PRICE OF BUTTER DOWN

CALIFORNIA VEGETABLES ARE ARRIVING IN THE LOCAL MARKET.

LARGE CROPS OF FRUIT

Weather is Unfavorable to Strawberry Growers—Large Crops This Year.

The present rains are not very encouraging to the strawberry growers of the county, as it has prevented the large crops from ripening, but a few warm days will be a great benefit to the growers. Many of the groves expect to bring berries into market by the latter part of next week, and by the first of June they will probably move freely in the local markets. The berries that are at present in the market are from California. Many of the berries have been shipped before they have ripened, and do not find a ready sale like the Oregon berries.

Vegetables are coming into the market more freely this week, although the large demand for same soon exhausts the dealers' supply. Oregon cabbage is out of the market and California cabbage is being shipped in. California old onions and cauliflower are also among the California vegetables that were received by the local merchants during the week, and bringing a wholesale price of \$2.25 per hundred. All of the California vegetables that are being received are in fine condition. The early fruit will be of a large crop. The rains are benefiting the crops to a large extent. Many of the farmers of the county have planted more corn than last year, as there was a shortage last season. During the past week the price of ranch butter has gone from 40c and 50c per roll to 35c and 40c, and creamery from 50c and 60c to 45c and 55c per roll. Eggs are bringing a wholesale price of 17 1/2 cents per dozen, and retailing for 20 cents. There is a big demand for the ranch eggs. During the past week several large hop deals were closed in the county. Trade in the potato market is very good, but the dealers are buying mostly on orders at the present time, as the present conditions are too risky to indulge in too heavy purchases.

"The Old World and Its Ways." By William Jennings Bryan. This remarkable book of 575 pages, voluminously illustrated and elegantly bound, has been issued by "The Thompson Publishing Company" of St. Louis, Mo., and is sold by subscription. We would advise our young friends who are out of employment to seek the agency and canvass for this book. It is certainly one of the most readable, entertaining and edifying volumes we have read in a long time. It was almost like retracing our first trip around the world, with less than one-hundredth of the time required for our "first trip."

PARKPLACE GIRL GETS PRIZE.

Miss Olga Hansen Honored by Oregon Sons of the Revolution. A Clackamas county girl, Miss Olga Hansen of Parkplace, won the first prize, \$20 in gold, offered by the Oregon Society of the Sons of the American Revolution for the best essay on a revolutionary subject. Miss Hansen chose for her subject "The Flag of Our Country." Essays were submitted by pupils from many of the schools all over Oregon. The object of the contest is to encourage the study of American history in our schools and to promote the love of country in the pupils. The remaining three prizes were awarded as follows: Second Prize, \$15—Miss Laurose Bailey, North Powder, Union county; subject, "The Flag of Our Country." Third Prize, \$10—Otto Purcell, Parkplace, Clackamas county; subject, "Washington, the Great Leader." Fourth Prize, \$5—Miss Lucille Hart, Albany, Linn County, Oregon; subject, "The Treason of Benedict Arnold."

Granger's Expression. From the splendid condition of business thrift and enterprise seen on every hand by the Grangers of the state, at Eugene last week, it is evident that local option, a "dry town" or even prohibition, works no injury to any business, save the "wet goods" industry. J. W. THOMAS, Molalla, Ore.

Business Opportunity. Confectionery Store, Post Cards, Ice Cream, Cutlery, Stationery, etc. I have two stores, one invoice \$1100; the other \$350. Will sell just now as I have other opportunities to invest. Stores are in Oregon City. Will trade either or both for farm, or grazing land. Address: Owner, care of Courier, Oregon City.

All the Gold in Georgia Could not Buy-

Roding, Ga. August 27, 1906. Messrs. E. C. DeWitt & Co., Chicago, Ill. Gentlemen— In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1903 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life savor. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on using it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, G. N. CORNELL.
