

NEWS OF THE COUNTY

Stone.

Our people are in fair health and are still busy trying to finish up the odds and ends on their farms. Such jobs need looking after continually.

In company with Elder G. P. Rich we visited Frank Osborn of Damascus who is afflicted with stomach trouble. He is starving, having no digestion, and nothing will lay on the stomach.

From Boring, your scribe, went to Estacada. This is the second Eldorado city for the manufacture of electricity.

At last we landed at Mr. Irvin's, who was cutting oats. Mr. Irvin lives well up to the foothills of the Cascades in Clackamas County.

Mr. Irvin is raising as fine tobacco as I ever saw in Missouri. This tobacco is being raised for the Clackamas County tobacco works.

Highland.

The weather is ideal, and all hope it will last a few days longer, as threshing is about to come to a close, and we hope to get our grain under shelter without any rain.

A good many of the folks went to the hop fields from here, but as none have returned yet we can't tell what success they had, but through hearsay they are not doing very well.

The price of lumber has taken a tumble and set the sawmill men thinking. Perhaps our prosperity is going to ease up a little.

John Brown, a merchant of Multnomah County, and nephew, Merrill Prettyman, were in Highland, visiting friends, and while here went hunting, but got nothing but a pine squirrel.

Miss Mabel Pullen, of Gresham, who has been visiting, the past week, with Eva and Ruby Schram, returned home Sunday via Estacada.

Lloyd and Eva Schram will go to Gresham next week to attend school, as they have both graduated from the Eighth grade and must not go where there is better school facilities, and it is a pity that our boys and girls must leave us just when our influence and advice is mostly needed.

We understand George Stephens and wife are going to take in the State Fair. George is a hard worker and deserves a little outing, so we hope he will enjoy himself.

Mr. Wallis sold forty acres of timber to Mr. McAllen a few days ago. Price not known to writer. Does this timber business mean a railroad? We hope so.

Mr. Adams, who is at home, will return to his work at Rainier, where he has been working in a logging camp. He will stay until the wet weather begins, then he will come home for the winter.

Theo Wirtz will soon move to Estacada. He has sold his chickens to David Moehne, our genial mail carrier.

Ninety-two degrees in the shade is pretty hot weather for this time of the year.

From Mr. and Mrs. Cheater Corbett, a son, last Sunday.

A party of boys from Timber Grove, were at Mill Creek to take a swim Sunday.

U. S. Dix has got a blood hound, so Colton has no fear of tramps, burglars or hobos. There are to be pitted when they come around here.

J. A. Strongman moved into his new house last week.

Mr. Burgoyne was fighting fire to beat the band last Sunday.

Deafness Cannot Be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

The electric lights that have recently been placed in the stations along the O. W. P. are greatly appreciated by those who travel on the night cars. We hope this is the beginning of yet better things to come.

The body of Hans Swenson, who was drowned at Astoria last week, has not yet been recovered. Friends sympathize greatly with the family in their unfortunate sorrow.

New Era.

Mr. and Mrs. Dustin spent a few days last week with the latter's daughter, Mrs. Laura Tompson, of Dallas, Oregon.

"Cub" McArthur served one week in Warner Grange hall without food or water. He was accidentally locked in by Mr. McArthur and not missed for some time, and had been given up for dead. Mr. McArthur is somewhat of a medium, for he had a vision Monday night and saw "Cub" lying dead in the hall, and when morning came it was still on his mind so strongly that he slipped over to satisfy his curiosity; and, behold you, "Cub" met him at the door, but looked the worse

Several pickers have returned from the hop yards on account of mold and contagious disease scare.

That Oregon City is now going to have the public wharf is indicative of a new order of advancement for city and county, and now without the immediate construction of the first mile of railroad Molalla would be the assassination of another wholesome
