

RANCH EGGS TAKE A DROP

OTHER MARKETABLE MERCHANDISE DOES NOT CHANGE IN PRICE DURING WEEK.

POTATO DIGGING BEGINS

Thousands of Bushels of Potatoes Have Been Shipped—Wheat at Scheibel Shows Signs of Blight.

The market prices are practically the same this week as they were of last week, except the price of ranch eggs, which have gone from 35 cents to 30 cents, and are bringing a wholesale price of 32 1/2 cents, and the demand is good.

During the few days of clear weather the farmers lost no time in doing their unfinished work in the fields. In the Stone country some of the farmers are digging their potatoes this week, and in some cases the potatoes produced two crops at one digging, one of green tops and one of tubers.

In the Shuebel country some of the farmers are complaining about the appearance of the wheat that was sown in the fall. The wheat, which has attained a growth of about four inches, is blighted, the spears having the appearance as though the Hessian fly was doing the damage, but this is doubted by some of the farmers, and on Monday G. A. Schuebel, of Carus, sent to the Oregon Agricultural College samples of the grain to experts at the college to discern the cause of this blight.

In many parts of the county, bran, oats, baled hay and wheat are reported scarce, and there is a big demand for these.

VONDERAHE CASE DISMISSED.

Judge McBride Removes Injunction Restraining Mrs. Trullinger.

Judge McBride has dissolved the injunction in the case of Charles W. Vonderahe vs. Mrs. Ericka C. Trullinger, in which the latter was restrained from associating or communicating with C. F. Vonderahe, father of the plaintiff. Under this order Mrs. Trullinger will be permitted to resume her alleged intimacy with Vonderahe, who is 79 years of age. It was stated in the original complaint that she exercised undue influence over the old gentleman, and was trying to extort money from him. Vonderahe is worth about \$10,000, and his son said that Mrs. Trullinger's intention was to get possession of this money by her wiles.

An application has been made in the County Court to have a guardian appointed for Vonderahe, and this

would tend to block any intention of Mrs. Trullinger may have to marry Mr. Vonderahe and so increase her "pile," as is stated by the petitioners. Judge Dimick has ordered Vonderahe brought into court next Saturday afternoon, to be examined by a board of physicians, to determine whether or not Vonderahe is competent to take care of his own affairs, financial and otherwise.

COUNTY FAIR MEETING.

Stockholders to Get Together and Arrange for Next Season's Exhibit.

Stockholders of the Clackamas County Fair Association have been called to meet at the courthouse, Friday, January 31, at 1 o'clock, for the purpose of considering business of importance in connection with next season's fair. It is planned to start work early this year, in order to complete the details of the second annual fair.

The location will have to be considered very shortly. Last year's fair was held at Gladstone Park, and the people of Willamette started a boost for a move to their town, where they expected to obtain a permanent site. Negotiations were opened with the Portland Railway, Light & Power Company for the lease of a 30-acre tract on the Willamette River, near the mouth of the Tualatin, but the company declined to lease, and it is understood that the large price prohibits the purchase. It is not improbable that the next fair will be held at Gladstone Park, which is considered an ideal location and convenient to Oregon City and other Clackamas County points.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

tulational amendments is that taking away the indictment power from the District Attorney. "No person shall be charged in any Circuit Court with the commission of any crime or misdemeanor defined or made punishable by any of the laws of this State, except upon indictment found by a grand jury. Provided, however, that any District Attorney may file an amended indictment, whenever an indictment has, by a ruling of the court, been held to be defective in form."

A bill whose petitions have been in circulation some time, but have been so quietly circulated as to escape general notice, is one for a constitutional amendment giving towns home rule over betting on horse races, commonly called pool-selling, and Sunday closing of theaters, which are now allowed only by the general law, and would allow towns to authorize Sunday sessions. The origin of this bill has not been disclosed, but is obviously the sporting element that decides to resume pool-selling and horse-racing and the liquor element.

Originated in Coos County.

The bill is said not to exempt the liquor traffic from the option law, nor lawlessness from the general laws against crime. The bill is reported to have started from Coquille, Coos County.

A big fight will be waged between warring salmon fisheries of the Columbia River. The down-river interests have abolished a bill to abolish fishweeds and other fish gear about the mouth of Sandy River at Troutdale. The up-river interests have retaliated with a bill to curtail fishing in the lower river. Both bills profess to aim at protection of salmon, but each would gain its end at the expense of the other.
