"Grandma Bailey," a well known resident of Clackamas, is lying very low. Mrs. Bailey has been an invalid for many years. Her release is expected at any moment.

Dodge.

The Dodge Sunday School attended the Children's Day services at Springwater Sunday. The Dodge choir gave a song and Mr. Fred Horner sang a solo. The program was very good, and everybody enjoyed themselves. Mr. Myers and Mr. Nash went to Estacada Saturday and drove across the bridge with the team. When they came back the bridge had sunk several inches and they were obliged to drive down the river to Baker's bridge before they could cross the river. They reached home early Sunday morning. Miss Belle Howard is expected home Wednesday, the 17th. She has been working for Mrs. Harding, of Oregon City for some time. We will be very glad to have her at home again.

Mr. Millard has sold his five acres near Kennell station. Mr. Deik has sold two acres and a new house will soon be erected upon the tract; also one upon an adjoining tract.

Russellville.

There are many changes in this country, but the rain continues to fall, late planted corn that looked green, now looks like the yellow kind. This is a good time to sow turnips. Coyotes are still finding plenty of goat meat—they are sometimes seen in the day time. This country has been visited by road viewers and surveyors; they have located one road and are surveying down the Soda mountain. Road work has been suspended on account of bad weather. Mr. Wingfield and wife went to Canby a few days ago with 140 dozen eggs and 114 pounds of butter. Archie Boyles made a trip to the mines on Oak Creek. He reports some snow on the way. He is going to escort James Adkins to the mines in a few days. He also reports Fairclough miners striking a rich streak in their mine. Miss Bulah Ramsey has returned home from Albany where she had been attending school. Miss Bertha Newton is expected home from the same school. B. F. Boyles is making long strides building a new house, most men in this community are carpenters and do their own work. Miss Myrtle Boyles is going to stay with her grandmother a few days in the near future.

Stones.

Mother Earth is being well wet up and the farmers will be blessed with another bountiful crop in Clackamas County and Western Oregon this year, though this is nothing new for this great Willamette Valley country. Here is a clipping from The Bloomington Advocate, a Franklin County paper, of Nebraska, of the 12th inst: "The hail storm last Tuesday, the 9th inst., over south of the river causing a strip several miles square, doing the most damage at Tom Yocum's, all kinds of grain and garden truck was pounded into the earth several inches deep. At one man's house it pounded holes through the shingles." Here is a clipping of what one man saw of cyclones at Riverston, Franklin county, Neb. Mr. Shephardson said he knew there was seven distinct cyclones in Riverston last Friday, for he saw them as he stuck his head out of the cyclone cellar. The school district No. 29 chose J. G. Mumpower for director at the election, and J. J. Hatton for clerk. Will raise four hundred dollars, have 8 months' school, and ordered the board to enlarge the house. Stone is to the front in school privileges as well as most all other good enterprises. The Damascus people are trying to build roads this wet spell. They come clear down to Stone for material to build a solid road, and bulge into Clear Creek to get gravel to put on their mud roads. The Clear Creek Company's butter maker comes to the front with 23,000 pounds of butter for May. The price of butter is 24 1/2 cents per pound. Over \$5,000 of butter products out of this creamery in one month. Elder G. P. Rich will preach at the Baptist church at upper Logan on the 8th of June at 11 o'clock A. M. Every body invited.

Maple Lane. Maple Lane people were quite fortunate in not having much hay down during the recent rains, although a good deal is ready to harvest. Orley Pace will move to Oregon City, where he will be near his work. Driving to town at 5:30 A. M. is not very much like his liking these cool mornings. The grange hall makes quite a different appearance since it received its new coat of white paint. Don't forget the picnic at the grange July 4th. Mr. Simpkins had the misfortune of stepping on a nail and running it through his foot. It was necessary to call a doctor and it was several

This remedy is for sale by Huntley Bros., Oregon City and Molalla.

Born in Iowa. Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Elnis Bros. This remedy is for sale by Huntley Bros., Oregon City and Molalla.

Marks Prairie. A large amount of clover hay has been badly damaged by the rain of the past few days on this prairie. The hop crop will be very light; not one-half crop will be raised.

Stafford. The sun shone Sunday, Monday and Tuesday in Stafford and the queercous look upon the faces of men with clover to cut has given place to genial smiles as they mount the mower and with one eye on the sky proceed to the field. Mr. Schatz has gone to the hot springs in the hope of getting better of the rheumatism, which has afflicted him for some time. Miss Susie and Rosa Schatz have gone to Newport on a vacation. Miss Ruby Thompson and Henry Koelmeier were married at the home of the bride at 5 P. M. on Wednesday. May contentment and happiness attend them. Mr. Wagner, who has been a resident of Wilsonville for a good many years, died and was buried Wednesday in the Stafford cemetery.

Archie Weddle has gone to Jefferson to visit friends. Julia Weddle is entertaining a young friend from Oregon City this week. The past few days has ripened the strawberries fast. They are to be had at a dollar a crate. Mr. and Mrs. Powell entertained a house full of relatives from Portland Sunday. Mr. Bring goes Tuesday to Newport to attend the Soldier's reunion. Our enterprising young townsman, Henry Toedemeyer has been bringing us excellent beef lately.

Stimulation Without Irritation. In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating. These organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take.
