

STRAWBERRIES ARE PLENTIFUL

GRAIN AND FRUIT YIELD WILL BE LARGE THROUGHOUT CLACKAMAS COUNTY.

RASPBERRIES IN MARKET

Berry Crop is Larger Than It Has Been For Many Years—Royal Ann Cherries Are In.

The present weather is good for the crops that are to be large all throughout Clackamas County. Never before were the prospects brighter for the farmer than it is today. The grain crop as well as the fruit crop will be large, and the fruit trees are heavily laden with fruit. The recent rains did not injure the strawberries, as was feared, and this week the market is overstocked with berries, selling on Tuesday at 75 cents per crate. Many of the strawberry plants are filled with berries yet to ripen, and it is presumed that berries will be in the market by the middle of July.

Raspberries are ripening, and on Monday the first raspberries of the season were brought into the local market, and brought a wholesale price of three boxes for 25 cents, but the demand was so great that there was not enough to supply the demand.

The Logan berry crop will be larger this year than that of last, and there is always a ready sale for these berries, and always demand a good price. R. O. Pierce, who resides on Falls View, says that the crop of these berries will be the largest he has ever had. Mr. Pierce's vines are heavily laden with the fruit, which is rapidly taking on color. He has taken special care of his berry vines, and the fruit they bear find a ready market.

The farmers have no fear of the present warm weather cooking the ground in which the oats and wheat are planted, as the grain has taken on sufficient growth so as to shade the ground.

There is a good crop of hay throughout the county.

Eggs are moving freely in the markets and are bringing a wholesale price of 17 1/2 cents per dozen.

Hides are selling at a ruling price; pelts are moving well at quotations. Wool is in good demand.

Dressed meats—Veal and hogs are in good demand and selling at current prices. Hogs have gone from 7 cents to 7 1/2 and cents per pound. Chickens have gone down considerably in price during the past few days.

Dried fruit that has been selling at 8 and 9 cents per pound is selling at the wholesale price of 6 and 7 cents per pound. Large quantities of fruit will be dried throughout the county this year, as the prices paid for same during the winter by the wholesale firms was satisfactory to many of the farmers who sold to them.

Oregon new potatoes are in the market and are bringing a price of one and one-half cent per pound.

Hams and bacon have advanced from 18 cents to 19 and 20 cents per pound.

Oregon cherries are in the market, and the Royal Annes that have been brought in are selling at 8 cents per pound for well selected ones. Black cherries of good varieties are selling cheaper.

California cantaloupes are arriving in the markets and are retailing at 10 cents.

GLENMARRIE BERRY IS PRODUCTIVE.

L. E. Gardner, Clackamas County Fruit Raiser, Meets With Success.

L. E. Gardner, who resides near Garas, in Oregon City on Wednesday with a load of strawberries. Mr. Gardner is one of the leading farmers and fruitgrowers of the county, and has 70 acres mostly under cultivation. Mr. Gardner has one acre in strawberries, and among the varieties he has is the Glenmarrie, a new variety, and this is the first year that the vines have borne any fruit, as they were planted a year ago this spring. Mr. Gardner says that this variety is very productive, and this year's yield was good. The berries are luscious and are good for canning and table use. He also has the Magoon and Marshall, and his harvest from these vines this year was larger than any previous year. The berries that are bringing to the city market always command the highest market prices. Mr. Gardner has also gone into the poultry business on a large scale, and has just finished the construction of a new \$200 poultry house. Surrounding this building is an acre of ground, fenced, which gives his thoroughbred Brown Leghorns and Plymouth Rocks plenty of range.

Miss Leila McCarver Is Given Cherry Party in Honor of Birthday.

Miss Leila McCarver, of Portland, piece of Mrs. C. C. Babcock and granddaughter of Mrs. Mary McCarver, of this city, was given a cherry party at the home of Mrs. Babcock on Wednesday afternoon in honor of her fifteenth birthday. Only a few Portland friends of Miss McCarver and relatives were present, who spent a most delightful day, having come on the 10 o'clock car and returning in the evening. A birthday dinner was one of the main features of the day. The house decorations were artistic and beautiful. The dining room was decorated with festoons of flags of all nations, and from the festoons were suspended brilliant wonder candles. With the room darkened and these lighted, it presented a very fascinating scene. Miniature flags, palms and ferns also formed a part of the decorations. The table was also prettily decorated in flowers of patriotic color to correspond with the other decorations of this room. A birthday cake ornamented with lighted candles added to the decorations. Each guest was presented with a patriotic souvenir of the occasion.

During the afternoon several vocal and instrumental selections were rendered by the Portland guests, after which they adjourned to enjoy the shade and delicious fruit of a large cherry tree on the lawn. Mrs. Babcock was assisted in the entertainment of the guests by Miss Anita McCarver, Mrs. C. A. Babcock and Mrs. Harry McCarver, of Portland. WISE TALKS by The Office Boy

GEE, tomorrow is OLD GLORY'S Day and I can hardly wait for it. One hundred and double-three years since One double-seven six—and still we grow—46 stars in the good old flag and more to follow. When you pause to think what those stars and stripes stand for, can you wonder that July the Fourth is called "The Glorious." Sure, we live in a glorious country and a glorious State and a grand old town. There will be a hot time in the grand old town, all right, but when you are thinking up the events of tomorrow and the 50 ways to celebrate, and what a prosperous country we live in, think nice things to eat to match the day. We will be open until 9 Friday evening, but we'd like you to call early in the day if you need anything more and give us a chance to wait on you properly. The store will be closed all day Saturday. And whatever you do, don't overlook the fact that this is the grand old summer time, and we say hurrah to all for the Fourth.

Miss Sattie Sullivan, Accomplished Musician, Gives Recital.

The recital given by Miss Sattie Sullivan, daughter of Mr. and Mrs. T. W. Sullivan, of this city, at the McLaughlin Institute on Wednesday evening, was one of the most successful musical entertainments ever given in this city. At her recent recital mentioned above, she was assisted in a most capable manner by Miss Audrey Davis, of Salem, who is a student of the Mount Angel Academy and College. Miss Davis has really a wonderful voice, with a very small range, reaching extremely high notes with a clearness and sweetness noted by many prima donnas. The following program was rendered at the recital on Wednesday evening:

There was music, song and social events; cake, strawberries and cream were served. All had an enjoyable time, expressing many compliments to Mr. and Mrs. Gardner for their hospitality.

Last Sunday afternoon the sprinters of Beaver Creek met on the Grisevalth oak grounds, the "singles" against the "doubles"—married men. The "doubles" won 36 to 6. The "doubles" out-manuevered the "singles" in everything. The "singles" are making extra efforts to secure the next game, while the "doubles" are quietly cultivating their crops. There will be another contest next Sunday afternoon with doubtful prospects for "doubles." Bring your girls.

DECEPTION IN REPORTS.

Two Succeeding Reports of Same Institution Show Peculiar Differences. A comparison of the reports of the municipal electric light plant of Allegheny for the years 1904-05 and 1905-06 reveals one of the most baffled attempts to deceive the public that has yet come to our notice. The managers of this plant had deemed it necessary to show a lower cost for street lights than was paid by the adjacent city of Pittsburg to a private company. Up to 1904-05 this had been accomplished by omitting the charges for water, lost taxes, part of the interest and some minor items and by charging only 5 per cent for depreciation. In that year they showed a "cost" of \$88.44. At that time, however, the charge for street lights in Pittsburg was reduced from \$95 to \$76 a year.

In order to meet this bona fide reduction on the part of the Pittsburg company the item of depreciation was omitted from the next report of the Allegheny plant, and a "cost" of \$65.64 was thus shown. This would have been bad enough, but the matter was made worse by this statement, which appeared above the table of costs: "The following charges cover the matter completely." This statement, which is false, as shown by previous reports of the same plant, has been repeated in subsequent reports.

While this is an extreme example of official deceit, it is only a little more brazen than scores of similar reports which are being put out annually ostensibly to give the citizens of various cities information in regard to their municipal plants, but the real object of which is to prevent their knowing expensive is municipal management compared with the average prices obtained by contract with private companies.
