

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France
So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

Simple Oil of Wintergreen Cures Eczema and Drives Out Old Foggy Treatment.

If you were to hack your finger or scald your arm, you would apply some healing remedy as soon as possible, wouldn't you?

That would be good common sense and it would bring the quickest relief. You surely would never think of drinking medicine or doctoring the blood to cure a surface affliction.

It's just the same principle with diseases of the skin. Eczema, psoriasis, salt rheum and barber's itch can be cured and cured easily if you strike right at the trouble as you do with the cut or burn.

The cause of itching, burning skin diseases according to modern science is a germ which feeds upon the weaker parts of the skin. To kill these skin bacilli which produce the itching sores and ugly red blotches, use the famous prescription of oil of wintergreen, glycerine and thymol, commonly known as D. D. D. Prescription. This mild liquid was advocated by a prominent skin specialist, Dr. Dennis of Chicago, long before it was adopted generally. This liquid is called D. D. D. Prescription. It is a positive specific for all skin diseases.

Don't dose the stomach. Cure the skin through the skin. We know D. D. D. and vouch for it. Call at our store and let us explain. Jones Drug Co. Booklet on skin diseases free.
