THE LIFE OF TRADE. The last issue of The Courier contained over 1200 inches of advertising. It was necessary to put out a fourteen page paper which would be equal to more than sixteen pages of the average eight column County Weekly.

What does so much advertising space, so much publicity by entering business men suggest to you? Publicity is life of trade. It is the stimulant that makes a community grow and prosper. Locally it tends to center trade in the home markets. It doesn't matter whether Clackamas County money is spent in Canby, Estacada or Oregon City or any other Clackamas County town.

The woman suffrage amendment is to come before the people of Oregon for the fourth time on election day. Why should it be necessary to vote upon this question every two years? The suffragists know, as do all women, that when the majority of women want a thing done, that thing will be done.

The convention of governors called by the President, which held its sittings in the East Room of the White House, has awakened the question, which, however, never sleeps, of state rights and centralization. Considerable oratory was expended at the White House and other places in Washington during this three or four days' convention and the expressions "indivisible states" and "indivisible union" were heard and cheered on every side.

It is true that Clackamas County dealers are largely if not entirely to blame for the common belief that money can be saved by trading in Portland. They have not given sufficient publicity to their business to make the public understand that extremely large stocks of goods are carried here at home and there is a general feeling that there is not sufficient variety here to select from.

More than a billion of dollars was appropriated by the Sixtieth Congress before its adjournment, the 22d of May. The exact figures will not be known for several days, but at present they appear to aggregate \$1,926,000,000. This is the largest appropriation ever reached by Congress in a single session.

It is said that there is an understanding that Secretary of State Root, either before or after Taft's election, will be appointed as Chief Justice of the United States. There is, of course, no vacancy in this office. Justice Fuller, appointed by Cleveland is an old man and has a right to retire on full pay, but as far as is known, he has shown no intention of doing so.

spectable and creditable stores. Oregon City business men have it in their power to make this town the busiest market town in the State and while the foregoing may or may not be written from the standpoint of self interest, just think it over and possibly you will conclude that there is an idea at the bottom of it.

PUT JUDGMENT IN YOUR BALLOT

Next Monday you vote. Don't be a stick and don't be a machine. Think where you can mark a cross and do your community some good. Don't say it makes no difference and shut your eyes as you go down the ballot marking it indiscriminately.

You are going to have your say about hiring men to work for the County the next two years. Every man in Clackamas County helps to pay these men their wages. Science, the best man for the job. You don't care what the color of his hair or what the shade of his politics. If he's a populist and can give you the best service for the money you are paying him, give him the job.

WOMAN SUFFRAGE ONCE MORE.

The woman suffrage amendment is to come before the people of Oregon for the fourth time on election day. Why should it be necessary to vote upon this question every two years? The suffragists know, as do all women, that when the majority of women want a thing done, that thing will be done.

The convention of governors called by the President, which held its sittings in the East Room of the White House, has awakened the question, which, however, never sleeps, of state rights and centralization. Considerable oratory was expended at the White House and other places in Washington during this three or four days' convention and the expressions "indivisible states" and "indivisible union" were heard and cheered on every side.

It is very clear that you acquired what my Methodist friends would call "saving capital" of the right-fulness and power of Statement No. 1 after the June election in 1906, because you helped to organize the legislature of 1907 in its favor. Then it was clearly good politics for a popular Democrat to help Statement No. 1 if he wanted to be United States Senator.

Remembering these things, are you not something of a pharisee, a "Holler than thou," when you accuse Mr. C. G. of being untrue to the principle because he does not seek to elect about 35 Democrats and five Independent Statement No. 1 candidates for the legislature, instead of 40 Republicans who were nominated by the Republican voters of their districts, notwithstanding their refusal to sign Statement No. 1? You did not do so much as try to nominate Statement No. 1 Democrat Dawson against anti-Statement No. 1 Miller two years ago, and there were other cases. Is it only for the good of the principle that Mr. C. G. shall antagonize those 40 Republicans? Or is it that thereby C. G. would be driving into the Chamberlain corral?

It is more than a year since friends said to you that no man in Oregon could do so much for Statement No. 1 as yourself and only by declaring that you would not be a candidate to succeed Senator Fulton, and that you would give all your influence to the success of the principle by working for the election of none but Statement No. 1 members of the legislature this year. If you had done that, working for the nomination of Independent Statement No. 1 candidates against the successful anti-Statement No. 1 Republican nominees, and at the same time had employed your eloquence in your party councils to persuade your friends not to nominate Democratic candidates for the legislature, as Democrats, the victory this year would have been so complete that no one in Oregon would ever again refuse to sign Statement No. 1. Then there would be no doubt about the next legislature electing a Democrat candidate for senator if the people should give him the highest number of votes in June.

His laugh resounds through the corridors of the War Department; his foot is on his native beach and his name is Taft. He is fresh from the tropics and optimistic with regard to the Canal, which he says might be dug in three years and finished, if it

were not for the more difficult work of building the Gatun Dam and locks which are to lift the great ships of peace and of War (President Roosevelt says they are all the same) up eighty feet or more or to let them down, as the case may be.

OPEN LETTER TO GOVERNOR CHAMBERLAIN.

Oregon City, Or. May 24, 1908. Hon. George E. Chamberlain, Salem, Oregon.

My Dear Governor:—You ask with some scorn "Why should I quit the race for Senator?" For the same reasons that you should not have entered the race.

First. Because the Statement No. 1 principle has not yet gained a decisive victory, and until it does the Republican legislature will not elect you or any other Democrat. Only 25 Statement No. 1 Republicans were nominated out of 75 candidates to be elected this year. Unless the people elect many more Democrats to the legislature than they did two years ago, there will not be enough Statement No. 1 members of the legislature to elect you, even if you get the popular vote in June.

Second. Because your influence would be very much greater for the election of Statement No. 1 members of the legislature if you were only an advocate of the principle, instead of being also a candidate for the office, and you would thus have greater influence than any other Democrat in electing Statement No. 1 members to the legislature.

Third. Because as a candidate you are representing to the people that Statement No. 1 is sure of such a majority in the legislature that you will be elected by that body if you get the highest number of votes in the June election. Every politician in Oregon knows that is not true, and thus you risk defeat of the principle for the doubtful chance of gratifying your selfish ambition to be senator.

Your public reference to my action in the recent campaign and your statement as to your own work for Statement No. 1, requires some further answer. I do not wish to detract in any way from the true value of your service as Governor, though you probably do not underestimate even that, but as to Statement No. 1, your claims are much greater than your performance.

In the campaign of 1902, under the Mays law for the people's selection of United States Senator, Governor Geer defeated Mr. Wood by a majority of about twelve thousand votes. In the legislature of 1903 Mr. Wood publicly advised every Democrat member to vote always for Governor Geer because he was the people's choice, and therefore should be unanimously elected by the legislature. You did not add the weight of your endorsement to Mr. Wood's advice, nor did you then advocate applying the Statement No. 1 principle to the election of Governor Geer as Senator.

Again, when Senator Mitchell's death in 1905 caused a vacancy, instead of appointing Governor Geer, who was the people's choice by a twelve thousand majority, or even Mr. Wood, who was the choice of your party, you went far outside the ranks of the reformers and appointed Mr. Gearin. When you appointed Mr. Gearin in 1907 you were not yet convinced that the Statement No. 1 method of enforcing the Mays law for the people's direct election of U. S. Senator was a practical thing for a politician, though you had been a member of the League which proposed the law to the people in 1904.

In the Statement No. 1 campaign of 1906 you did not make any great effort for the principle. Anti-Statement No. 1 Senator Milton A. Miller is one of your warmest Democratic friends and admirers and he promised some of the Republican anti-Statement No. 1 leaders that if they would help elect him, he would never vote against the principle.

He was elected, and he did not. He was elected on a platform of supporting the nomination against a good Democrat who had signed Statement No. 1. You did not lift your voice for the Statement No. 1 man. That case is a sample of your devotion to the principle of Statement No. 1 in 1906. I could give other examples.

You were a candidate for re-election in 1906. I listened to your mastery two hours speaking at Oregon City, in praise of the work you had done as governor, but you never mentioned Statement No. 1. Neither did I hear of your spending time speaking for the Statement in other places, and I was listening.

It is very clear that you acquired what my Methodist friends would call "saving capital" of the right-fulness and power of Statement No. 1 after the June election in 1906, because you helped to organize the legislature of 1907 in its favor. Then it was clearly good politics for a popular Democrat to help Statement No. 1 if he wanted to be United States Senator. Never Without Pe-ru-na in My House

So Writes Mr. C. G. Conyers, Hot Springs, Arkansas.

There Are a Multitude of People in the United States Who Have Been Restored to Health By the Use of Pe-ru-na.

There are a multitude of people in the United States who have been restored to health by the use of Peru-na. There is no use trying to deny this fact. As a rule, doctors dislike to admit it. There is now and then a courageous doctor who does admit it, however. In such cases Peru-na is prescribed by the doctor himself. Even though the doctor suffers pecuniary loss by such a transaction his patient is benefited, which ought to be the doctor's chief concern.

We do not claim that doctors generally prescribe Peru-na. But we do claim whenever Peru-na is intelligently prescribed it rarely disappoints either the doctor or patient.

MR. JAMES P. BRACKEN.

Nasal Catarrh and Indigestion. Mr. James P. Bracken, 610 Tenth Ave., New York City, N. Y., has occupied the office of Water Inspector of New York City for the past fifteen years. He carries on an extensive plumbing business at 610 10th Ave. He is Post Deputy of Grand Knights of Beignia Cella Council Knights of Columbus, N. Y. He writes as follows: "For nearly a dozen years catarrh has bothered me in one form or another. I was troubled with nasal catarrh that had affected my stomach, which troubled me most in the morning. My appetite was poor, and I did not seem to relish my food. Indigestion bothered me at times, also. I was advised to take Peru-na, and I took it as prescribed for a month when my cure was almost complete. Today there is not a trace of catarrh in my system, and I can say without hesitation that Peru-na cured me."

Kidney Disease. Mr. Samuel A. Paxton, 1118 Troost Ave., Kansas City, Mo., member I. O. O. F. and National Annuity Association, writes: "I am a well man today, thanks to your splendid medicine, Peru-na. I was troubled with catarrh and kidney disease of long standing when I first began using Peru-na. I soon found I was getting better, and continued taking it for four months. It cleaned out the system, leaving me well and strong and feeling better than I have in years."

Blindness and Constipation. For years I was troubled with blindness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have gone today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Huntley Bros, Oregon City and Mo.

Skating Party. There was a skating party at the rink last Friday evening and all had the most enjoyable time of the season. Those present were Misses Wanda Baxter, Lillian Gillett, Edith Burke, Mary Ott, Ethel and Effie Jefferson, Helen Pollock, Cynthia and Rhoda Pace, Jennie Schatz, Leila Moreland and Alice Moore; Masters Walter Friffin, Harry McClure, Walter Yoder, Joseph Jackson, Ray Welsh, Theodore Marley, Leslie Burdette, Gilbert Morris, Gilbert Harris, Ernest Blakeslee, Vain Jefferson, Albert Estes, Albert Frederick, Charles Holmes, Melvin Priebke, Fred Wilcox and Roy Ott.

MR. C. G. CONYERS.

Colds and Stomach Trouble. Mr. C. G. Conyers, Pres. Cold Storage Ice and Coal Co., Hot Springs, Ark., writes: "I had been troubled with a very serious case of catarrh for a number of years. Having tried many prescriptions by good physicians, I found myself no better. "On the advice of a friend who had used Peru-na with good results I purchased a bottle. The results were so good that I continued using it. Have, perhaps, in the last three years used a dozen bottles, which have kept me from the trying troubles of catarrh. I am never without a bottle of Peru-na in my house. "One always gets relief from colds and indigestion if you have Peru-na."

Catarrh of Bladder. Mr. Michael Rooney, 26 Fifth St., Watervliet, N. Y., writes: "If I had known of Peru-na years ago I should have been saved much suffering. Under carelessness and exposure in my younger years my system got into a very bad condition before I was aware of it. "My doctor thought that I had catarrh of the bladder and duly prescribed for me, but nothing did me any good. "My friends advised me to try Peru-na, for which I am very thankful, as it has cured me in two months, and I am in perfect health."

Catarrh of the Head and Stomach. Mr. Frank Richter, of 309 East 2nd St., Winona, Minn., writes: "I take pleasure in recommending Peru-na for catarrh of the stomach. Peru-na cured me, and I know it will cure any one else who suffers from this disease. My catarrh was principally located in my head and stomach. I tried many remedies without success. I read of Peru-na in the papers, and five bottles cured me."

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick-headaches, they cannot be excelled. Ask your doctor about this.
