It is surprising, too, of the second session of last Congress how easily this confidence, when once by over one-hundred millions of dolobtained, may be shaken.

ty in coming to Porttland. This State ing twenty thousand dollars and urhas not, during the past few years, had great influence at Washington. We have had some weak men in the delegation that is supposed to look out for Oregon's interests and all of our representatives have been at a disadvantage on account of the III re-pute and subsequent prosecution of and are expecting political advantages some of Oregon's most prominent pub. lie men. Our crooked politicians being now pretty well done away with we may be able to send capable men to Washington, who will be free from this great handicap and Oregon may be again in a way to hold her own with other Coast States.

""" mile and 100-mile automobile speed contests to be held during the afternoon of Thursday, June 4th. This will with other Coast States,

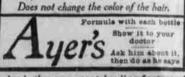

Initiative Measures.

Every registered voted has received a pamphlet containing the text of the iniative measures that come up for acceptance or rejection next June. In will be a doubt in the voters mind whether they should be carried or defeated. The question is put fairly and fully before the voter however and a question so submitted is nearly always properly solved. It is to be hoped that few will vote at random. If a measure has real merit and is voted down this time it will be brought up again and it is better to take no action on a pro-position than to take such action as e will later regret. So it would be best to vote on all of the measures submitted voting for those we are satisfied, after investigating, are good and against those regarding which we are unable to form a satisfactory opinion. Failing to vote on a measure have been refeated. Remeber, it will be before us again if it is really needed and we may well proceed very care- ler herself. fully with our new mode of legislation.

"Did it ever occur to you that, say, Japan, could invade the Pacific Coast, levy tribute on every town and establish a base from which to operate in

Where is Your Hair?

In your comb? Why so? I not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Indeed, the one great leading feature of our new Hair Vigor may well be said to be this—it stops falling hair. Then it goes one step further—it aids nature in restoring the hair and scalp to a healthy condition. Ask for "the new kind." -Made by the J. C. Ayer Co., Lowell, Mass,

a land fight with the rest of the coun-

This is one of the questions propounded by Pearson Hobson, congress-man from Alabama and hero of the naval fight at Santiago, who is now touring the Western country lecturing on the possibilities of trouble in the future and the necessity for pre-paredness. Hobson's mission is one of bringing the American people to a realization of the fact that the world is changing and that one of the requisities of national safety is a compe tent and sufficient force to meet pos sible emergencies. The American pe ple have been particularly fortunate

political beliefs of the man working pointed out. The keynote of that is political beliefs of the man working pointed out. The keynote of that is form on his farm or in his factory. The question in either case is, will few dollars, cutting on military and the hired man earn his pay. In fact it is a question of ability in the man. If any one is letting party habit blind ple must come to the realization of his hearers for an hour and a half, and the first divine designs from the first church is letting party habit blind ple must come to the realization of his hearers for an hour and a half, and the first church is letting divined out. The keynote of that is is termed the Christian Science Board of Lectureship of the First Church is termed the Christian Science Board of Lectureship of the First Church is the first church is a question of ability in the man. If him to such an extent that he votes future dangers from rapidly rising Oriwithout exercising reason or judgeental powers, before it is too late.

of Portland. Mrs. Herren said: the ballot with about as much discretierned at the cost of millions in tion and foresight as a chinaman might money and thousands of lives.

There is a movement in the State Subject.

The efacement of strong party lines, which Captain Hobson received with the abandonment of party prejudice, the decided independence of eletors have done their effective work toward might possibly make that would give

When Speaker Cannon shall have given the gavel its last thump on his desk for this session of Congress, there will have been recorded an unpreci-dented public expenditure. This Conshock of financial disturbance in the early Fall, and it has made appropriations for the first session of the 60th Congress that will exceed a billion dollars. Only a few years ago the first billion dollar Congress in the time of Speaker Reid astonished the country. Now it has reached the billion dollar mark in the first session of a Congress, and there is every possibility that it will have oppropriated two billions of dollars before the 60th Congress steps out on the 4th of March, 1909. It must be remembered also that this great blained, may be shaken.

The fleet would have had no difficulded the public building bill appropriation. from the record of the party in power.

One of the greatest attractions of Portland's Rose Festival will be the 50be the greatest racing event ever held on the Pacific Coast; the course lies East of the city, each lap being 14 miles, and a grandstand seating 10,000 people has been erected in full view of the start and finish of the races. No machines will be allowed to enter the same booklet are arguments for and against most of the measures. Resilver trophy cups are offered for which are not capable of a speeed of 65 miles per hour. Three magnificent each race-one valued at \$500, one at \$250, and four at \$100 each. The entire course will be oiled and in perfeet condition, the roads being closed to all traffle during the hours of the aces and guarded by attachment of the Oregon National Guard. A field oppolsite the grandstand will be rerved for the use of any who may wish to view the races from automo-biles or carriages, while telephones stationed at different points will re-port the progress of the races, an-nouncement to be made on bulletin boards.

A Western woman after thirty years of wed-lock has applied for a divorce may permit it to pass and later it may on the grounds that her husband is appear to be the very one that should lazy, but the fact it has taken her thirty years to find this out would indicate that she is not much of a hust-

CHRISTIAN SCIENCE HAD CATARRH THIRTY YEARS.

"DEMONSTRABLE RELIGION"

A Lecture by Frank H. Leonard, C. S. B., of Brooklyn, New York, Member of the Christian Science Board of Lectureship of the First Church of Christ Scientist, in Beston, Massachusetts.

I.

The work of this board is supremely ucational, and is accomplishing the upting of mankind to a plane of thought herein it finds it possible to accept God being Infinite Good, without making y reservation, either to Himself or His

as as much as my life was worth to go tithout. I fully intended to take some if it but didn't do it.

My every night was filled with the most with mental pletures, pletures which recall dreams, that it is possible to enceive of, and it had become necesary to give me a skeeping potion in order o put me to sleep because I dreaded here so. When I went to bed that night intended to take any sleeping potion, at didn't, and then the first thing I mew I was opening my eyes, and found t was broad daylight! found that I had diept the whole night through without one of those dreadful pletures, and had awakened with a feeling of refreshment, of strength, of hope and joy that I had never known before. The longest hours I ever spent were between my awakening and the time set for my going back to that little room. I continued to go there for three months, and then, upon his request to be permitted to do so, our family physician made an examination of me, and said I was as perfect a physical specimen as he had ever examined. That was in 1885, and from that day to this, Christian Science, as revealed to the world through Mrs. Eddy, has met every diseased condition that has presented itself to me, has destroyed it and left me free.

I was not born in Missouri, but I might

self to me, has destroyed it and left me five.

I was not born in Missouri, but I might as well have been, from my nature, because I have always been one of the kind that would not believe anything until I had absolute proof that it was true. The Truth has been very good to me all these years, because, as a Christian Science practitioner, I have been brought face to face continually with the wonderful healing work that has been brought out by the use of this Truth as Mrs. Eddy has given it to us. I have seen cancers, tumors, incomotor ataxia, drunkenness and immorality destroyed, and men and women made whole morally and physically just by the touch of Divine Love as understood and demonstrated in Christian Science. For this reason, and for the reason that I am convinced, as the result of my study, that Christian Science is transcendentally and practically the highest apprehension of Good the human consciousness can conceive of I am a Christian Science revealed to human consciousness, and that I have been here to receive his benefits.

I have heard it said that Christian.

and that I have been here to receive his benefits.

I have heard it said that Christian Scientists do not use the Bible; that all we use is "Science of Health with Key to the scriptures," written by Mrs. Eddy. No statement could be more untrue, because the disclosure of the Spirit of the Word which maketh alive, comes only as the result of the continuous study of the Bible with the aid of the Christian Science text-book. Almost every denomination has its Bible-helps, prepared for the use of the lay members in the church, by those presumed to have the knowledge of what lesson the Scriptures have for mankind, in such a manner that Bible study may be intelligently indulged in.

It is thought the House of Representatives in Washington will pass a currency bill; that of Representative Vreeland appears to be most in layor.

The lecture on Christian Science at Shively's opera house last Monday night was listened to by a large, attentive audience. The lecture was given by Mr. Frank H. Leonard, of Brooklyn. N. Y., one of the regularly appointed lecturers comprising what is is termed the Christian Science Board of Christ, Scientist, of Boston, Mass. Mr. Leonard, bas an excellent delivery and easily held the attention of his hearers for an hour and a half. He was introduced by Mrs. Georgo Herren, formerly of this city, but now of Portland. Mrs. Herren said:

"In behalf of First Church of Christ, Scientist, of Oregon City, it is my pleasure to introduce to you Mr. Frank H. Leonard, C. S. B., member of the Christian Science Board of Lectures and the control of the Science and in the Science of the Christian Science Board of Lecture to the Science and in the Science of the Scientist, of Oregon City, it is my pleasure to introduce to you Mr. Frank H. Leonard, C. S. B., member of the Christian Science Board of Lecture to the Science and in the Science a

will never again question the exactings of attion accorded them in the teachings of Christian Science.

Christian Scientists continually repeat the statement Man is One with God. This statement has been used as a foundation for discourses, wherein it has been said that Christian Science is but a redressing of the Bramahnistic and Buddhistic philosophies, wherein it is taught man reaches the most cestatic state of existence when he forgets that he has ever lived, and is absorbed into Diety. The teachings of Christian Science absolutely overthrow any such idea, and intelligently instruct us to know that Man is one with God, as the idea is one with the mind that conceives It—no part of the mind whatever, but inseparable from it—and so it is with Man, God's idea about himself: God's image and likeness! He is inseparable from God, the Mind, the Creator which conceives him, but in no sense is his individuality ever lost, but it as as eternal as the Creator who created him.

Probably nothing has been more mis-

iffing of mainfield to a plane of thought of the called political participation of the called part

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken - down by over - work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most

children, or other causes, will find in Dr. Pierce's Favorite Pre-cription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will, find it especially valuable in sustaining beir swength and promoting an auundant bourlshment for the child. Expectant mothers too will find it a priceless too to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no barm in any state, or condition of the lemale system.

Delicate, nervous, weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find reflef and a permanent cure by using faithfully and fairly peristently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar allments is a pure glyceric extract of the choicest native, medichal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and allments.

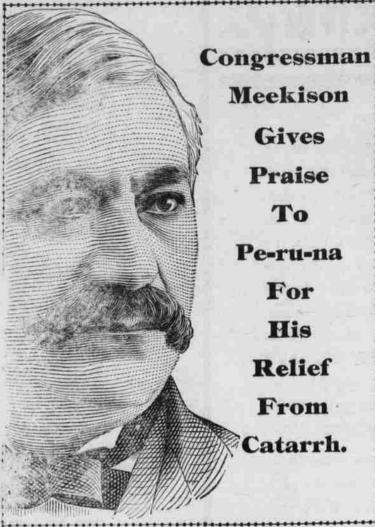

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce Buffalo, N. Y., for his free bookiet treasing of same.

You can't afford to accept as a substate for this remedy of known composities

ing of same.

You can't afford to accept as a substitute for this remedy of known compositie a secret nostroum of unknown compiler.

Bon't do it.

CONGRESSMAN MEEKISON COMMENDS PE-RU-NA.

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."---David Meekison.

OTHER REMARKABLE CURES.

Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad with for thirty-seven years, and after taking twelve bottles of your Peruna I am cured." Mr. A. E. Kidd, well-known architect, 5477 Jefferson Ave., Chicago Ill., writes: "I have had catarrh over half of my life. I tried nearly every catarrh remedy advertices, beside a great many physicians' treatments, all of which falled. I had heard and read of Peruna and decided to try it. I have taken seven bottles of it and weigh 172 pounds."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, R. F. D. No. 2, Shelby, Oceana Co., Mich., writes: "Two years ago I was bad y afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted. I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach and seeing Peruna advertised, began to take it. It helped me soon, and after taking three or four bottles I was entirely cured of stomach trouble, and can now eat anything,"
