cord wood. A. S. Henderson expects to begin work on a house for Walter Gorbett May 5th. Mr. L. Baker and wife visited with Will Baker and wife. Mrs. W. Baker is in poor health, and started for St. Martin's Springs last Sunday. Dodge The people of Dodge are making a road on the hill by Mr. Keller's and Mr. Lacey's. Born, to Mr. and Mrs. W. H. Park, a 6 pound boy. Mr. Anchor is back in Dodge again. Mr. Isaac M. Park is working for Mrs. Surfus, of Elwood. Mr. Arthur Howard is home again. Estacada Work has been started on the bridges to be built at Estacada and Alspaugh. Mrs. Surface and baby and Mary Worner spent May Day in Corvallis. Mrs. Ruby Youm, wife of Loyd Youcum, died Sunday morning at five o'clock. The funeral took place Monday at eleven a. m. from the Zion church. She was a member of the Methodist Church of Estacada and leaves a large number of friends to mourn her death. Mr. Cross will lecture in the Methodist Church Wednesday evening. Every body invited to attend. The Epworth League will hold its regular business meeting at the parsonage Friday evening. The telephone office has been moved from Second Street to Main Street. County Superintendent Gary visited the Eagle School Monday afternoon. Eagle Creek can soon boast of three stores. Mr. Wilburn has started to rebuild his store room and Mr. Rhodes has sold his building which is to be used as a store room. Mr. Scheibel, Professor Road and Mr. Eaton talked to the people of Estacada on the subject of a county high school last evening at the M. E. church. All should show their interest in this matter by helping Clackamas County secure a county high school. Mr. and Mrs. B. Boswell attended the graduating exercises of the University of Oregon, from which Mrs. Babcock graduated. LOST--SPECTACLES--In red case on Main street. Fred Matthias. Leave at Courier. Reward.

Stone. Our special visitor, Jack Frost, the 25th of April, made things that were green look pretty frosty in the morning here. The clover leaves were all killed down by frost, even burdock leaves were stiff with frost. We are not particularly interested in burdock, as we can get along without it, don't you think so, Uncle Ed? We think old Oregonians ought to get bitten a little bit any way. About 40 years ago in the great state of Illinois, on the 3d or 4th day of June we had a frost that killed rye and corn. Your scribe had his corn plowed over the second time and it looked splendid, but Jack Frost killed it to stay killed. We braced up and planted it over the 20th day of June. We had a splendid crop of fodder and half a crop of merchantable corn and lots of frost-bitten corn, hence we had the earlier frost and the latter frost, but in Oregon we generally have either to kill or stay killed. Yesterday we thought we would finish our last year crop by digging the spuds. We dug part of them and we found two crops on part of the vines, and last week we had new potatoes for breakfast. We have potato tops a few hills about 10 inches high in a protected place that the frost did not bite last week and corn up 3 inches high. The frost did not bite the corn. The Mumpower and Lillie saw mill is a wonderful mill since it has commenced operations. As fast as they saw through the log, the saw whizzes back again, ready to commence again. We ought to have a store here at Stone. We are expecting one, but it has not come. Elder G. P. Rich preached at the church on last Lord's day, the 6th. His discourse was on "The Union of Christians." There was a large and attentive audience. After dinner the people met below Clear Creek bridge to witness the baptism of two persons in Clear Creek. See Romans, sixth chapter. Evangelist Sewall closed the protracted meeting on the third Lord's day, the 19th, with a full house, and fine attention. Brother Sewall has gone to Eastern Washington for his health. He took cold and it settled on his lungs. There were eight additions to the church. We are disappointed very much in having to part with Brother Sewall. Smyrna. (Too late for last week.) Mrs. L. B. and Mrs. A. L. Yoder were visiting relatives in Parkville and Portland several days the past week. Eric Sether and L. D. Yoder are hauling their potatoes to market. Mr. and Mrs. Joe Schwartz, of Logan, are at their ranch here for a few days cleaning up their orchard and sowing land plaster on their clover.

We have read Mr. Robinson's article on appropriating \$125,000 annually for the maintenance of the University of Oregon in last week's Courier. But it is our opinion that he is mistaken, when he says it is a school for "poor and rich alike." The writer is personally acquainted with twenty young people, who, after finishing the public school course attended the different independent colleges of the valley, working their way through as best they could. Every one of them is esteemed in his or her vocation and an honor to the community in which they reside. Not one of these was wanted at the university because they were financially unable to keep up with the high toned "frats," and athletic societies in vogue there. As to the professors being short on their salaries, there are a good many farmers, hop and mill men in the same condition, yet the legislature has made no provision for them. Should these be made to go down into their meagre cash in order that the university may pay \$2000 per school year for a professor teaching an average of eleven students? Or, "dig up" so that the foot ball team can afford to pay \$750 per month for a coach? In our estimation the university is a school for the children of the wealthy, who are well able to pay for the "trimmings" that go with an education there. We shall "vote to be slow," or we shall surely vote "No" on "that amendment."

graft his apple trees that he prepared for grafting before he got into politics. All's well, that ends well. Mrs. Ray and son, Stanley, of Harborsburg, Pa., are visiting Mrs. Ray's parents, Mr. and Mrs. J. S. Dick, of Canby. They expect to remain during the summer. Springwater. The other morning Henry Comer was met, and he had a smile all over his face, remarking, "it is a girl weighing nine pounds." W. J. Lewellen and William Bard attended the Sunday School Convention held at Forest Grove, and reported a good and an interesting program. Born, to Mr. and Mrs. Ralph Tracey, of Logan, a fine girl. The Springwater Dramatic club gave the play "A Face At the Window" last Friday evening in the grange hall at Logan. We have been having some fine showers and everything is growing nicely and strawberries are getting ripe, so we will have fresh berries from now to November. Before the strawberries are gone we will have goose berries and currants, then raspberries, black berries, and then the second crop of strawberries and evergreens. What country can beat that? It has cleared off and the sun is shining brightly. Liberal There will be a dance at Wright's Springs Saturday evening May 9. Everybody come and enjoy a good time. A few Liberalites attended the basket social at Mullino last Saturday night. All report a good time. The talk of the town is railroads. They have the right-of-way from Marquam to Liberal all ready, and before many months there will be trains or electric cars running. Elwood. Mrs. Lilly Park, who has been ill for some time, is slowly improving. Mr. E. C. Surfus went to Oregon City last Friday on business. He is deputy assessor. Mrs. Della Gottberg has just returned from spending a few days in Oregon City. Mrs. Ostroakt, who is working in Portland, spent Sunday at home. Mrs. W. T. Henderson has been on the sick list for the past week. Master Elvin Gotberg, who has been afflicted with the whooping cough, is quite ill. Dr. Adix, of Estacada was called and said it was verging into pneumonia. Louis Valien has returned from his trip to California. Born, to Mr. and Mrs. F. M. Baker, a son, May 2. Work has been commenced on the new Henderson road between Elwood and Springwater. Mr. W. H. Woodruff has just purchased a batching outfit. He expects to camp near Oregon City and out
