## The New Gold Fillings

We never have to tell you that "YOUR TEETH ARE TOO SOFT TO HOLD GOLD FILLINGS" We mastered that difficulty long ago.

We put Gold Fillings in those so-called "Soft Teeth" that do not come out. Our Gold Fillings, no matter how large, cannot come out when put in by our new process. They are solid as rocks and strong as iron. Call and see them.

## THOSE WHITE FILLINGS

We never fill your teeth with Cement or Artificial Enamel and tell you "IT WILL LAST AS WELL AS GOLD" for it will not and we know it. So do others.

## ..Artificial Teeth..

We will make you a set of Artificial Teeth that will LOOK well, WEAR well and PLEASE you.

## Crowns and Bridges

Our Gold Crowns, Porcelain Crowns and Bridges are works of art and stand the test of time. We guarantee our work, but our best guarantee is our 18 years of successful practice in Oregon City. You can always find us at the same place.

## Farm For Sale

Our business is to show investors that Clackamas county farms are better investments than U. S. gold bonds.

There are many real estate signs in town but the office over the Bank of Oregon City continues to do the real estate business of the county.

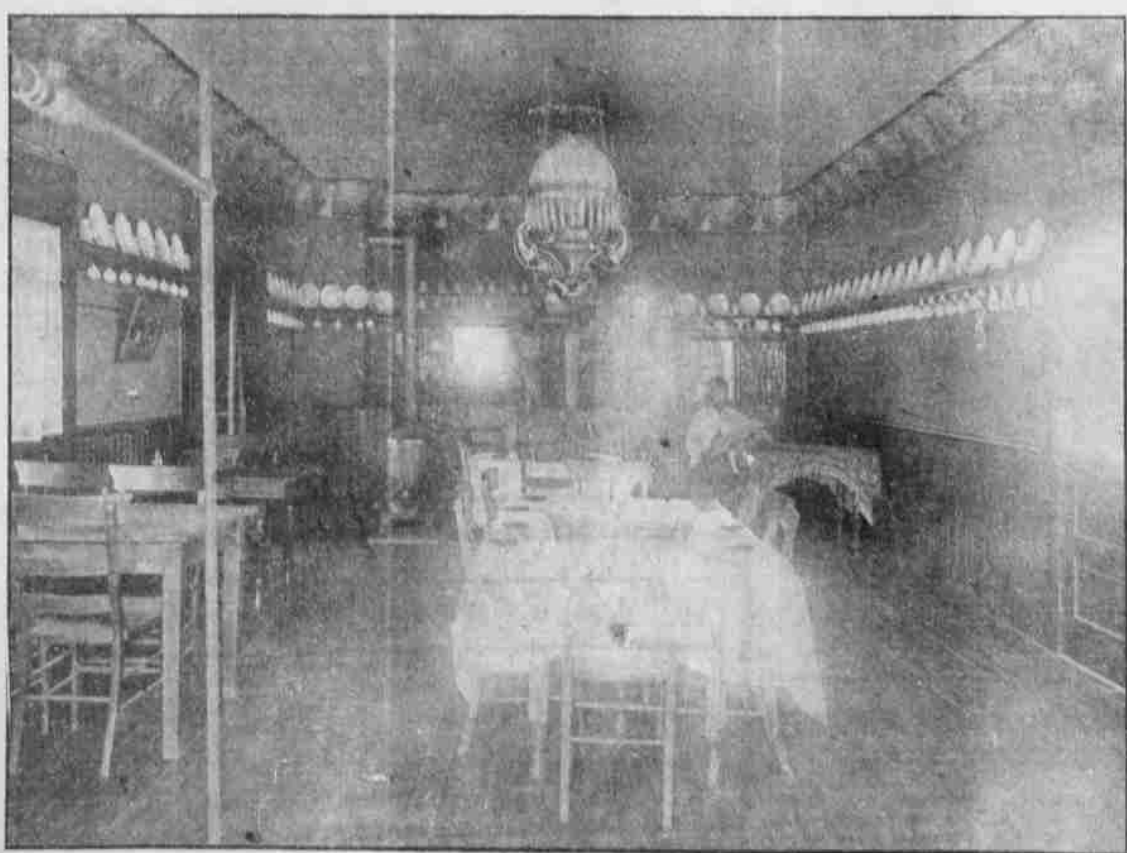

## Get Down to Business

If your farm drags on the market let's talk the matter over. Maybe you need the services of a live agency. The "con" talk of the amateur agent won't sell your land. For results see
