

NEW NEW CHICAGO

PORTLAND DESTINED TO BE THE GREATEST PACKING HOUSE CITY IN THE WORLD.

NEW PLANTS LOCATING

Two New Companies to Follow Example of Swift Packing Company—Great Future for Portland.

Following closely on the heels of the location of the great packing establishment of the Swift company, comes the announcement that there will probably be two other immense packing companies who will locate establishments in or near the city.

Armour & Co., of Chicago, have under consideration the proposition of locating an immense packing plant on the lower end of the peninsula near the site of the Swift packing house.

That they are considering the matter seriously is evidenced by the fact that several of their men have been in the city during the last few months, that they have been offered a large tract of land for the institution, and that one of the executives has recently been going over the ground.

The Schwarzschild & Sulzberger Packing company is asking permission of the city to cover fourteen acres in the suburbs with a plant which will represent an outlay of \$1,500,000. Coming immediately after the definite announcement of the \$4,000,000 establishment which Swift & Company are to build during 1908, Oregon stockmen are jubilant over the recognition accorded this section of the United States as a packing center.

TEAZEL CREEK.

The children of Teazel Creek are having an epidemic again of some kind of stomach trouble. There are ten days more of school and the children and teacher will both be glad.

Mrs. M. J. Melton is having a serious time with an abscess in the head which causes her a great deal of suffering.

The basket dinner at Teazel Creek church last Sunday was a failure on account of bad weather. Only one sermon at 11 o'clock; then as there were but few people out and the weather so bad they all went home.

The Sunday school convention will be held at Molalla, Sunday, March 22, all Sunday schools are invited to attend.

Rev. Quinn made a flying trip to Mt. Angel on Monday, having taken Rev. McCausland to meet the train. Quarterly meeting was held at Teazel Creek last Sunday. Rev. McCausland of Corvallis, presiding and preaching an interesting sermon. He will be with the people of Teazel Creek again in June.

Joe Simons, who had his foot severely mashed while making rails, by his maul catching in some brush, the stroke striking his foot and mashing it severely. This happened some time ago, but he is still suffering greatly with it.

Mrs. Cains Herman came home last Sunday having won Monday, March 9th, to attend the funeral of her father, Mr. Woodington, near Silverton.

The water was higher last Sunday than it has been this winter. Teazel Creek was all over the road and also the grain field of Mr. Judd's, he having just sowed his oats on Friday, it does not lack for moisture to bring them up.

RUSSELLVILLE.

This, the 14th day of March, is one of the wettest days we have witnessed for a long time. All out door work came to a halt, but we hope for the better.

L. B. Trullinger had been working one day and began to feel hungry, so he thought he would go to dinner. An old coyote had been anxiously waiting for Trullinger to leave so that he could satisfy his appetite. So he pounced onto one of Trullinger's lambs. It is rather early and lambs are so small that they only make a small mess.

The Russellville school will commence soon under the management of Miss Griswold.

E. P. Carter has sold some of his land to a man unknown to us, as yet. He is having lumber hauled for a house, which will be another addition to our town.

Some are shearing their sheep and goats, which are shivering with the cold.

Some parties are working the roads—plenty of money, plenty of laborers. We don't know whether the five per cent money will make much of a showing or not.

O. S. Boyles and brother Dudley are out on the timber hunt. Rather wet for such work.

Mr. Mayfield formerly resided at Highland.

Now's the time to take Rocky Mountain Tea. It drives out the germs of winter, builds up the stomach, kidneys and liver. The most wonderful spring tonic to make people well. You'll be surprised with results. 25c, Tea or Tablets. Huntley Bros. Co.

OUR NEXT SHERIFF

ROBERT B. BEATIE

The present incumbent of the Sheriff's office of Clackamas County, Robert B. Beatie, Democrat, filed his announcement with County Clerk Greenman this week. Everyone who has had any business with this estimable gentleman, and that speaks of every tax payer in the county—has had only the best word of praise for his efficient work. His nomination is generally conceded to mean his election. There is not a man in Clackamas County, who of his own free will, would run against him.

For Coughs and Colds

Nearly all other Cough Cures are constipating, especially those containing opiates. Kennedy's Laxative Cough Syrup moves the bowels. Contains no opiates.

Kennedy's Laxative Cough Syrup

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For want of moisture the bowels become dry and hard."

Kennedy's Laxative Cough Syrup relieves Colds by working them out of the system through a copious action of the bowels.

What Do They Cure?

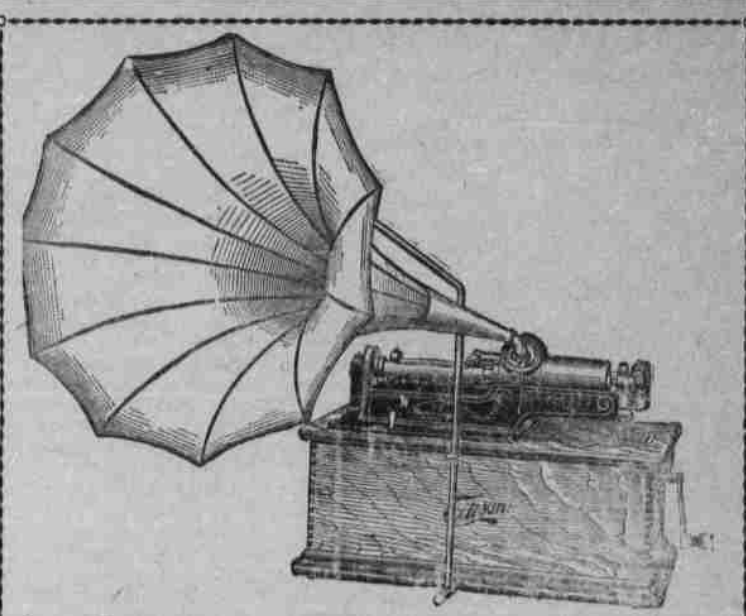

The above question is often asked concerning leading medicine, Golden Medical Discovery and Favorite Prescription.

The answer is that "Golden Medical Discovery" is a powerful blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder—curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or acute form of gonorrhea, it is often successful in effecting a cure.

Favorite Prescription is advised for the entire one class of diseases—those peculiar to women, and it is a powerful, yet gently acting invigorator, tonic and restorative. For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, secret nostrum.
