Every Item an Advertiser
BEGINS
Saturday, May 16
AND CONTINUES FIFTEEN DAYS

We want every man, woman and child in this vicinity to visit our store now while merchandise is plentiful, while we have the class and style that you are looking for. We know that our merchandise is more attractive and better selected than ever before. We want you to see and as a special inducement have decided to put on this Advertising Sale.

The following merchandise items we have termed "Advertisers" because they will advertise us in your home and just as often as you see them or think of them.

It is in this sense that we call the merchandise listed here, and many items not listed, "Advertisers." "Advertisers" because desirable goods, sold very low to insure that you visit our store.

Merry Widow Wash Goods

The Merry Widow Hat looks best when worn with a dress having considerable color. This has brought about a craze for solid ground wash goods—solid colors relieved by white dots—rings—stripes and other snappy designs. Such goods are very scarce and once exhausted cannot be replaced. We ask you to buy now and caution you against delay.

Merry Widow Colors in Lawns, Batiste and Organdies.

Per Yard, 12½c, 15c and 20c

GRAY TAKES FIRM STAND

CANDIDATE FOR SCHOOL SUPERINTENDENT STATES POSITION CLEARLY.

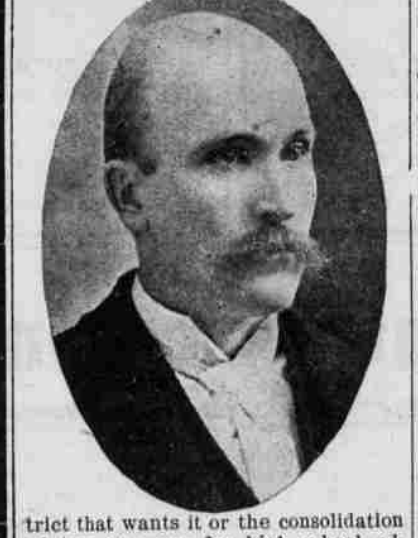

CONSIDERS FIGHT DECISIVE

Great Importance to School System of County—Weights Well the Question.

The County High School question will be before the voter of Clackamas County in the June election.

A vote to establish a county high school next June empowers the county court to fix the location, which means a county high school at some one central place supported by the taxpayers of ever district in the county. The districts not having this high school will be at a disadvantage to send their children away from home to the County high school, where the expenses will be as much as the State institutions.

I believe in equal school privileges for every district in Clackamas county. The law provides for the establishment of a high school by any dis-

trict that wants it or the consolidation of two or more for high school advantages, when they agree upon such arrangements.

The consolidated high school would be near the homes of the children, where they could attend after finishing the lower grades.

They would take a pride in their own high school and it would be an incentive for the pupils in the lower grades to remain in school longer and do better work, knowing they have a good high school near by to attend when they are prepared.

Every district in Clackamas County should have the best school possible for the district or the consolidated districts to provide.

There is a very clear distinction between my belief and that of my opponent for County School Superintendent; this difference is fundamental; I refer to his policy of centralization, making one County high school the goal, and my idea of a high school for every locality with sufficient population to maintain one.

There is already too much that entices the boys and girls from their comfortable farm homes to the hardships and evil influences of city life. It is my belief that the day should be put off as long as possible that they must quit their homes to seek instruction in the higher branches and that wherever population makes it possible the high school should be placed in the community where the boys and girls are, rather than that they be sent away from home in search of it.

The policy of establishing a single County high school, which is being advocated by my opponent, is in direct opposition to this principle, which instead of tending to build up community pride and centralized effort, would have the reverse tendency.

On the success of myself or of my opponent at the June election, depends the ultimate disposition of this question. With this the real issue in the contest, the election of one means

the people favor a central County high school, and I freely admit that I should consider my election a stand by the people favoring high schools throughout the county where population makes it possible.

J. W. GRAY,
Candidate for County School Superintendent.

Mayor of Eugene To Speak.

The aim of the local option people is to make Clackamas County dry next June, the aim of the Saloon constituency is to keep it wet. In order that the problem may be thoroughly discussed a mass meeting will be held next Friday evening, May 15, 1908, at Shively's Theatre, corner of Seventh and Madison Streets, at which the Mayor of Eugene, the Hon. J. D. Matlock will tell "How Eugene Gets Along Without the Revenue from the Licensed Liquor Saloon" and the Saloon keepers of Oregon City have been invited to make the strongest defense possible in behalf of their business on the same night and from the same platform. Here is an exceptionally good opportunity for the people of the city and all are cordially invited to hear the discussion. Many, especially the voters who are dubious regarding their vote ought to be present on Friday night.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected, the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Huntley Bros., Oregon City and Molalla.

Saved From Being a Cripple For Life.

"Almost six or seven weeks ago I became paralyzed all at once with rheumatism," writes Mr. Louis McKee, 913 Seventh Street, Oakland, Cal. "It struck me in the back and extended from the hip of my right leg down to my foot. The attack was so severe that I could not move in bed and was afraid that I should be a cripple for life.

"About twelve years ago I received a sample bottle of your Liniment, but never had occasion to use it, as I have always been well, but something told me that Sloan's Liniment would help me, so I tried it. After the second application I could get up out of bed, and in three days could walk, and now feel well and entirely free from pain.

"My friends were very much surprised at my rapid recovery and I was only too glad to tell them that Sloan's Liniment was the only medicine I used."

Miss Nieta Harding, daughter of Mr. and Mrs. G. A. Harding, of this city, has been elected secretary of the Oregon Student Body at the University of Oregon. Miss Harding will graduate in 1909.

Harris' Grocery

WEATHER IS FAVORABLE

FARMERS THROUGHOUT CLACKAMAS COUNTY WILL REAP GOOD HARVEST.

BERRIES NOW IN MARKET

Indications Are Good For Large Cherry Crop—Cherries Are Forming Rapidly.

The weather has been very favorable to all crops, although the last few days have been rather cold. All through the county the crops are looking excellent, and the farmers say that there is to be a larger crop than that of last year. If the present weather continues, the grain harvest will also be good. In many sections there is more corn being planted by the farmers than was planted last year.

Fruit trees are looking well, and cherries are forming rapidly. Berries are also to be a big crop, and in many gardens of the strawberry growers the fruit is taking a color, and by the latter part of this month the fruit will be in market. Many of the growers who set out plants last year will reap a harvest this year. California berries are now in the market.

During the week the price of Valley flour has taken a decline, and is better than a whole sale price of \$4.40, and a retail price of 17½c. The week they were selling for 18 cents.

Butter is down, and the wholesale price is 30 and 30 cents per roll for good ranch butter.

HAMS—Bacon, 18c.

At the Oaks.

It requires a hardy man to smile calmly in the face of death. Under the stimulus of patriotic excitement, in the rush and strife of battle, men have done heroic things and have become noted for bravery. To coolly take one's life in hand and dash with it to the brink of the grave with a smile on the lips and no tremor in the muscles is something which not everyone can do. There is a man in Portland today, who has often done this thing, who, in fact, makes it a business to brave death. He has looked the black angel in the face so many times that the sensation has lost its awe for him. This man is Harry Breton, who when the Oaks opens for the summer season May 16, will make his bow to the people of Portland and vicinity in his daredevil automobile ride.

Breton's ride is a sensation in itself and throughout the East has made him the center of many scenes. He has an automobile made of steel throughout and weighing something like 500 pounds. It is equipped with a 3½ horsepower engine. This machine is driven down a steep incline constructed high in the air at a speed which after a swoop down a 45 per cent grade equals a mile a minute. At the foot of the incline is a gap of 25 feet and across this the car is driven. After the gap is jumped, the car is run out onto the roadway and brought to a standstill.

The least swerving of the steering gear would send the driver to instant death. The slightest lack of calculation would end the ride with the funeral of the driver. Many times Breton has had thrilling escapes but so far has escaped serious injury. He will be the principal feature at the opening week of the Oaks beginning May 16.

Ramsby to Succeed Himself.

Chauncey E. Ramsby, the present incumbent of the office of Recorder of Conveyances, has made a splendid record during his two years in that capacity, and his efforts to do the will of the people at all times won for him an enviable position, and a very close relationship with the finer business interests of the county, and the people who have had occasion to transact business with him have found him true to the stable and honorable principles that go to make up the backbone of our country.

Mr. Ramsby has made quite an extensive canvass of the county and finds on every hand the people close adherents to the principles of economy and straight forwardness followed by himself to the end that his work should show merit and receive as it has, the commendation of the people of the county at large.

Born and raised in Clackamas county having the training in his younger days by parents who were none other than the whole souled Kentucky people who instilled into the youth the principles of honor and thrift, Mr. Ramsby has not ventured from the paths wherein he was given such a magnificent start, and it is through these teachings and his own efforts that he has succeeded so well in the business world. He has served two years as Recorder with satisfaction and is the Republican candidate for the office to succeed himself.

Mr. and Mrs. A. F. Parker were Thursday morning agreeably surprised by the arrival of Mrs. Parker's sister, Mrs. M. Whitcomb, who arrived without warning from Minneapolis, Minn. Mrs. Whitcomb will make an extended visit here.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Huntley Bros., Oregon City and Molalla.

Eczema Instantly Relieved.

Instant relief for that awful Itch! The itch gone the moment the soothing liquid is applied to the skin! That is what oil of wintergreen, mixed with thymol, glycerine and other mild ingredients, will do for any skin sufferer.

Try a free sample of this oil as compounded in D. D. D. Prescription. We urge it and recommend it, and assure it to our regular patrons if we did not know what D. D. D. Prescription will do for skin sufferers.

Call at our store for a pamphlet or write direct to the D. D. D. Co., 112 Michigan St., Dept. 3, Chicago, for a free sample of the wonderful soothing liquid, enclosing only 10c for postage and packing. Now don't fail to try this wonderful soothing refreshing liquid. Howell & Jones, Oregon City.

A. C. Tower will leave Monday morning for Mill City, Oregon, where he will superintend the installing of the machinery of the new Hammond Lumber Company's sawmill. Four millwrights of Portland will also leave Monday morning for Mill City, where they will assist in the installing of the machinery. Mr. Tower expects to be at Mill City during the summer.

Rev. Mulkey expects his family to join him in his Gladstone home next week.
