OREGON CITY, OREGON, FRIDAY, JANUARY 24, 1908

MILL OFFICES LOCATED HERE

HAWLEY PULP & PAPER COMPANY TO MAKE THIS CITY ITS HEADQUARTERS.

START TO BUILD SOON

Mr. Hawley Offers to Exchange Property With City Water Commission—He Will Utilize Present Buildings of Flouring Mills.

The main office of the Hawley Pulp & Paper Company will be located in Oregon City. This is the statement issued in a most positive manner by W. P. Hawley, president and general manager of the new concern. He says that he may have a branch office in Portland, but the principal office of the company will be at the mills, which will be located in South Oregon City.

Mr. Hawley has made a careful examination of the buildings acquired by the company and declares that he can utilize the main building of the Imperial Flouring Mills on the west side of the street as a machine room with slight alteration, and that there is room there for three machines. The warehouse on the east side of the street will be used for a digester room. The building is exceedingly well constructed, and so solid is its nature that little change will be required. Mr. Hawley expects to commence work on the new paper mills in a few weeks. There will be a new pulp mill constructed on the site of old Station A bordering the east side of Willamette Falls.

There is prospect of a change in the location of the city water pumping station, through the advent of the new paper company. Mr. Hawley has made a tentative proposition to the water commission for an exchange of sites, in order that he may utilize the present site of the pumping station. This site is under a lease that has yet 13 years to run. Mr. Hawley proposes to give the commission a piece of property 30 feet in depth, with a frontage of 100 feet, just north of the warehouse on the east side of the street for the pumping station, with adequate room for an auxiliary steam plant, and he wants to use the remainder of the property running back to the railroad track, which would give him a piece about 70x100 feet. He controls a strip about 30x100 feet just north of the warehouse and adjoining the present location of the filtration plant. He also owns two lots, with a frontage of about 30 feet just south of the Armory building, on which is now located a feed stable. He proposes to give this tract for the site of the filtering plant, and says that the water could easily be piped from the pumping station. It is proposed to place the water wheels under the pumping station, below the surface level of the street. The water commission, consisting of Charles H. Caulfield, J. E. Hedges and T. L. Charman, has Mr. Hawley's proposition under consideration.

The Pure Food Law.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Huntley Bros., Oregon City and Molalla.

READERS WILL APPRECIATE IT

Noted Authority Gives a Simple Prescription.

TELLS HOW TO TAKE IT

Tells the Readers of This Paper How To Prepare the Mixture at Home and Other Advice.

Now is the time when the doctor gets busy and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity when shown the prescription stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Huntley Bros., Oregon City and Molalla.

Captain Thomas Bundy
Captain Thomas Bundy, formerly of

this place, where he resided for a number of years, where he conducted a boathouse at the foot of Eleventh street, died in Portland Sunday, January 19th, at his boathouse, from cancer of the kidney. Mr. Bundy was an old sea captain and had many thrilling adventures during his life, which he enjoyed relating. Mr. Bundy made many friends among the old and young. For the past several years he has been conducting a bath house in Portland, near the east side approach of the Madison Street Bridge. He was 87 years of age, and was a native of England. The funeral was held Tuesday, and the remains were interred in Portland.

Charlie Moulton, of Waring, arrived in Oregon City Monday evening.

Mrs. Thomas A. McBride is home from a fortnight's visit with relatives in Seattle.

Mr. and Mrs. Carl Church and three children have arrived from Seattle and will probably make their home in this city.

County School Superintendent Gary has left for an official visit to schools in the eastern part of the county and will return Saturday.

The ladies of St. John's Catholic Parish will give a card party Friday night in the auditorium of the McLoughlin Institute. A musical programme will be rendered and refreshments will be served.

Hill Hose Company, No. 5, has elected the following officers: Fred Painter, president; Ed McCausland, vice-president; W. H. Godfrey, secretary; Edward Sheahan, treasurer; Peter Raber, foreman; C. E. Nash, first assistant foreman; W. Nefzager, second assistant foreman. David Williams was nominated for fire commissioner and C. E. Bruner will have the support of the company for chief of the fire department at the coming election. An informal smoker was held.

CASE AFTER CASE.

Plenty More Like This in Oregon City.

Scores of Oregon City people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Theodore Huerth, living on Park place, about two miles from Oregon City, Ore., says: "I found Doan's Kidney Pills do just what is claimed for them. For a long time I suffered a good deal with lameness and aching over the kidneys and irregularity of the action of the kidneys. The trouble was not severe enough to lay me up, but was very annoying and painful. I was induced to try Doan's Kidney Pills from the recommendation of a friend, and went to Huntley Bros.' drug store for them. Their use absolutely removed the trouble with the kidneys, strengthened my back and in every way proved your remedy to be worthy of all confidence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
