

NEWS OF THE COUNTY

New Era.

Herman Burgoyne, of Portland, spent Wednesday of last week with his parents, of this city. He is a son of E. J. Brown and his 274-acre farm east of here and bought the Barney Friedrich farm south of town. Mr. Brown contemplates taking a trip East before taking possession of his new home. We are pleased to know that Mr. Brown will still be with us, but sorry to lose Mr. Friedrich and family, who will probably move to Liberal, where he owns a fine farm. The Spiritualist Association elected the following officers for the ensuing year at their meeting last Saturday: Wm. Dunton, of Molalla, president; Frank Dunton, of Molalla, secretary; and John Burgoyne, of New Era, treasurer.

Mrs. F. E. McArthur was on the sick list a few days last week.

Miss Laura Fisher, of White City, Kansas, visited Mr. and Mrs. Fred Chinn last week. They were old neighbors in the unfettered state of moving to Woodburn.

Two automobiles out of Saturday's parade fell by the wayside near here. Wallace Woodcock and Joe Seveik went up in the mountains last week and killed a fine five-point buck that dressed 170 pounds. It is needless to say that they are wearing a smile of content since.

Prof. Homer Martin and family, who have been traveling in Europe for the past year are visiting his parents, Mr. and Mrs. D. Martin, of Mt. Pleasant, this Summer.

Minnie Kyle, of Portland, is home again for a couple of weeks.

John Crader, formerly of this place, was shaking hands with old friends here Sunday. Mr. Crader is a railroad engineer in the yards at Portland.

The Southern Pacific Railroad is building a depot here to accommodate the travel and a place to keep freight under shelter.

Elmer Veto is painting the Grange hall inside and out.

Carl Burgoyne came down Saturday from Riddle, Ore., to attend the camping on its closing day returning Sunday evening.

Mrs. Kate Schaner, of Portland, and sister Emeline Stauber are visiting their parents here this week.

On Tuesday the thermometer registered 105 degrees; the hottest day in years.

Hay baling is the order of the day.

Springwater.

Thermometer 102 in the shade. It has been warm for a couple of days. Farmers are getting busy with hay and commenced cutting grain. Crops are about an average. One of the neighbors had fifteen cherries that weighed one pound, and another neighbor estimated 1200, or 1500 pounds on one tree.

The writer recently came from California and was on a local steamer the same night the Columbia went down, and passed the Columbia about 10 P. M., and we also passed a log raft that we came near running down, the fog was so dense.

Mrs. Hickman and daughter, Mina, from Portland, and Miss Ella Shibley from California are guests of the Shibleys.

The Misses Hargreaves, from Clackamas, are guests at Dr. Mollen's.

Mr. Moore is a guest at Ed Clossner's.

The Misses Ella and Francis Curdin are guests of the Lewells.

The writer while on his tour did not see any place he preferred to good old Oregon.

The morning he left for home he experienced a light earthquake. He has come to the conclusion that this country is hard to beat. No blizzards, no cyclones, no earthquakes, not much drought, a little warm just now, but it will be cooler in the evening, not cold in winter, but some rain to make the ground moist.

Our Church, Sunday School and Grange are getting along nicely.

Molalla.

The disagreeable dust must be endured. The idea of rain has been given up for six weeks.

Harvest is well along. The hum of the threshing machine will be heard next week.

Clover hulling is well under way and will be short by this season. Kaylor & Herman got a new feeder for their clover huller last week, having bursted the old one.

About this time of the year much thought is expressed about the improvement of the Soda Springs road, because of more people realizing the need of a road to Wilhoit with a better grade, on account of it being "my horse" that has to make the 600 feet lift, just to hold you back "604" feet while you are going down. Now, the natural and the horse-sensible way to reach Wilhoit, which is at the head of Rock River canyon, is to follow along the water course as close as possible, especially when such water course lies in the direction you call the shortest distance between two given points. It is human nature, if I have a farm on the summit or in the canyon to want the very best road built up to my residence. Let the traveling public go over and down the best way they can, so long as they are out to travel let them travel but in this age the public go to get there, soon—by least wear of horse—rather than climbing and falling down with foaming horses at the end of the road. Before the county expends very much more funds on extreme grades on either of the Soda Springs roads it would be wise for the county court to look out a better way because the best route makes it possible for a good road to Wilhoit.

If it is in Oregon City to do anything in the way of building an electric railway to Molalla now is the accepted time. Delay will go on record as another lost opportunity. You talk of the right of way being the only obstacle in the way. Assure the people that you mean to build a railroad in a substantial manner, and you will get the dirt to come on. The people want to know that there is actually been a determination to build within a given time.

Endorsed by the County.

"The most popular remedy in Oregon County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Oregon Journal, Gilbertville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for lung and throat diseases. Guaranteed to never disappoint the taker by Howells & Jones' drug store. Price, 50c and \$1.00. Trial bottle free.

Russellville.

Mr. and Mrs. Wingfield made Mr. and Mrs. J. D. Ritter a visit on the 25th of July, and whilst there they went to view the hopyard, which looked fine. Needy is the place for hops. Mr. Ritter proposes to furnish his pickers with fruit, potatoes and other vegetables.

There seems to be some sickness with cattle. Mr. John Nightengale has lost two cows. Mr. O. S. Boyles has one sick, but thinks she will get well. The farmer pays a big tax in the way of state, county and school taxes, then wolves and other things trouble him, and he has to stand a great deal. All things taken together make quite a tax to pay.

There was a big run of people the 28th to the Wilhoit Springs, the weather being so very warm and dry. If salvation came by visiting the Springs there would be a great interest in the south's welfare. It is a well known fact that there are more blackberries on Coal and Beaver Creeks than was ever known before; party after party go and get from 10 to 15 and 20 gallons per day. There has been a few parties to the huckleberry patch already; it is not known what luck they met with.

Mr. Davidson is going to move back to Molalla in the near future.

Stafford.

The atmosphere is somewhat smoky, caused by the burning of small slashings.

Mr. Thomas, a newcomer on the old Larson place, has slashed about nine acres, which he wishes to sell. Blackberries have been very plentiful. Some people have sold them for 80 cents per gallon, and thereby reaped a snug little sum.

Fred Barker brought home his bride last week, and the boys celebrated with a couple of feeble guns and a cow bell or two.

Harvesting is far on the way, a good share of the fields having been cut.

Miss Marie Wolfe, who spent her childhood and young girlhood in Stafford, where her father owned a fine farm, has been visiting old friends the past week.

Mercury went to 95 degrees above on Monday, the 29th, but a gentle breeze fanned the brow of the laborer, and we have heard of none being sun-struck. We are opposed to strikes anyway, as they are now conducted.

Needy.

We are having very warm weather. Misses Nora and Stella Criswell are spending the Summer at Seaside. Mr. and Mrs. Wingfield, of Wilhoit, visited Mr. and Mrs. J. D. Ritter Sunday.

Grove McGonegal and Dave Yoder are busy cutting grain for the farmers around here.

Hops are looking fine; picking will begin in about five weeks.

Mrs. D. Zimmerman visited her son, Rude, of Marks Prairie, Sunday.

Frank and Ray Fish returned from a hunting trip last week. Ray feels very proud because he killed his first deer.

Albert Steiwe and Charley Wolfer, formerly from this place but now of Portland, have gone to the mountains for a week of sport.

Mr. and Mrs. H. L. Rue left Saturday for their home in Willapa, Wash., and they were accompanied as far as Portland by their sister, Miss Alice Ritter.

Miss Wilma Blair is visiting relatives in Portland and preparing for a trip East.

Mr. John Gahlor, Sr., is on the sick list.

D. B. Yoder and family spent Sunday at Snyder's visiting relatives.

J. D. Ritter is putting up a fine hop house.

Mr. and Mrs. Chas. Noblitt attended New Era campmeeting Sunday.

The Needy baseball club and the ladies of the neighborhood will give an ice cream social in the Odd Fellows' Hall on the evening of August 3.

The proceeds to go for the boys' uniforms. All are cordially invited to attend.

Hood View.

The baseball game Sunday on the Wilsonville diamond between the Wilsonville boys and the Spanton boys of Portland, resulted in 3 to 5 in favor of the farmers, who were in good form and gave their city friends a little sport on the field.

Gust Jaeger has his new barn under construction. Mr. Grant Liechenthaler is also building a new barn.

Mrs. Wm. Brobst and family are at Collins Springs.

Mrs. F. Seeley and son, Dwight, and daughter, Estella, have returned after a few days' vacation at Chautauqua.

Mrs. M. C. Young and little Wallace returned after a two weeks' visit at Chautauqua and with Portland friends.

Andy Hazelbrink is spending a few

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root, pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

weeks in the harvest fields in Eastern Oregon.

Mrs. Lena Jergen, of Tualatin, died Tuesday after a few days' illness of peritonitis, leaving a husband and a family of small children, besides scores of friends and relatives.

Miss Mary Murray went over the river to visit her uncle Jack and family Saturday. Mary expects to go to Portland soon to engage in sewing.

W. W. and R. B. Graham and two little daughters, S. M. Graham, Miss Bessie Stone, of Klamath, W. T. Young, wife and family were guests of M. C. Young and family Sunday.

Buena Vista.

Mrs. Deconick, while hazelnutting a few days ago, had the misfortune to fall backward while standing on a log injuring herself quite severely.

W. Her, of Williams Ave., Portland, is visiting his ranch this week.

Frank Stilwell has been very sick during the past week, but is getting gradually better. He has recently purchased a very fine organ for the purpose of studying instrumental music.

Mr. Baker has had his house removed from the hill to the front of Division street. He has also sunk a well and obtained a good supply of water.

Peter Burgess was sent to the asylum on Friday last. The doctor has not much hopes of his recovery.

Mr. Bonner left for Spokane and Walla Walla last Friday. He will be gone about six weeks.

Redland.

The click of the binder is the song of the day with a good crop of grain.

The Clear Creek Mutual Telephone Company has made arrangements with Dr. Havallin, president of the

Viola.

Mr. Jubb made a business trip to Oregon City Tuesday.

Loren Tenney attended church at Highland Sunday.

J. P. Galeener has moved his stock from Viola to Hubbard.

Mr. Hartzell has gone to Hubbard to help arrange a new store at that place.

Several of our farmers are ready to thresh their grain.

Weather being favorable James Sevier expects to start his threshing machine Monday.

Mr. Deering has his new donkey engine at work.

Rev. Patton reports that the new M. E. church at Clarkes is progressing nicely. They are to dedicate August 25. A basket dinner will be served. Hop men from the southern part of the county are around engaging pickers.

Mr. Derring has a newly made water tank at his sawmill for fire protection.

Messrs. Hanks and Brewster, of Manor, Wash., are hauling lumber to Estacada for Mr. Deering.

Mr. Hartzell had a dryland smash-up near Patton last Saturday. His horse became frightened at some rapidly approaching automobiles and tipped the buggy over. The parties in the autos did not seem to have time to wait to see what the fracas would come to.

Rev. Charles Rutherford will preach for Rev. Patton at Redland M. E. church next Sunday at 11 A. M., and at Viola at 8 P. M. Rev. Rutherford's old home is at Highland in this county. He is to soon go to the Teluga mission field in south India.

Colton.

A. B. Countryman and Mr. Burgen were digging a well for J. A. Strom-

Shubel.

Harvest will be in full blast this week. The indications are that there will be an average crop of grain with plump kernels.

Geo. Schmidt came home to help during harvest.

A great many families are laying in a supply of hazelnuts. The crop is unusually large.

Fred Kamrath is harvesting Mr. Steudeman's grain on shares.

While sitting by the window Sunday morning watching the people going to divine service my mind went back to a few warm days before, when I saw a well known divine, who dispenses spiritual instruction on Sundays, doing something which would make a good case for the Humane Society. No doubt the next time it will be reported to the Society.

Abel Thomas is buying sheep in this neighborhood.

Geo. Kirbyson is busy clearing some more land. He now has one of the prettiest little homes in the country. We are to have another mile of rock road, so the County Court says. Let the good work go on. A question: "Would it pay the County to let such jobs to the lowest bidder?" Some say yes, and some say no. Possibly all are right.

Miss Lydia Hornshuh is on the sick list.

Someone has raised the price of cutting grain to one dollar per acre. I think that all that will be cut at that price can be cut in ten minutes.

Division 5 had a meeting Saturday evening. An assessment of \$1 per member was made, and all bills ordered paid. No bills for overwork were allowed.

Some miscreant shot and broke the leg of a two-year-old steer belonging to Mr. T. Duffy. No doubt someone

Sandwich Power Hay Press Is a Successful Power Press

You have always thought of a power press as a complicated machine of wheels and gears and shafts and clutches, hard to operate and easy to break; but the Sandwich Power Press, like the Southwick Horse Power Press, is easy to operate and hard to break. It is built to meet the need for a simple, strong, reliable power press. It will bale 20 to 40 Tons in a 10-hour Day

Albany, Ore.

Mitchell, Lewis & Staver Co., Portland, Ore.

Gentlemen:—

The Sandwich Power Hay Press which I purchased from you has given entire satisfaction. I baled five tons in one hour with the press, and can bale straw as fast as hay. I have made straw weigh 240 pounds to the bale.

Truly yours,
G. C. Price

Mitchell, Lewis & Staver Co., Portland, Ore.

Gentlemen:—

In 1901 I bought one of your Sandwich Power Hay Presses, which I can truthfully say is the best Power Press I ever saw. We have run it for four seasons now and it has not cost us to exceed \$5.00 for repairs, and with but a few repairs for next year, it will be as good as new. We recommend it in every respect. Yours truly,
(signed) O. E. Roth.

Mitchell, Lewis & Staver Co., Portland, Ore.

Gentlemen:—

I have the pleasure to inform you that the Sandwich Power Hay Press, which we bought of you, has given perfect satisfaction. The machine works faultlessly and will bale from 25 to 30 tons a day with ease, and does neat, compact work.

Very respectfully yours,
Benedictine Fathers,

The best horse-power press that you can get is the **Southwick**. It will easily bale fifteen tons a day, allowing time for moving from place to place, and it has records of twenty-five tons a day in one place. This press has a wide feed opening, and the hay is easily taken into the baling machine. No man has ever been injured while operating a **Southwick**. It has a light draft and runs without jerks. You will find that it will bale more than any other two-horse press on the market, and at less expense for operating and repairing. We also have the Western Steel Hay Press. The best medium priced press to be had. It is designed for those who have smaller crops and do not require bales of great weight.

Each of these presses is the best in its class. We invite your inquiry and investigation if you are interested in hay presses.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by Huntley Bros., Oregon City and Molalla.

Farm Sold for \$16,000.

One of the finest farms in Clackamas County has been sold by Robert J. Brown, of New Era, to G. E. Potratz, of Marion County. Mr. Brown is one of the most prominent potato growers in the county and disposed of his 270-acre place 1 1/2 miles east of New Era for \$16,000, an average of nearly \$60 per acre. Mr. Potratz has taken immediate possession. Mr. Brown will still cast his fortunes in Clackamas County and will buy a smaller farm that will lighten his labors.
