A woman of strong character and kind and watchful mother.

In 1853 Mrs. Kelly came to the west overland, returning in a short time, and re-crossing again in '59, standing well the hardship of our early settlers. She is survived by her husband, E. D. ### SHIVELEY'S OPERA HOUSE, SATURDAY, MARCH 14.

Sis in New York Co.

There is always a feeling of rest, contentment and simplicity in the far away country villages and cross-road hamlets far from the hum and bustle of city life. There is a trustfulness that admits of open doors and hospitable welcome. A newcomer is looked upon as a friend until proven otherwise. Each individual in the little town knows the movements of his friends and neighbors. Down in Indiana, in the southwest part of the state, is a little hamlet with its cross-roads, postoffice, blacksmith shop, old fashioned tavern and usual brick court house. This is the home of "Sis," the generous-hearted, frolicsome Hoosier girl, who is forced by circumstances, from romping the streets of her native village, to tread the cemented sidewalks of New York City, where she becomes the butt of ridicule. Her sallies of wit, as she gets back at her tormentors, soon makes it appear that she is outgrowing her provincialisms, and as the woman merges from the child she rapidly adapts herself to her surroundings and becomes a self-made woman. The tom boy returns to her Indiana home a lady of culture, when she replaces the old latch string with an electric bell and the rag carpet gives way to rugs on hardwood floors.

### No Use to Die.

"I have found that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of ushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else and cures lung disease even after the case is pronounced helpless." This most reliable remedy for coughs and colds, la grippe, asthma, bronchitis and hoarseness, is sold under guarantee at Howell & Jones' drug store. 50c and $1.00. Trial bottle free.

# GLADSTONE vs. PARKPLACE

RUSHING WATERS OF CLACKAMAS THE DIVIDING LINE, SAYS BOUNDARY BOARD.

## PETITION PUBLIC TUESDAY

Better Facilities to Gladstone Children —New School to Be Built— Decision Receives Favorable Comment.

Parkplace versus Gladstone has been the topic of many conversations throughout this end of the county for some time and has also been the subject of heated arguments in reference to the division of the Parkplace school district, until it finally assumed the form of a petition to the District Boundary Board composed of County Judge Dimick, Commissioners Killen and Lewellen and School Superintendent Gary, who, after a public hearing at the Court House Tuesday, made an order creating the new district of Gladstone.

Attorney H. E. Cross appeared for Gladstone. The interests of Parkplace were cared for by State Senator Hedges. W. R. U'Ren made a brief discussion of the educational feature of the problem. Commissioners Lewellen and Killen took the position that the division would have to come, as harmony was impossible. Superintendent Gary stated that the change would result in the establishment of better school facilities for the small children of Gladstone. He believes that the partition of the district will promote the movement for a county high school, which would permit Parkplace to discontinue its district high school. The Parkplace school is running under heavy interest charges and will receive no special tax this year, as Clerk W. A. Holmes failed to report the special levy to the County Clerk before January 1, as required by law.

### WATCH YOUR TONGUE.

If Furred and Coated, It Is a Warning of Trouble to Come.

When it is the morning after the night before, you do not have to look at your tongue to know that the stomach is upset, the head is aching with a dull rythm, and that all the world looks black and dreary.

It may have been lobster Newburgh, Welsh rarebit or some other tasty dish that looked much better at night than the morning after. There is no need to look at the tongue thermometer then for symptoms of trouble. You naturally go to your box of Mi-o-na stomach tablets, and with one of the little relievers bring joy and gladness to the physical system.

The real time to watch the tongue is all of the time. If it is coated with a white fur, or possibly with dark trimmings, even though the stomach does not tell you by the acute pains of indigestion that it needs help, yet the coating shows that you are getting into a bad way and that there is need of Mi-o-na.

Mi-o-na is so positive, so sure, so reliable in its curative action upon the stomach that Howell & Jones, the local agents, give an absolute guarantee with every 50-cent box they sell to refund the money unless the remedy gives absolute and complete satisfaction.

### Death of W. D. Curran.

W. D. Curran, who has been connected with the Superior Lumber Company, near Oregon City, died at his home on Molalla Avenue on Tuesday morning after a few weeks' illness. Mr. Curran, who was the son of Mr. and Mrs. P. D. Curran, old time residents of Oregon City, and was born at Morning Sun, Iowa, on March 27, 1868, and from there moved to Osborn, Kansas, where he was married to Miss Dorcas Foster, where he resided for several years, and came to Oregon in 1891. Three children were born to them, and are Josie, aged 16 years; Frankie, 13 years, and Adeline, 8 years. Mr. Curran's wife died in this city, September 9, 1904. Besides his three children, Mr. Curran leaves a father, P. D. Curran, three sisters, Mrs. Clara Hall, Mrs. Nora Carrico and Miss Pearl Curran, of Oregon City, and three brothers, Frank Curran, of Tilluride, Colorado; Al Curran, of Osborne, Kansas; Ferd Curran, of Oregon City. His mother, Mrs. Catherine Curran, died in this city in 1905. The funeral was held from the Mountain View church, and was largely attended, Rev. John M. Linden, pastor of the Baptist church, officiating. Mr. Curran was a member of two fraternal organizations—the Woodmen of the World and the Foresters of America, and members of these lodges acted as pallbearers. The quartette consisting of Frank Alldredge, Allen E. Frost, Archie Ross and John Loder sang impressively, and the floral offerings were magnificent, especially the pieces sent by the two lodges of which the deceased was a member. The remains were interred in Mountain View cemetery.

# COUNTY WORKERS

DISTRICT SESSIONS WILL TAKE PLACE AT FOUR CLACKAMAS COUNTY TOWNS.

At the last county convention of the Clackamas County Sunday School Association it was decided that conventions should be held in each of the four districts of the County, for the purpose of electing a district vice-president, whose duties consist of visiting as many as he can of the schools in his district, helping and encouraging all workers, organizing schools where needed and keeping the County secretary informed as to statistics and changes in his jurisdiction.

Our state filed worker, Rev. C. A. Phipps, of Portland, has promised to attend all of these conventions and he, as those who have heard him know, is a whole convention in himself.

The number of delegates is not limited, all who can possibly attend, should do so. The enthusiasm gained, new love for and interest in the work, make it worth while, besides the gain in new ideas and methods. The co-operative spirit and social feature will be a distinct gain in this, as they have been in every organized movement. Each convention is to be held one day only, and the people are requested to bring basket dinners, thus relieving the entertaining schools of too much labor, the uncertainty as to the number who will attend rendering it difficult to prepare for them. A partial program will be arranged for each convention, leaving time for business and for consultation on difficult phases of the work. Mr. Phipps will speak on whatever topics he finds will help most in each locality. It is anticipated that these gatherings will prove interesting, helpful and encouraging.

The four districts embrace, respectively, the following territory:

1. Milwaukie District—Milwaukie, Harmony, Clackamas, Damascus, Rock Creek, Stone, Boring, Mt. Scott.

2. Oregon City District—Oregon City and suburbs, Canby, Barlow, New Era, Willamette, Oswego, Parkplace, Logan, Beaver Creek, Shubel, Oak Grove, Maple Lane and Central Point.

3. Springwater District—Springwater, Highland, Redland, Viola, Eagle Creek, Currinsville, Elwood, Foster, George, Dover, Estacada, Clarkes, Garfield, Zion.

4. Marquam District—Marquam, Molalla, Mulino, Needy, Wilhoit, Barlow and all the southern part of the county.

The convention dates set are as follows:

For Milwaukie District, at Harmony, March 18; for Springwater district, at Springwater, March 19; for Marquam district at Molalla, March 22.

The date for Oregon City will be decided upon later.

### Cures Woman's Weaknesses.

We refer to that boon to weak, nervous suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa suppressed or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

### John Adams Moves to New Building.

The new and handsome store room of the Masonic building that has been leased by John Adams is fast nearing completion, and on Monday morning Mr. Adams will take possession of his new quarters. Mr. Adams has built up a large busines in this city, and was forced to move from his present building on account of lack of room to carry the large stock of goods. While on his Eastern trip he selected the best and latest goods, and the building he will occupy will enable him to exhibit to a better advantage the large and handsome line of goods, and will be more convenient and attractive to his many patrons.

J. E. Welsmandel, who is in the dairy business on a large scale at Beaver Creek, was in Oregon City last week. Mr. Welsmandel, who is a staunch Democrat, came in to attend the Democratic banquet, which took place in Willamette hall. Mr. Welsmandel has his 65-acre farm all under cultivation, and the grain used by the dairy is raised on this place. He also raises a large amount of the fruit brought to the Oregon City markets. Mr. Welsmandel states that his father, Casper Welsmandel, who is at present visiting his old home in Germany, and is having a delightful time, but he says that there are many changes in his old home country since he left there 40 years ago, and will be glad to get back to old Oregon. Mr. Welsmandel's health has been greatly benefited since he has taken this trip. He will visit at New York for several days on his return to the United States before leaving for his home here, and expects to reach here in June.

A. Egger, of Macksburk, one of the extensive farmers of that place, was in this city Thursday, and returned to his home Friday morning.

C. A. Nash, who has been confined to his home on Eleventh street for the past two weeks, with "too much cheek," was able to be out again Tuesday. Mr. Nash has been suffering with a severe case of mumps.

# Get Results When You Spray

So many people think of this spraying business a good deal as we used to think of our studies at school. If we could slide through any old way, without working, we were beating the teacher just that much. And, in a measure, this is true with many people about spraying.

They spray because they must—because the fruit inspector might raise a row if they didn't. But, after all, if the right material is used, it is not an expense; on the contrary, every one nearly who has carefully watched the results, find in the end they have saved money by the large increase in fruit as a result of proper spraying. But to get the right material, that's the rub. Probably no concern today makes such a fine calcium sulphide solution as the Rex Co. Their spray is endorsed by the U. S. Givernment, and our own State entomologist says in a letter to the Rex people that their spray "gave better results than the home-made lime-sulphur or the lime-sulphur and salt spray—Oregon formula—with which it was compared." We have Rex booklets giving the experience of fruitgrowers all over the Coast, and anyone interested may have one for the asking.

For those customers who want Rex spray, we have it in bulk, any quantity, at 40c per gallon. We also have Portland spray at 30c per gallon, and if you MUST make your own, let us sell you the sulphur, lime and blue stone. If not convenient for you to call for a spraying booklet, we will gladly mail you one on receipt of a postcard with your address.

### DIXON DECLARES HIS PLATFORM.

George W. Dixon, editor of the Canby Tribune, has announced himself a candidate for Representative on the Republican ticket. Mr. Dixon makes the following pledges:

1. If I am nominated and elected I will support the peoples' choice for United States Senator. Let the people elect their U. S. Senators and thus eliminate graft and bribery in our legislature. There is no true republican form of government that is not a government of the people, by the people and for the people.

2. Equality in taxation. Require that the manufacturer shall pay his just share of taxes the same as the farmer and producer. I was the first man in Oregon to discover and expose the attempt now being made to exempt all personal property from taxation and saddle the burden of taxation wholly upon the land, thus requiring the farmer to pay double his present taxes. I am still fighting the measure through the newspapers of the State.

3. A depositors' guarantee law, guaranteeing depositors against loss of their money in insolvent banks. During the past 12 months over 40 millions of the people's money deposited in banks have been squandered by dishonest bankers. The banks demand security before letting money out of the bank, and I shall demand security for the people before putting their money into the banks. If nominated and elected, I shall introduce this bill in the Legislature and fight for its passage. During the campaign I shall explain this proposed law and how it will operate to secure the people, and greatly benefit the banks by restoring confidence and putting into circulation money that is now hoarded away.

4. I shall advocate better roads and public highways, and a more liberal policy toward our public schools and educational institutions.

5. Rigid economy in the expenditure of public money, which is the people's money.

I have no past political record, but I believe a young man can have no higher ambition than to serve his State honorably and well, and if the people will stand back of me I promise that my every act shall be for the advancement of their interests, as opposed to the interests of the corporations and the money power. GEORGE W. DIXON
