THE STRENUOUS LIFE

Pulls so Hard on the Stomach it Must Have Help.

The stress and strain of the strenuous life in both city and country makes stomach troubles. Five people suffer today where one did ten years ago with sick headache, dizziness, nervousness, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Oregon City and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

So reliable is Mi-o-na that Jones Drug Co. with every 50 cent box they sell, give a guarantee to refund the money unless the remedy cures.

Hidden Motives.

During the eight months from the time of its departure from San Francisco until its return to the home station on the Atlantic coast the fleet will make visits of ceremony to New Zealand, Australia, Japan, China. In strength it remains the same as when under Admiral Evans' command, although the Maine and the Alabama of the original fleet have been detached and are now at Guam on their way home. Their places have been taken by the Wisconsin and the Nebraska, leaving the Oregon, new out of commission, as the only battleship on the Pacific coast.

The better policy would have been to keep at least a division of Admiral Sperry's fleet, since it was already here, on the Pacific coast. Besides, the ships could have been easily spared from the Atlantic fleet, as three battleships have been added to the force on the Atlantic coast since Admiral Evans sailed from Hampton Roads last December. But the fleet for the last year has been handled by Mr. Roosevelt with an eye to political effect. Having given the Pacific coast a taste of the big navy, by withdrawing the fleet again he may hope to stimulate the clamor for a still bigger navy such as his heart longs for.

The mission of Admiral Sperry's fleet in the Orient is one purely of courtesy and friendship. It should help to strengthen the ties of international good feeling. It is hoped that our big and little jingoes in their excitement will not mar the favorable impression abroad by untimely bluster about hidden motives behind this expedition of peace.

TO THE PUBLIC.

We know the Guarantee on Mi-o-na Stomach Tablets is Genuine.

Mi-o-na Stomach Tablets, the quick acting cure for indigestion, is guaranteed—

- To stop flatulence
- To cure stomach troubles
- To build up the system
- To make digestion strong
- To cure the worst case of stomach troubles—or money back.

What Mi-o-na Stomach Tablets did for Mrs. Brewer, of Whiteland, Ind., they will do for you. Read what she writes: "I was a chronic sufferer with stomach trouble for years and the doctors could give me no lasting relief. After using Mi-o-na I can eat anything and feel cured."

Jones Drug Co. sells Mi-o-na under an absolute guarantee to refund the money unless it cures. Try a 50 cent box.

Foot Crushed by Roller.

Monday while assisting in unloading an immense roller for the Hawley Pulp and Paper Company, from the steamer Modoc, Charles DeMaies made a mis-step and caught his foot in such a manner that the large roller was allowed to strike that member on the top crushing the bones very badly. Doctors Sommer and Mount attended the unfortunate man and sent him to Portland where he will receive attention in the hospital. The young man recently came from Minneapolis and is without relative in this section. There is hope that the foot may be saved.

DEMOCRAT PLATFORM

Denver, Colo.,—After more than 54 hours of almost continuous service, the committee on resolutions of the Democratic National Convention concluded its work on the platform, and after a period of revision and rearrangement of sections, the members of the committee headed by the chairman, Governor Haskell, of Oklahoma, with the document under his arm, started for the convention hall.

After the last plank had been agreed upon, Senator Dantiel, of Virginia, and ex-Senator Smith, of New Jersey, announced their intention to support the nominee of the convention and the following platform:

Synopsis.

INJUNCTIONS—Attempt of Representatives to raise issue on attack of integrity of courts resented. Congress should guard against abuse of judicial process. Anti-injunction measure passed by Senate in 1896 should be a law. Injunctions should not issue in cases where they would not issue if no industrial dispute were involved.

LABOR—Right of wage-earners to organize should not be abridged and such organizations should not be regarded as in restraint of trade. Eight-hour day, employers' liability and Department of Labor, including mines, should be enacted.

TARIFF—Tariff should be immediately reduced. Articles competing with trust-controlled products should be free; material reductions made on necessities of life, especially such as compete with American manufacturers sold more cheaply abroad than at home; graduated reductions made on other schedules to restore tariff to revenue basis. Tariff on wood pulp, print paper, lumber, timber and logs should be immediately repealed.

ABUSE OF PATRONAGE—Condemns President Roosevelt for using Federal machinery to force nomination of Taft, thereby depriving the people of the right of selection. Acts not justified by good intentions.

PUBLICITY PLANK—Demands Federal legislation terminating partnership between the corporations and the Republican party; favors law making it felony for any officer of any corporation to contribute or consent to the contribution of money or anything of value to further the election of a President, Vice-President or any member of Congress.

CENTRALIZED GOVERNMENT—Opposes centralization implied in suggestions that the powers of the general government should be extended to curb exploiting interests.

ECONOMY—Denounces heedless waste of people's money by Roosevelt administration; pledges party to stop appalling waste of revenue; money saved by curbing extravagance by indirect taxation.

BANKING—Panic of 1907 shows unwillingness or inability of Republican party to protect country against financial disturbances; causes sins of Wall street to be visited on whole people; condemns Aldrich bill as impairing security of depositors; favors law governing National bank deposits; favors postal savings banks only in case guarantee law cannot be passed and provided money deposited in postal banks be kept at home and not directly turned over to Wall street.

RATE REGULATION—Asserts right of courts to exercise complete control over interstate commerce and the right of each state to exercise control over commerce within its borders; demands enlarged powers for interstate commission giving it the initiative with reference to rates and charges; nationalizes rate to be lawful until approved by commission.

POWERS OF SPEAKER—Pledges party to make House of Representatives again the popular branch of the Government and not the creature of one member.

ARMY OF OFFICE-HOLDERS—Charges Roosevelt administration with building up a bureaucracy by creating 99,319 new offices in six years; as dangerous as purchase of votes at polls.

WATERWAYS—The National Government having control of all navigable waters, should improve its waterways to the fullest capacity; adoption of liberal and comprehensive plan favored; Indoresa scheme to open Mississippi from Great Lakes to the Gulf.

AMERICAN CITIZENS—Insist on full protection for all American citizens, native or naturalized, while traveling or sojourning abroad.

ELECTION OF SENATORS—Favors election of United States Senators by direct vote of the people.

LATIN AMERICA—Recognizes importance and advisability of developing closer relations with Latin-American republics.

TELEGRAPHS AND TELEPHONS—Pledges party to enact law to regulate telegraph and telephone rates through Interstate Commerce Commission.

PHILIPPINES—Condemns "experiment in imperialism as an unnecessary blunder"; favors immediate denunciation of Nation's purpose to recognize independence of the Philippines as soon as a stable government can be established.

INCOME TAX—Favors an income tax as part of revenue system and recommends constitutional amendment giving Congress power to pass law.

CIVIL SERVICE—Favors honest and rigid enforcement of civil service laws, without regard to party.

GRAZING LANDS—Favors leaving establishment of rules and regulations for grazing lands in forest reserves to people of states in which such reserves lie.

ARIZONA AND NEW MEXICO—Urges immediate admission of Arizona and New Mexico as separate states.

NAVY—Declares for an adequate navy for coast defense and to protect citizens and their property in foreign lands.

ASIATIC IMMIGRATION—Opposes admission of Asiatic immigrants who cannot be amalgamated into population of United States.

Oregon City Courier for one year, and beautiful oil painting, all for \$2.00. Send in your subscriptions at once. Over 200 paintings to select from.

OKLAHOMA—New state warmly welcomed to Union.
ALASKA AND PORTO RICO—Demands for the territories all rights and privileges of a territorial form of government; all officials appointed to be residents of territory.
HAWAII—Recommends extension of land laws of United States to Hawaii.
MERCHANT MARINE—Declares for upbuilding of merchant marine without new burdens on people; subsidies opposed.

Help for Those Who Have Stomach Trouble

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Pilsen, Iowa. This medicine is for sale by Huntley Bros., Oregon City and Molalla. Samples free.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly" begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. ou never forget!

Electricity in the Cooking School.

The young ladies of the Belton, Texas, high school in pursuit of culinary knowledge in the domestic science course do all their experimental cooking in electrically heated utensils. Even as good cooking points the most direct way to a man's heart so electricity is the quickest and best heat medium for preparing food-stuffs. The kitchen of the Belton school is one of the best and most up-to-date in the country. It is equipped with a complete line of General Electricity heating utensils, including frying pans, vegetable cookers, chafin dishes, percolators, cereal cookers and electric ovens.

In equipping this domestic science kitchen the health and comfort of the students, as well as perfect convenience and cleanliness, were taken into consideration. It was desirable that the young ladies should work about the kitchen in good dresses and that here should not be any disagreeable and unhealthy gases and dust. In all these good qualities electricity stands alone, so the kitchen was wired for the electric devices and now there are no dirty coal fires, no dangerous and unhealthy gas pipes or treacherous gasoline or alcohol stoves.
