

SINGLE TAX IS THEIR GOAL

PROPOSED AMENDMENT TO THE STATE CONSTITUTION BY THE INITIATIVE.

EXEMPTS ALL FACTORIES

Removes Taxes From Farm Machinery, Houses, Orchards and Barns. Promoters Argue in Its Favor.

The Oregon Tax Reform Association has fathered an amendment to the State Constitution, which will put the single tax into effect in Oregon if adopted, at the next general election.

The proposed amendment exempts dwelling houses and improvements, both on farm and town property, and manufacturing plants and machinery from taxation, leaving the burden of taxation on idle land holdings.

It is stated that the purpose of the framers of the amendment is to mislead the farmers into the belief that farm property is to be exempted, without calling their attention to the fact that all manufacturing plants in the state will also be exempt.

An extract from the petition follows: "Section 1, of Article IX of the Constitution of the State of Oregon shall be, and hereby is, amended to read as follows:

"Section 1 - The Legislative Assembly shall provide by law for uniform and equal rate of assessment and taxation and shall secure a just valuation for taxation of all property both real and personal, excepting that all dwelling houses, barns, sheds, out-houses and all other appurtenances thereto, all machinery and buildings used exclusively for manufacturing purposes and appurtenances thereto, all fences, farm machinery and appliances, used as such, all fruit trees, vines, shrubs and all other improvements on the farm, all live stock, all household furniture in use and all tools owned by workmen and in use, shall be exempt from taxation; excepting all such property for municipal, educational, literary, scientific, religious or charitable purposes as may be specially exempted by law."

Members of the Oregon Tax Association do not attempt to conceal the fact that all manufacturing plants in the state will be exempt from taxation if the amendment carries. This, they say, is one of the chief benefits to accrue from it. They say such an act is needed to encourage manufacturing in this state, and they point out the fact that several other states have adopted the same plan with success.

While the framers of the amendment say the act will not bring about the single tax pure and simple, they admit it is a step in that direction and say it will encourage industry, whereas the present tax laws put a premium on shiftlessness inasmuch as the more a man improves his property, both in town and country, the greater the penalty he has to pay for his thrift.

Members of the Oregon Tax Reform Association say they will obtain the required number of signatures, \$8,000, to place the measure on the ballot next June. About half the signatures needed have been secured already. Many manufacturers of the state are supporting the amendment, among them being W. H. Corbett, president of the Willamette Iron & Steel Works. This is one of the biggest manufacturing institutions in the state.

H. D. Wagoner, of Portland, one of the chief supporters of the movement, says: "The plan is in the direction of a single tax law. Every town in the state will give a bonus to a manufacturing plant if it will locate there. Eugene gave me a bonus for a manufacturing plant; Salem gave the Key Mills a bonus on two occasions. If we would exempt manufacturing plants and machinery from taxation, we would secure all the manufacturing plants coming to the Pacific Coast for this state. I could bring several here personally if taxes were removed. If you impose heavy taxes, industries leave the state."

"Four Southern States, Mississippi, Georgia, Maryland and Louisiana have a similar law, and Baltimore, as a city, exempts factories from taxation. The result is that these states have gone ahead rapidly in manufacturing and Baltimore is the leading manufacturing city of the South. The taxes

we do get from manufacturing plants in this state do not amount to as much as the revenue from the hogs owned in the state, or from the wagons of the farmers. "The amount lost to the state by exempting manufacturing plants from taxes would be small and would be more than made up by the advance in land values following the location of ten new manufacturing plants in this state. The new measure is intended to discourage land monopoly. It is favored by the Grangers of the state and promises to be a very popular measure."

H. W. Stone, who is an enthusiastic advocate of the new method of distributing taxation, said: "There is no nigger in the woodpile in this act. It is presented from purely disinterested motives. The present law cultivates false swearing and puts a premium on idleness and a fine on industry. By virtue of the present law, mechanics should pay a tax on their tools. Very few, if any, ever do so. They get out of it in one way and another, some by lying. We want to encourage men to own tools and use them and own and build houses, and the amendment will encourage a man to improve his property instead of allowing it to remain idle."

"One of the main purposes of the new law is to encourage manufacturers to locate in Oregon. I think manufacturing in this state can be doubled in three years under the new law. The main is to relieve the products of labor from taxation. A great part of the land of this state is held unimproved. We propose to take the tax off labor and put it on monopolistic holdings. We propose to encourage the planting of orchards and vineyards and the substitution of smaller farms, all of which shall be cultivated, for the large farms of the state, only a small part of which are worked."

CO-OPERATIVE CO. DIRECTORS.

New Board Steps in and Will Buy Merchandise on Cash Basis.

At the annual meeting of the Rockdale Co-operative Company in Willamette Hall Saturday night, the following directors were elected for the ensuing year: Samuel O. Dillman, George W. Pursifull, Frank Mudgett, J. M. Gregory, J. McKilligan. Several members of the old board of directors were nominated, but declined to serve, and the concern has a new deal all around. It is very probable that W. W. Myers will be retained as manager.

Under the former ruling, no stockholder was allowed to subscribe for more than one share of stock, valued at \$5, but hereafter each stockholder may obtain two shares, and several of them have already done so. Mr. Myers states that it will be the policy of the management to pay cash for all goods purchased, and merchandise will not be bought unless the money is on hand for that purpose. The directors will hold monthly meetings and will have entire charge of the business. George W. Pursifull has been elected president and S. O. Dillman is secretary.

FIVE NEW SMALLPOX CASES.

Disease Appears in DeFord and Rudolph Families.

Five new cases of smallpox have appeared at Clackamas Heights. At the home of J. J. DeFord there are three new cases, the patients being Mr. DeFord's sons, one a baby, and two others being aged about 12 and 20 years, respectively. These three cases have just appeared, and the contagion results from the illness of Miss Mary Swift, who was seized with an attack about three weeks ago. She is now convalescent, but the quarantine that was established when the case first appeared at the DeFord home, has not been raised, and from that source there have been no exposures. Mr. Rudolph and his son, aged about 21 years, also have smallpox, and the former's condition is rather serious. The house has been quarantined. The Rudolph cases appeared about five days ago, but were reported to a physician only last Sunday.

It is reported that there are other smallpox cases in the vicinity of Clackamas Heights, but the attention of the health authorities has not yet been called to them.

Four Cases Are Added.

Four new cases of smallpox have been reported at Clackamas Heights, making a total of nine there. The latest developments are in the family of A. Waer, whose 11-year-old son has smallpox. Mr. and Mrs. G. W. Rudolph and their son, aged 15 years, have also been taken with the disease, though one of the cases are regarded as serious. Strict quarantine is observed in all of these cases, and all persons who have been liable to exposure have been vaccinated. The cases at Clackamas Heights have probably developed through a wedding that took place several weeks ago at the home of Mr. DeFord.

MONEY IS TIED UP.

Estacada People Jar Over the Delivery of Purchase Price of Land.

Nine hundred dollars that was on deposit in the Bank of Estacada has been tied up through an attachment levied by Sheriff Beardslee in the suit of James Anderson against the bank and its officers, W. A. and F. L. Heylman. The money was attached by the Sheriff and is now in his possession, awaiting a settlement of the case. Anderson sold to Frederick Albrecht a piece of land for \$700 and the latter deposited with the Bank of Estacada a check for that amount, drawn in favor of the Bank of Pocatello, where it was sent by the Estacada institution for collection. The money was received at Estacada, but in the meantime it was ascertained that there was a mortgage of \$400 on the property, and Albrecht, who had deposited the check in his own name, declined to turn the money over to Anderson. It is alleged by Anderson that the understanding was that the money was to be paid to him when the deed of conveyance was made. Mr. Heylman was willing at any time to turn over the money, but held it only to protect the bank, because of the failure of the parties to agree.

Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Knows the world over as the King of throat and lung remedies. Sold under guarantee at Howell and Jones' Drug Store. 50c and \$1.00. Trial bottle free.

DEMOCRATS TO MEET SATURDAY

STATE CENTRAL COMMITTEE TO DETERMINE A DATE FOR CONVENTION.

MAY BE AFTER ELECTION

Both Parties Will Hold Conventions After Primaries—Manner of Choosing Delegates Not Yet Been Decided.

Members of the Democratic State Central Committee will meet Saturday, pursuant to the call of Chairman Alex Sweek, with the stated object of fixing a date for the State Convention, deciding the method of choosing delegates to the convention and fixing the apportionment and deciding the method by which the eight delegates shall be named for the National Convention.

The meeting will be held at Portland in the Imperial Hotel. Notifications to the following members have been sent out:

- Baker, J. B. Rogers, Baker City; Benton, Robert Johnson, Corvallis; Clackamas, H. L. Vaughan, Molalla; Clatsop, A. Leberman, Astoria; Columbia, U. H. Clark, Houlton; Coos, A. J. Sherwood, Coquille; Crook, W. C. Conleton, Paulina; Curry, M. Doyle, Wedderburn; Douglas, Dexter Rice, Roseburg; Gilliam, J. W. Snover, Condon; Grant, Errett Hicks, Canyon City; Harney, Carlton Biggs, Burns; Jackson, E. B. Dufur, Gold Hill; Josephine, J. O. Booth, Grants Pass; Klamath, George T. Baldwin, Klamath Falls; Lake, S. P. Moss, Lakeview; Lane, Lark Bilyon, Eugene; Lincoln, O. W. Peterson, Newport; Linn, S. M. Garland, Lebanon; Malheur, E. H. Test, Ontario; Marion, W. H. Holmes, Salem; Morrow, Sam E. Van Vactor, Heppner; Multnomah, N. A. Peery, Portland; Polk, George W. Myers, Dallas; Sherman, Frank Fulton, Moro; Tillamook, B. O. Sautter, Tillamook; Umatilla, J. H. Raley, Pendleton; Union, B. F. Wilson, Union; Wallowa, L. E. Pace, Enterprise; Wasco, L. E. Morse, Hood River; Washington, J. N. Wall, Hillsboro; Wheeler, W. W. Hoover, Fossil; Yamhill, John Baker, McMinnville.

Chairman Westgate does not believe there will be any need of calling the Republican State Central Committee together for some time. In his opinion, general sentiment favors the holding of a convention after the nominating primaries, fixed by law for April 7. The Republican State Convention, therefore, will not take place within the next three months.

There is considerable talk of postponing the Democratic State Convention until after June 1, the date of the general election. It seems certain that the Democratic State Convention will not take place before the nominating primaries. Both parties may pursue this policy.

Opinions vary as to the best way of choosing delegates to the State conventions. Some advocate their selection by nominating primaries in the different counties; others favor their selection by county conventions; many believe they should be named by county central committees, while a few favor their being chosen by the State Central Committee. It is probable that they will be chosen either by nominating primaries or by county conventions. Democrats generally appear to believe each county should adopt its own method of choosing delegates.

Besides naming National delegates, the State conventions will nominate candidates for Presidential Electors, and in all likelihood adopt platforms. If the state conventions were held prior to the primaries, considerable expense would be caused by holding primaries to choose delegates. This could be largely obviated by holding delegate primaries on the same day, at the same place as the regular primaries for nominations.

HUGE TIMBER LAND DEAL.

Transfer of 1850 Acres on Upper Molalla River for \$81,000.

The transfer of 1850 acres of timbered lands on the upper Molalla River, in Clackamas county, has just been made public, through a deed filed in the office of County Recorder Ramsby. The price stated in the deed is \$81,000, or about \$44 per acre. The purchaser is the Molalla Lumber Company, a West Virginia corporation, which purchased the property from the Cornwell Lumber Company of Saginaw, Mich. The Cornwell Lumber Company is directed by Elmer J. Cornwell, a well-known Michigan capitalist. The Molalla Lumber Company has no mill on the Molalla River, but is holding this timber with a view to its use in the future. More than three sections of lands are involved in the transaction.

Delegates to Dry Farming Congress.

Mayor Carl has appointed the following delegates to the second session of the Trans-Missouri Dry Farming Congress, which will be held in Salt Lake City, Utah, January 22-26: W. B. Stafford, of Mount Pleasant; Judge Thomas F. Ryan, of Oregon City; C. W. Swallow, of Maple Lane; John Lowellen, of Oregon City; D. C. Loutreutte, of Oregon City.

CASE AFTER CASE.

Plenty More Like This in Oregon City. Scores of Oregon City people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Theodore Huertth, living on Park place, about two miles from Oregon City, Ore., says: "I found Doan's Kidney Pills do just what is claimed for them. For a long time I suffered a good deal with lameness and aching over the kidneys and irregularity of the action of the kidneys. The trouble was not severe enough to lay me up, but was very annoying and painful. I was induced to try Doan's Kidney Pills from the recommendation of a friend, and went to Huntley Bros' drug store for them. Their use absolutely removed the trouble with the kidneys, strengthened my back and in every way proved your remedy to be worthy of all confidence." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A FREE TRIAL OFFER

MR. EDISON SAYS: "I Want to see a phonograph in every American home." The phonograph is the "wizard's" hobby. He has worked over it so continuously that today the new, improved, 1908, Edison Phonograph is a perfect musical instrument—not for one minute to be compared to the common "talking machine" that produces only noise and sound.

A SPECIAL TRIAL OFFER: We offer any responsible person a free trial of the Improved 1908 Edison Phonograph. You pay us nothing—not one cent. Take the instrument to your home, play all the beautiful Gold-Moulded Records—band and orchestra selections—comic recitations, latest songs, sacred music and up-to-date hits. Let the family hear the machine laugh—talk—sing—play. Then decide. Bring it back if you wish, or keep it and

PAY US \$1 A WEEK

No interest or extra charge for time. Spot cash will not buy anywhere an Edison phonograph cheaper than we sell them on our easy payment plan. Prices from \$12.50 to \$55.

As the number of machines that we shall put on this free trial offer is limited, we suggest that you call as soon as possible or write at once and make application for a free trial. We will file your application and mail you complete catalogues of machines and records. Remember this application puts you under no obligations whatever.

Meadowbrook.

Verly Meadowbrook boometh with her three sawmills running full time and bank doing business at the old stand.

Mr. Shaw has quit the boarding house and moved out to his farm in the north part of town, where he will engage in general farming and stock-raising.

The Meadowbrook school will soon close—two more weeks.

Mr. Allen, of Broughtonburg, passed through town Monday looking for a poultry ranch, where he can raise his chickens by moonlight.

Mr. Mallatt and family attended the Molalla Grange Saturday and visited home folks Sunday.

G. W. Myers was transacting business in town Monday.

Fred Schaffer is now the mayor, as Mr. Allen withdrew in his favor.

H. C. Bonaker is now head the puncher on the central division of the company's transportation line.

Some of our young folks are quite sure they can hear wedding bells at times, but we think it is only them pesky goat bells.

The large dynamo at the electric light plant gave out and the town was in darkness for a few nights.

As election time draws on apace there is signs of life among the faithful nine of Mullino.

Bane Howard, of Mullino, was in town Monday. Bane says the future is bright for Meadowbrook.

Mountain View.

Jerald Jackson has returned home to visit with his folks for a few weeks.

Frank Curran, of Eastern Washington, is here visiting with his brother, Jim, and his sister, Mrs. M. Shelly, of Maple Lane.

P. D. Curran came in from the Superior saw mill Sunday, and will stay a few weeks.

Mr. Curran is getting quite feeble.

A. L. Jones and wife, from Eldorado, were the guests of J. M. Gillett and wife Tuesday. They got a message from Philometh that Mrs. Lee Jones is dead. She was Miss Annie Newkirk.

F. M. Darling has a lot of fine lettuce again, which he is taking to market.

The sun is shining brightly today, after the long rainy spell.

There was a heavy white frost Tuesday evening.

Miss Estella Hubbard, who was working for Mrs. Gottberg, was called to Portland last week to take care of her sisters and brother, who are very sick.

Mr. B. F. Linn and her sister, from Portland, are making calls in this burg.

J. M. Gillett is doing some carpenter work for Chas. Ely this week.

Prof. Eugene Dale was in town this week arranging for a class in music.

Mullino.

Reverals are being held at the church this week by Rev. Spies.

Mrs. Wallace, who has been visiting her brother, has returned to her home at Kelso.

H. Seltzer moved on to his place this week.

Dodge.

Hal Gordon and wife have moved to the former's mother's place in Dodge, and is working in Myres & Spence Nash's saw mill.

INCORPORATES FOR \$600,000

HAWLEY PULP AND PAPER COMPANY FILES ARTICLES TO DO BUSINESS.

BUY ALBRIGHT PROPERTY

New Concern Authorized to Manufacture and Sell Pulp and Paper of All Kinds—Construction to Commence Soon.

Six hundred thousand dollars is the capital stock of the Hawley Pulp & Paper Company, which filed articles of incorporation Wednesday afternoon. The incorporators are W. P. Hawley, T. J. Seuffer, a wealthy canneryman from The Dalles; R. E. Bryan and Joseph M. Healey, a well-known promoter of Portland, who is interested with Mr. Hawley in many important deals. While William M. Ladd and Theodore B. Wilcox, of Portland, are said to be heavily interested in the deal, but their names do not appear on the incorporation papers. The stock is divided into 6,000 shares, and the par value of each is \$100.

It is stated that construction of the new pulp and paper mills will be commenced in the very near future, and that several hundred men will be furnished employment on the work. Mr. Hawley was in the city Tuesday and his presence created quite a furor in business circles. Mr. Hawley was only here a few hours, but during that time he purchased the residence of Charles Albright, on Main street, between Tenth and Eleventh streets. The house will be used for the residence of the mill superintendent, who will be George Pusey. The purchase price was \$5,000, and this is very low, considering the location and improvements on the property.

The incorporation papers of the Hawley Pulp & Paper Company authorize the concern to manufacture pulp and paper of all kinds, to buy and sell same, to conduct a general wholesale and retail pulp and paper business, and hold and convey real property in the State of Oregon and elsewhere, not only for the immediate purpose of the corporation, but speculative or otherwise, to build, own, operate and use wharves, docks, steamboats, tugs and sailing vessels, and to do everything necessary in the conduct of the company's business.

Mr. Gordon and wife have moved to the former's mother's place in Dodge, and is working in Myres & Spence Nash's saw mill. E. Lacey is hauling lathes to get ready for the lath and plasterers. He expects to move in soon. We have been having some hard wind storms lately that blew down considerable timber. J. M. Park has sent East for a separator and expects to start in the creamery business. Shorts and bran are hard to get here and there is practically none to be had. There will be an entertainment at Dodge school house the evening of the first day of February. Everybody is cordially invited. Girls, bring baskets and expect a good time. Mr. W. H. Bradley is tunneling through the bank of Clear Creek, where it makes a big bend. He is going to put in a fish pond. The tunnel will be about a hundred feet long. He is trying for gold also. We wish him the best of luck as he is a good man and neighbor.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly." Burdock Blood Bitters cured me.—J. H. Walker, Sanbury, Ohio. County Clerk Greenman has issued marriage licenses to Julia Weninger and John Kraxberger, Anna Pfeiffer and Arthur E. Pierce, and Annie Lowrie and William Cantwell, of Canby.

Kennedy's Laxative Cough Syrup. Contains Honey and Tar. Relieves Colds by working them out of the system through a copious and healthy action of the bowels. Relieves Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes. The Original Laxative Cough Syrup. Conforms to National Pure Food and Drug Law. For Croup, Whooping Cough, La Grippa, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Cough Syrup. Children like it. Put up in 25c, 50c and \$1.00 bottles at the Laboratory of E. C. DeWITT & CO., Chicago, U.S.A. Pleasant to take Children like it.
