

"OLD HOME DAY."

Harmony Public Improvement Society Picnic Tomorrow.

Harmony Public Improvement Society will celebrate "old home day" at Harmony Saturday, August 24. It will be an all-day affair, and no pains are being spared by the women of that place to make it an occasion one long to be remembered, and many visitors from all parts of the county are expected to come and spend the day in the cool shade and enjoy the excellent program that is now being prepared for the occasion.

The picnic will be given in the old pioneer camp ground of the early 40's, at the Sandy crossing on the Southern Pacific. This grove is a beautiful spot for basket picnics, and in the evening the grove will be lighted by Chinese lanterns, and an immense bonfire will be built.

The Harmony Public Improvement Society was organized about three years ago and is composed entirely of women, numbering about 25, who have worked diligently for the erection of a city hall, and now have about \$300 in the treasury for the erection of the building. The proceeds of this entertainment are also to be added to this, and it is expected that the erection of the building will be started very soon.

The committees on program and refreshments for Saturday's affair are as follows: Program: Mrs. Fannie Kilton, Mrs. George Atwood, Mrs. Winnie and Miss Morris; table committee: Mrs. Ella Pollock, Mrs. Anna Coates and Mrs. S. Clark. These women will also be assisted by the other women of the organization. The Society invites all to come and enjoy a good time.

DAMASCUS PEOPLE FALL OUT.

Wife of 33 Years Brings Suit for Divorce Against James Foster.

Married in 1874 at Roaring River, Pa., Mr. and Mrs. James Foster, of Damascus, have concluded that they cannot live longer in peace and harmony and the wife has brought suit for a decree of divorce through her attorneys, Dimick & Dimick. They have five grown children and one son, Raymond, aged 15 years.

Mrs. Foster alleges that her husband is guilty of cruel and inhuman treatment, and says that July 30, 1907, he grasped her by the throat and threw her on the floor, bruising and scratching her and then he threatened to kill her. She was compelled to flee and seek refuge at the home of her relatives.

Poster is the owner of 20 acres of land worth \$1000 at Damascus, and he is in the wood business, receiving an income of \$75 per month, and his wife says he is well able to pay her \$200 to defray the expenses of the suit and \$30 per month alimony for the support of herself and their child. He has prevented her from getting possession of her clothing and personal effects and the cloud of poverty is caused by the violent temper and ingratitude of the defendant.

PLENTY OF POWER.

Water Turned Into Basin Against New Headworks.

The new concrete headworks for the Basin are complete and water was turned in last week, and henceforth there will be no difficulty over procuring an adequate water supply for the Portland Flouring Mills Company, Oregon City Manufacturing Company, the pulp station of the Crown-Columbia Pulp & Paper Company and the pumping station of the city water plant. The temporary flume that has been utilized for supplying power for the woolen mill and the water system is being torn out, and the flouring mill is preparing to make their fall run on wheat. The new headworks are solidly built and will stand for a generation.

Kellogg, Miss Emma Roman and Mrs. A. C. Warner were named as a committee to solicit exhibits and report at the regular meeting to be held on September 11. It is probable that the club will have a booth at the fair.

Baseball at Eagle Creek.

The Oregon City Grays have arranged a ball game with the Eagle Creek team next Sunday afternoon for a percentage of the gate receipts, and a side bet of \$25. Eagle Creek claims the championship of Eastern Clackamas County. Negotiations will probably be entered into for a game on Sunday, September 1, between the Grays and Oswego, to be played on grounds agreeable to both teams, which are very evenly matched, playing last Sunday with a score of 8 to 6 in favor of the Grays.

It is Mr. Leeson's intention to go into stock raising and he expects to purchase property for that purpose. He has sold his place in Ontario, which consisted of 200 acres. Mrs. Leeson is a sister of Mrs. Gardner and they had not met for many years.

KELNHOFER IS IN LUCK.

Young Farmer Falls Heir to Large Estate in Germany.

Karl Kelnhofer, who has been in the United States 15 years, and who is a cousin of A. J. Kelnhofer, of Carus, has fallen heir to a large fortune in Germany. The lucky young man was formerly a resident of Clackamas County, but left here for Washington four years ago to take up a homestead. He was here on a visit last Spring. A Walla Walla paper has the following to say about the streak of good luck:

From general utility man on a milk ranch to the sole possessor of an estate valued at \$50,000, is the remarkable change which has entered the life of Karl Kelnhofer, a young German laborer who has been employed for the past three years on the dairy ranch of Ambros Rypszitski, eight miles west of this city.

As near as can be learned Kelnhofer has been a resident of the United States but a short time. His acquaintances, however, contend that he is of noble birth, and that owing to certain family troubles left his native land to seek his fortune in the new world. The news that he had fallen heir to the large German estate was received by the young man with seemingly little concern.

Mr. Kelnhofer left yesterday for a few days' visit with friends in Franklin county, after which he will return to Germany to claim his own.

DISPUTE OVER TIMBERLAND.

Geo. W. Yergen Seeks to Prevent Nickell from Cutting on Homestead.

The suit of George W. Yergen vs. Garrison P. Nickell to restrain the defendant from cutting the timber from land at Union Mills, was before the County Court Tuesday on a motion to dissolve the injunction. Nickell filed an answer alleging that he had filed on the land when it was vacant, and covered with a growth of small trees, wholly unsuitable and unfit for saw or merchantable timber. From time to time he removed some of the timber for the purpose of clearing and improving the land and erecting the necessary buildings and fences, and has only disposed of the surplus. Nickell exhibited a letter from the commissioner of the General Land Office, granting him permission to clear the land and to sell the surplus timber. Yergen has filed a contest in the Portland land office against the claim and seeks to restrain Nickell from cutting and selling any of the timber. Judge Dimick has taken the matter under advisement. Yergen says that the property has a great quantity of timber and June 1, 1907, Nickell began cutting and selling the timber for wood, and on the 9th day of this month he installed a power plant, consisting of an engine, saws and the proper gear, with a capacity of 20 cords of wood per day, and he has cut 100 cords of wood and threatens to cut and sell all of the timber. Yergen asks that Nickell be restrained from cutting more timber and he places his damages at \$500.

Bartz Machinery Company of Oskosh, Wis., has filed a suit against the Oregon City Mill & Lumber Company to recover \$945, with interest at the rate of six per cent from April 1, 1907, and for the costs and disbursements of the suit. The plaintiff corporation alleges that the local company purchased a double ended tenor for \$875, and a special sash slotting attachment for \$75, and has failed to pay for the machinery or any part of it.
