Gentlemen:—In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dr. DeWitt's Kidney and Bladder Pills. I could not digest anything I ate, and I was a miserable creature. I bought a box of your KODOL for Dyspepsia and I took it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, G. N. CORNELL.
