest in the Adams cemetery Sunday. A large crowd paid the last tribute of respect to the dead. He was well known in this county, having lived here for nearly 40 years. His many friends will miss him. The fatal disease was pneumonia.

H. L. Barnes has a fine field of timothy hay.

CATARRH CAN BE CURED.

Kill the Germs by Breathing Hyo-mel. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally think they cannot be cured, and become discouraged.

The reason they have failed of cure is because they have not treated the disease with the local remedy, Hyo-mel, which is breathed through a neat pocket inhaler so that its healing medicated air reaches the most remote airways, kills all catarrh germs and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

Catarrh is really a local disease and to cure it, it must be treated by a remedy which reaches every spot in the nose and throat where the disease germs lodge. Hyo-mel does this and gives relief from the first day's use.

A complete Hyo-mel outfit costs but \$1.00 and Huntley Bros. Co. give a guarantee with every package to refund the money unless it cures.

Elwood.

The Fourth of July has passed, but not without notice.

Part of our people went to Colton to attend a picnic and a few went to other places, but a goodly number assembled together and had a picnic of their own. We felt we could enjoy ourselves better and render more honor to our forefathers, and give better things to God for giving us this country of ours by having a nice little picnic. We had the privilege of listening to an excellent program.

There were spoken patriotic pieces, and patriotic songs were sung. Every one was filled with patriotism and did their best to have a good time. Frank Baker had a stand and sold refreshments and fire crackers for the people and in the evening everyone raised a little sum for fireworks, and everyone went home feeling they had rendered honor to their forefathers in the best way possible.

The crops in Elwood are good. Everyone expects to have a good harvest.

Miss Zella Surus went to Butteville last week to visit her sister.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Redland.

The wedding of Miss Maude Stone and Daniel Mosher at the home of the bride's parents at this place, July 3, was one of the most unique affairs of recent years.

The bride, groom and clergyman were all at one and the same time, students in Willamette University. All were native born and their parents are among the early pioneers of the Willamette Valley.

The presents given were many, and of great value. Several of the invited guests and relatives left the choosing of articles to the bride and groom, and so gave instead currency or checks. One check consisted of \$100 upon one of our local banks.

The guests and relatives from a distance were: Mr. and Mrs. Barney, Mr. and Mrs. Newkirk and family, and Miss Irene Johnson, all of Portland; Charles Mosher, of Salem; Miss Christina Hamilton and Mrs. J. J. Patton and son, of Viola.

Miss Hamilton played the wedding march and Rev. Patton performed the ceremony. Mr. and Mrs. Mosher left on the evening train for Salem, where they will make their future home. Mr. Mosher is proprietor of a local tailor shop and the pressing parlors of our capital city.

The faces of these two young people will be much missed in our midst. Miss Stone had been one of the most successful school teachers ever in this place. Both had been prominent in social and religious circles, and until her marriage the bride was organist and teacher of the little girls' class in the Sunday School and Methodist Church of this place. Their many friends have only best wishes and high expectations for their future welfare.

to profitable farming is the Champion line of harvesting machines. Think of it! Champion machines have been made since 1849 and more have been sold every year since then until today farmers all over the world appreciate the merits of the Champion line. The New Champion binder, which we will gladly explain to you, illustrates Champion progress and how conscientiously Champion machines are built to satisfy the farmers. We handle, besides binders, Champion mowers, reapers, hay rakes, tedders, huskers and shredders, knife grinders and binder twine. July 14th will no doubt be a day long to be remembered by the people of Highland. At 11 A. M. Dr. B. F. Rowland will deliver the dedicatory address of the new Methodist Church at this place. The erection of this new house of worship was made possible by the persistent efforts of Rev. Patton, the pastor, and Capt. C. O. Branson, the evangelist, who held a series of meetings in this vicinity last October.

The services of Captain Branson were so highly appreciated that the new church will be dedicated to his memory, known as the Branson Memorial Church of Highland.
