

J. E. Jack, Democratic candidate for county Assessor was born at Marquam in Clackamas county; he served assheif Deputy Sheriff during J. J. Cooke's term as Sheriff; afterwards he formed a partnership with Geo. F. Horton and together they conducted the grocery store of Horton & Jack on Seventh Street in Oregon City. Two years ago he bought out the interest of Mr. Horton and is now conducting the business alone. He is a thorough business man in every respect, and if elected assessor will appoint the very best men he can find in Clackamas county for his deputies, and will endeavor to give a just and equal assessment to all, without favoritism. You will make no mistake by voting for him.

**A GOOD MAN FOR COMMISSIONER.**  
Mr. Smith has always taken a deep interest in county affairs and especially in road work and in his precinct has held the office of Road Supervisor many terms and is now the Supervisor for Macksburg precinct. He has never held office except Road Supervisor.  
In his own business affairs he has been very successful and now owns one of the best and highly improved farms in Clackamas County. A thorough business man in every respect, he will if elected to the office to which he aspires, work for the interest of all of Clackamas County.

**Mr. Myers**, Regular Democratic Candidate for Coroner. Mr. Myers has recently purchased the undertaking business of Shank & Bissel and is in a position to handle the office of Coroner to the satisfaction of the people of Clackamas County. He is the regular Democratic Candidate and is receiving the hearty indorsement of his party with a most flattering backing from the Republicans who believe in passing the office of Coroner around instead of permitting its continuance in the hands of one who has had control for some sixteen years; and it is their expression that there is little consistency in keeping one man in office a length of time covering about 15 years, and turn down others who may have been in some office not to exceed three. Mr. Myers is a young and energetic man, is most capable and well informed in his chosen profession, having spent some time at the business and recently put in about three years with J. P. Finley & Son, undertakers and Embalmers, in Portland. Mr. Myers is warming up to the political situation and is making a most strenuous canvass which from present indications points to his election for Coroner.

**At the Oaks.**  
It requires a hardy man to smile calmly in the face of death. Under the stimulus of patriotic excitement, in the rush and strife of battle, men have

noted for bravery. To coolly take one's life in hand and dash with it to the brink of the grave with a smile on the lips and no tremor in the muscles is something which not everyone can do. Yet there is a man in Portland today,

who has often done this thing, who, in fact, makes it a business to brave death. He has looked the black angel in the face so many times that the sensation has lost its awe for him. This man is Harry Breton, who, when the Oaks opens for the Summer season May 16, will make his bow to the people of Portland and vicinity in his daredevil automobile ride.

Breton's ride is a sensation in itself and throughout the East has made him the center of many scenes. He has an automobile made of steel throughout and weighing something like 500 pounds. It is equipped with a 3½ horsepower engine. This machine is driven down a steep incline constructed high in the air at a speed which after a swoop down a 45 per cent grade equals a mile a minute. At the foot of the incline is a gap of 25 feet and across this the car is driven. After the gap is jumped, the car is run out onto the roadway and brought to a standstill.

The least swerving of the steering gear would send the driver to instant death. The slightest lack of calculation would end the ride with the funeral of the driver. Many times Breton has had thrilling escapes but so far has escaped serious injury. He will be the principal feature at the opening week of the Oaks beginning May 16.

G. A. Harding and two sons, Lee and Floyd; C. H. Canfield and sons, Raymond and Wallace, left Wednesday morning for Seaside, where they went to view the fleet as it passed Tillamook Rock. They returned home Wednesday evening, and report that they had a magnificent view of the passing fleet, for an hour. The weather was favorable, and no fog to obstruct their view.

**The Most Common Cause of Suffering.**  
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected, the relief from pain which this Liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Muntley Bros., Oregon City and Molalla.

**Saved From Being a Cripple For Life.**  
"Almost six or seven weeks ago I became paralyzed all at once with rheumatism," writes Mrs. Louis McKey, 913 Seventh Street, Oakland, Cal. "It struck me in the back and extended from the hip of my right leg down to my foot. The attack was so severe that I could not move. In bed and was afraid that I should be a cripple for life."  
"About twelve years ago I received a sample bottle of your Liniment but never had occasion to use it, as I have always been well, but something told me that Sloan's Liniment would help me, so I tried it. After the second application I could get up out of bed, and in three days could walk, and now feel well and entirely free from pain."  
"My friends were very much surprised at my rapid recovery and I was only too glad to tell them that Sloan's Liniment was the only medicine I used."
