MULINO.

Several Mulinoites attended the Sunday school convention at Molalla, Sunday. A farewell surprise party was given Mr. and Mrs. Maple at their home Tuesday evening, when Mrs. Maple's Sunday school class and a few other friends went to spend a late evening with them before going to Hood River. The evening was spent with games and music and at a late hour the lunch the ladies had brought was served, after which they all went home wishing them success in their new home. Those present were: Mr. and Mrs. Lee, Mr. and Mrs. Maple, Mr. and Mrs. Udell Mr. and Mrs. Charlie Daniels, Mrs. Howard, Mrs. Churchill, Mrs. Snodgrass, Mrs. Daniels, Misses Emily Spink, Katie Daniels, Nada Lee, Vesta Churchill, Flora Burns, Alice Moore, Claude Trullinger, Inez Snodgrass, Gladys Snodgrass, Mary Snodgrass, Mildred Maple, Calla Manning, Edith Manning, Maud Manning, and Mesars. Bayne Howard, Claude Howard, Royal Trullinger, Ernest Mallatt, Arthur Mallatt, Alfred Kilgore, Archie Davis, Rob. Snodgrass and Harold Lee. Some dogs made quite a raid on Dan Greaves' sheep recently. Arthur Mallatt returned last week after spending several days in Marion county. Edith Wiles, of Portland, was visiting friends in Mulino, last week. Nada Lee, Vesta Churchill, Mary Trullinger and Edith Wiles, called on Jessie Atkins and Mrs. Jennie Dix, Thursday afternoon. The mill is not being run much lately on account of Mr. Marks having rheumatism in his ankles, and Mr. Meyers being called away.

NEW ERA.

The Pacific Telephone company was surveying its old line here last week with the anticipation of rebuilding their line this summer. The New Era Mutual Telephone Co. held a call meeting here Saturday afternoon and signed up a contract with the Northwest Long Distance Telephone Co. for a term of five years, with a 15c rate to Portland and a 5c rate to Oregon City. James Smith, the Democratic candidate for commissioner from Clackamasburg, passed through our berg last Thursday evening. George Schriener, of Twilight Hall, was in town one day last week and reports that his hand is fast recovering from the loss of a couple of fingers which he chopped off some time ago, while splitting stone wood. Mrs. H. P. Wink has been having a siege of grip the past week. While in Canby last Saturday, Mr. Bradd's horse got loose with the buggy and made a hurry for home, but collided with a telephone pole and the harness being weak, the buggy was left and the horse soon arrived at the barn. Charles Hougham is also numbered on the sick list this week. Mrs. Slaughter left Sunday for Molalla to be present at her mother's (Grandma May's) 80th birthday. Oscar Burgoyne left Tuesday to take up a berth as fireman on the Woodburn branch. J. L. Hoffman and G. H. Brown were Portland visitors on Tuesday. "Curt" Duestin is planning a trip to San Francisco in the near future.

JENNINGS LODGE.

See how the industrious work in their gardens these fine spring days. Mrs. Terry took a relapse on the eve of her recovery, from pneumonia, but is better again. Dr. Sommer, of Oregon City, has attended the case. Miss Ella Rose has been having a spell of influenza. Last Thursday evening a surprise party was tendered William Gardner in honor of his fifty-third birthday anniversary. Those in attendance from here at the Parkplace high school entertainment, were Misses Arlie Shaver, Florence Anton, Lila Lewis, Messrs. Morris, Aaron, Shaver. Mrs. Salsby from Salem, visited with her old time friend and neighbor, Mrs. Salsby's husband is in Portland Mrs. Beckner, of this place this week. Well, we will in the near future, have a creditable school building. The Ladies Industrial Club will hold a social in the S. W. store building Friday evening, March 27th, the proceeds of which will go toward purchasing a good organ for the school. The L. I. C. was organized here some time ago with the following officers: Mrs. Flora Beckner, president; Miss Grace Morris, treasurer; they are doing a good and noble work in this vicinity. May they live long and prosper. The acre of land for the school was donated by the two Jennings brothers. Our school directors are, John Jennings, L. Wilcox, and Ed. Roethe. Mr. Slocum is clerk.

MACKSBURG.

The weather is quite rough at present and the farmers are being delayed in their work. Grain of all kinds looks exceedingly well. Spring rains up and looking good, but pastures are quite backward thus far. We are informed that Mrs. Ed Bow-

man has sold her place for the consideration of one hundred dollars per acre. Supervisor Smith is busy filling in bad places with the scraper and preparing for another application with the grader. Recently one of our most peaceful citizens got run in at Canby while standing on a street corner and talking agriculture. We therefore advise all our citizens when you have any business at that place to talk naught but politics, and only in a whisper. We notice among the Macksburg representation in politics, Mr. J. W. Smith, for County Commissioner on the Democratic ticket. We take the liberty to say that Mr. Smith is one of the most successful farmers of our burg, and a man who has no foes to fear, but scores of friends to please. He is a practical road builder and if elected Commissioner would be the right man in the right place. We scribe went to Oregon City last week to get some dental work done. Yes, Kumtuz, you will be entirely welcome, as the old saying goes, "the more the merrier." Mr. and Mrs. Luebben gave a very pleasant entertainment Saturday evening in honor of H. R. Tackleson, of Canby. All present report a good time. John Damm, Jr., and Raymond Wilson were in Oregon City on business and pleasure Tuesday.

SCHUBEL.

Quite a good crowd came out last Saturday evening to hear the High School question debated. C. Schubel, of Oregon, spoke in favor of the school, and the members of the Schubel debating society spoke against it, and I think Mr. Schubel learned one thing, and that is, that our people here are discussing the issues of the day, and are keeping themselves posted on things political and do not take every thing for granted because they have the privilege to vote on local option in June, which if they look at it from a moral, humane, financial and decent standpoint, is a great privilege. It was only last week that two of our bright young men from Oregon, were dismissed from Stanford University in disgrace for drunkenness. Frank Grossmuller is working for D. F. Mochnie. Mrs. John Wolf, who died last Thursday, was buried Sunday in the Congregational cemetery. Joe Stuedeman has pruned the Staben orchard, and it improved the appearance of it a hundred per cent. Road work has been progressing very slowly the last few weeks, the weather not being just right. Grass and crops are making good growth, fruit trees are later in blooming than usual. Mr. and Mrs. G. A. Schubel went to Portland to visit with their daughters. The Logans are fixing up the parsonage for the new minister. Miss Laura Ginter has returned to Oregon City. Rev. E. G. Hornshuh came home Monday to stay a few days.

STONE.

Our people are going to have a steam saw mill. The promoters are Grant Mumfower and Mr. Lillie. They are blowing out the stumps and arranging for their plant. If not hindered, the saws will be buzzing soon. This place ought to make a city some day, we have the cannery and a good school house, and church, and people seem to get along well in this part of Clackamas county. Your scribe met Peter Wilson recently, who lives in the upper Logan country. Mr. Wilson thinks that the Logan country is the garden spot of Clackamas county. We can heartily agree with Mr. Wilson for there is a good many garden spots in Clackamas County. There is quite a lot of land holders that own such big garden spots in Clackamas County, that they let their garden spots grow up to hazelbrush and fir brush and they don't get very much out of their garden spot. The Logan people are hauling produce by the big loads such as potatoes, oats, and hay. Mrs. Spooner, from near Lents, and Mr. Tucker, from Hood River came to see Mr. Byers' fruit ranch near Stone in Clackamas county. Mr. Tucker is considerably taken up with Clackamas County. He bought a ten-acre garden spot at Hood River and paid \$2000. He has been offered all ready more than he paid. Evangelist Sewell will preach at the church on the 4th of April at 7 o'clock in the evening, and the 5th at 11 o'clock. Special invitation to all.

GARFIELD.

Be earnest, be faithful, and you will have abundant reward. Develop the very best of everything within you. Mrs. Opal Crocraft, instructor of the Brown school, district 88, closed a very successful term of five months' school, Monday, the 30th. Miss Cora Youcum is at home from Corvallis on account of sickness. She will be able to return to college this week. Garfield Grange held its regular session, Sunday, the 28th. There was a good attendance. Jessie Lemon

and Ethel Hale were initiated into the mysteries of the First and Second degrees, and Robert Duncan was re-initiated in the grange, and James Duncan received the 3d and 4th degrees. Mr. G. T. Hunt made his last trip for the Hazwood creamery, Sunday. W. H. Holder visited the Abernethy Orange Saturday. Mr. and Mrs. W. Shriner visited Jessie Walter Lemon, Sunday. Tom Huxley has bought Mrs. Tim's place. Mr. Hathaway, an uncle of Mrs. G. T. Hunt, who has been visiting at her home, returned to Portland one day last week. W. H. Holder has rented Emanuel Kregbaum's place.

SPRINGWATER.

The Clackamas County Teachers' Institute that was held in Estacada, the 28th, was well attended; the teachers and others that went from here reported a fine educational program. Several homesteaders were looking through Springwater last week. The Sunday School had their annual election last Sunday, resulting as follows: Superintendent, W. G. Lewellen; assistant, William Bard; secretary, Miss Hazel Tison; treasurer, Ethel Clossner; librarian, Rose Clossner. Good interest is taken in the Sunday school. Earl Shibley and wife are on the way home from Arizona, and will stop a few days at Grants Pass. The voters of Clackamas county had better wake up to realize that they have the privilege to vote on local option in June, which if they look at it from a moral, humane, financial and decent standpoint, is a great privilege. It was only last week that two of our bright young men from Oregon, were dismissed from Stanford University in disgrace for drunkenness.

called at the Mt. Home school house by statement No. 1 League of Highland, M. E. Kandle, president, and B. Sullivan secretary. A majority of the voters present were in favor of Statement No. 1, and a branch league was organized with L. C. Unger as president, A. S. Henderson recording secretary and C. E. Surfus, corresponding secretary. On next Saturday evening the first two amendments in the pamphlet containing measures to be submitted to voters of Oregon, June 1st, 1908, are to be discussed.

SMYRNA.

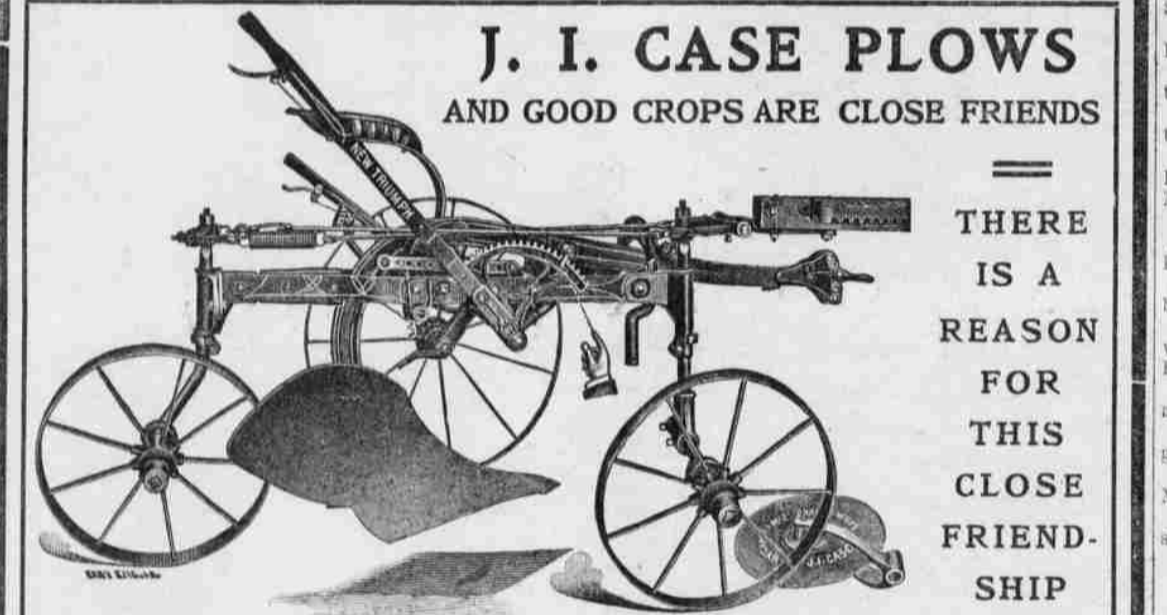

The shingle mill here is running with a full crew on full time, and turning out first-class fir shingles. Joe Johnston had a public sale on the 23d, and the next day, he packed his household goods and moved to Canby. E. A. Porter has bought a gasoline engine and feed mill, and expects to have it in running order soon. Ed. says that hereafter the manufacturing shall not all be confined to one street in this town. He intends to find a lath and picket machine in the near future. A number of the youngbloods and sports from the neighborhood, attended the horse show at Woodburn on Saturday, last. Several of our farmers are hauling potatoes to the station, but 24c per bushel is rather poor pay for wear and tear of horse flesh, vehicles and patience, to say nothing about the spuds. J. W. Watson went to Oregon City this morning, where he expects to meet Mrs. Watson and the babies on their return from Sea Side. From there they expect to go to visit with friends near Logan before coming home.

Buena Vista.

Some time ago the city passed an ordinance to put in a walk from 16th to Division Street. Something will have to be done to force matters if we seem, or we will continue to walk in mud for another season. Some residents have built walks, but others should soon follow suit. Miss Marion Gossett and Miss Mary Heitman are visiting Mrs. W. G. Langford. Mrs. Ogleby, Mrs. Henry Miller, Mrs. Carlton and Mrs. Edmonston were visiting at W. G. Langford's a few days past. Judge Dimick called on us Thursday last. Mrs. Fred Watson, who has been under the weather, is getting a great deal better and able to be around. Mrs. W. G. Langford is also fairly on the road to recovery, being able to sit up and walk around a little. Mr. Ward of Gladstone, has rented his place to Mr. Huntley, a teamster. Mr. Ward is about to install city water on the premises. While Mr. and Mrs. Cyrus, of the Charnman House, were retiring for the night on Saturday last, they were greatly astonished to hear a loud knocking at their door. On making inquiries they found Mr. and Mrs. January with a large number of friends and neighbors, who came to

Of course you do. Every farmer does, but the trouble is a great many farmers do not realize that plowing is the first and most important step toward good crops. . . .

and upholding the same. The teachers and pupils of the Springwater school will have a drama in the near future. Date will be given later. It is feared that our preacher, Rev. Diven, will have to give up his pastorate here on account of poor health. If he does it is very much regretted, as the whole congregation is well pleased with him.

ELWOOD.

A quiet wedding took place at the home of Lawrence Baker last Wednesday at 11 a. m., when Miss Maude Baker and Mr. John Arquell were joined in marriage. M. E. Kandle officiating. Following congratulations, a tempting dinner was served. The guests were: Mr. Frank Baker, Master Walter Boydston, Mr. J. Grindstaff and Mr. and Mrs. Kandle. congratulate and celebrate Mr. Cyrus' 28th birthday. This everyone heartily joined in by "threshing" him good, which he will remember for 12 months to come, and music and dancing. Those present were Mr. and Mrs. January and daughter Gladys, Mr. and Mrs. Jones, Mr. and Mrs. Cato, Mr. and Mrs. Greaves, Mr. and Mrs. Del Hart, Mr. and Mrs. Hogate, Miss Marion Gossett, Miss Graizer. During the evening George Keane gave a few vocal and instrumental selections with his banjo, after dancing to the strains of Cato's music until 1 a. m. Every one retired with the usual congratulations for Mr. Cyrus. CANBY. Jasper Likes, who lives at Oswego, visited John Burns and wife last Sunday. Mr. Wheeler, of this place, attended a large sale near Needy a few days ago. There was a political speaking at Canby a few nights ago.
