

NEWS OF THE COUNTY

MILWAUKEE.

J. W. Grasele and son are still unable to keep up with their orders for their new patent pasteboard berry boxes. C. F. Frey and Arthur Davis are building a barn for Mrs. J. E. Black. The Rev. C. W. Flaiz has marketed a fine lot of Logan berries from his place in the Henneeman tract. Morie Lackin accompanied his sister, Mrs. O. E. Meldrum, to Klamath Falls for a short vacation. Capt. Shaw and Wallace Baldwin have returned from Newport. P. T. Davis' new cottage is fast approaching completion. Chas. Mallan and O. S. Mathews are doing the work. Wistar Sellwood bought a fine horse from a party at Condon recently. Dr. J. K. Locke, of 30th and East Madison, who is attending Mrs. Gan- card, reports her gaining in strength gradually and expects her to be able to leave before many weeks for Southern California on an extended trip for recreation and a change. Our enterprising butchers, W. F. Lehmann & Co., have opened a branch market at Centre Station on the Oregon City car line and report a good business from the start. Leo Johnson and Ray Maple left Monday for Fort Stevens with the National Guards, who are to have their annual encampment and target practice. The Milwaukee Band boys are attracting a good crowd of music lovers to their open-air practice concerts and our erstwhile growing suburb is justly proud of them. Ruth Lechler is home again from a tour through the Willapa Harbor section. Ruth is a capital little actress and someday, on far off thespian boards will again for Milwaukee an enviable reputation. Boating on Lake Kellogg is now the pastime of our younger set. Jolly times are had these moonlight nights on this placid lake and the nimrod finds it an easy task to land a black fish or mountain trout. Our real estate men are busy showing people around and Milwaukee is going ahead briskly. The east half of the Keller property has again been placed on the market and is considered the cheapest buy in Milwaukee. Chas. Ballard, our news agent, is contemplating a trip to Tillamook to look over some property interests there. Judge J. R. Kelso is to accompany him on the trip.

NEEDY.

Everybody is busy in the hay, which will soon be ready for harvest. The hops are looking fine in this vicinity. Mr. Thompson's baby has the chicken pox. Miss Maybell Ackerson is in Aurora at the present time. Mr. and Mrs. Hight of Baker City are spending a few days in Needy, the guests of Mr. and Mrs. Molson. Mr. and Mrs. A. W. Elliott took sapper with Mr. and Mrs. Chas. No- blett Monday. Mrs. Molson and Lillian spent a few days in Portland this week. John Swabian and family spent Sunday at the home of G. Brockett. Miss Wilda Elliott is in Oregon City for a few days. The Oddfellows had a social Saturday night which was well attended. Mrs. Elliott and Mrs. Chaker are spending a few days with Mrs. Frank Fish. Quite a number attended the camp meeting at Glad Tidings Sunday. Miss May Price is still in Portland and it is lonely here.

STAFFORD.

We had a special school meeting Monday evening for the purpose of voting upon putting in the ninth grade. They also decided upon the teachers for the next year. After a long illness the little child of Mr. and Mrs. John Wankler died on Monday night. The bereaved family have the sympathy of the entire community. Mrs. Nimic stumbled and fell upon an axe, cutting herself quite badly just below the knee and is still under the doctor's care. Mrs. J. O. Gage visited at Mr. T. F. Turner's on Sunday last. Miss Clara Waelte was home over Sunday.

ELBORADO.

Strawberry picking is about over. Wm. Gunther is hunting his lost calves in this neighborhood. Mr. A. L. Jones made a business trip to his mountain ranch recently. Mother Halvey called on Mrs. A. L. Jones Wednesday morning. Mrs. C. Smith and two daughters are spending a week or two at Soda Springs, but left Irene at home. Miss Edith Ballard is staying with her aunt, Mrs. R. A. Schoenborn.

LOWER HIGHLAND.

The young folks had a dance at George Stovall's Saturday night. Harry Gard went back to eastern Oregon on the plains. He will return to this valley late in the fall. Eli Fellows had a social gathering of neighbors Sunday picking cherries and enjoying the day. Mr. L. Rath and family visited at Dan Fellows' last Sunday. Many people from this section are going to the mountains soon to pick berries. Oscar Noron has friends visiting at his home for a few weeks. Everybody enjoyed the picture show Thursday evening. There were many fine pictures, interesting the crowd for some time. Grain is ripening very fast. Rev. Rhinehart will preach next Sunday at Upper Highland church at 3 p. m. Mrs. Noron was in Portland Monday. Dan Fellows was in Oregon City Monday.

MOLALLA.

Now for Willhoit Springs. Thermometer 88 degrees in the shade. Sunday the hottest day of the season up to this writing. The smoky weather is now in sight. With having over, next we will have harvest coming with a rush. Those new signs you may see when you "come to town" were painted by Mr. Rastall, formerly a coach painter for the Pullman car company of Chicago. The L. O. O. P. Lodge No. 184 had installation of officers last Saturday night: Frank Lay, N. G.; G. W. Meyers, V. G.; Frank Sawtell, secretary; J. W. Thomas, treasurer. At least some of the fish blasters have been caught in the act. Sheriff Heatic came out the other evening and made the arrests. Heretofore these

wanton destroyers have had it easy on the several waters of the Molalla river, killing millions of the "little fry" that have been placed alongside of the native "speckled beauties" by the government, and lovers of the angler's sport. Hereafter they will be taught to fish with less force. Molalla has two new doctors, Dr. Bahall of the Southwest Corner and Huntley Bros' drug store, and Dr. Powell, located at the Powell and Co.'s drug store. Now just get sick if you dare to.

STONE.

Our people have been busy the last week, some going to Chautauqua, others in the hay field and still others picking and canning berries. One of our farmers exploited a little with a wheelbarrow in wheeling in hay, as teams are scarce. He fixed a rack on the barrow and wheeled in the hay. Michael Henrich is selling Royal Anne cherries for one cent a pound and the purchaser picks the cherries. Henrich's farm joins Mr. Byer's farm on the north. Another fellow that lives west of Damascus gives away strawberries. So it appears that Damascus is the place to get cheap fruit. There is talk of having another county out of Clackamas county. It is likely that this kind of a move will take more than a year to carry out. The Portland people tried to make this move on Clackamas county people once but it did not go worth a cent. Shall we discuss the feasibility of the division of our county, or will we wait till we get our electric plant at Stone and then we can move the county buildings to some place where we will be nearer the center of attraction. There are numerous automobiles buzzing out this way. Saturday evening there were three out, and Sunday four or five came along. Oh, but they are dust raisers. The ground around the Clear Creek bridge on the east side is alive with people from Saturday evening till Sunday evening. We notice that some people take quite a privilege of building fires where they ought not to be built. When we get our electric plant at Stone and the cars running over our railroad and our city incorporated careless people will not be allowed to build fires and hunt and shoot around in a careless way. The dry hot weather has not dried up the mosquito here and he is buzzing around hunting for a job to get his machine at work. At Dallas they raise gooseberries three inches in circumference. Clackamas county can beat that a quarter of an inch one way and a half inch the longest way around and on a bush only two years old.

SHERWOOD.

The funeral of the late Daniel Her- rin occurred Wednesday of last week 12 o'clock at the Pleasant Hill cemetery, conducted by Rev. Reed of Hood View Congregational church. Mr. Herin was a pioneer of 1854, having crossed the plains with ox teams in 1854. He was in his eighty-fifth year. He died at his home near here Saturday evening at 6:30 o'clock after a short illness. Three weeks ago he was in the best of health for his age, and visited his married daughter and consins near Salem. He was married in what was then Yamhill county, Ore., to Miss Katherine Westfall at the age of twenty-nine. Mrs. Herin died two years ago this August. To them were born four sons, Louis, Harvey, David and John, and two daughters, Mrs. Ella Seelye, deceased, and Mrs. Jane Gibson, of Salem, Harvey being the only married son and residing in Benton county. He leaves two grandchildren, Ernest and Goldie Seelye of Wilsonville. Mr. Levi Herin of Salem, his cousin, is well up in the eighties.

GLADSTONE.

The Willamette Valley Chautauqua has passed into history. The galaxy of brilliant stars and the meteors that flashed in the Chautauqua heavens for two weeks is rarely equalled. These names have been blazoned before the public and their messages have been deeply imprinted in the hearts of the thinking public. Time will not suffice to efface memories of those busy days and burning speeches. And now that those busy days are over and the horizon clears as the dust settles, the people of Gladstone may justly themselves to the tasks before them. The awe shrouded house begins to loom up like a star of hope to the coming youth and through her windows will go forth the call "Come sit at Wisdom's feet; come drink at the fount of knowledge; come enrich yourselves with the refined gold of truth and

with rubies and diamonds and emeralds of priceless information. The Gladstone Church of Christ ad- journed all services and was absorbed in the larger interests of the Chautau- qua. The Sunday school marched in a body and received free admission. Services at the Christian tabernacle will be resumed next Sunday. Preaching morning and evening with Sunday school at 10 o'clock. The forces of this organization will take no vacation this year. Duty is too pressing and work too important to admit of rest. During the Chautauqua, Miss Lena Hefty was the guest of Rev. Mulkey. She graduated in the same class with Miss Rose Mulkey and has for some time past been teaching in the Cottage Grove schools. Both were members of the Chautauqua chorus and helped swell the melody at all proper occasions. Miss Hefty returned to her home on Monday, Rev. Bates of East Vancouver, Wash., was also a guest of Rev. Mulkey.

Smyrna.

Thresher men are getting their machines in shape for the season's run. There is more good grain in this locality this year than ever before. An infant child of Mr. and Mrs. I. B. Helm, of Canby, was buried at the cemetery here last Saturday afternoon. The Glad Tidings camp meeting closed last Sunday with a large crowd in attendance. Miss Dolly McCormick, Nellie Yoder, Eva Spence, Katie Yoder, Nora Conrad, A. B. Taylor, Clarence Yoder, Fred Eymann, Albert Yoder and Albert Eymann, attended Saturday's session of Chautau- qua Assembly. All staying for the evening programme and coming home in the "wee sma hours." Miss Nellie Yoder, who had been visiting relatives near Logan, returned again last evening. Don't forget Rev. Calder's appointment

at the Milwaukee people in general, and all speak a word of praise for the good times they had and the successful termination of it, as we understand it was a great success financially, intellectually and morally, and pronounced "something different" in the recreation line. O. Koenig has sold out his dairy and milk business to Stearns & Cutler. Robbins and Peterson are to install a mattress factory in connection with the wool carding business. How about that 5 cent fare we have heard so much about? We have not seen where the R. R. Co. has given any increased bond. They are still dishing out the "rebate checks" and the people are taking them. The question now is: When can we cash them in? It is up to the Railroad Commission to demand an increased bond, in order to see where the value of this scrip does not depreciate in value.

Elwood.

Mrs. Oliver, of Idaho, is visiting with her brother, Mr. Woodruff. Friends from Albina are visiting at Mr. T. Ostrosky's. Mrs. Lily Park was moved from her home to the Portland Sanitarium last week. Floyd Dibble's attending Summer Normal in Salem. C. E. Surtus is assessing in his home neighborhood at present. Henry Glinther was a visitor in Elwood, Monday. Mr. and Mrs. Phillips' three grandchildren from near Oregon City, have been visiting them, and while there one of them had the mumps, but was not very sick. Mr. Cox took a load of potatoes out to Highland this week. Why can't Estacada compete with Highland prices? Oregon City Courier for one year, and beautiful oil painting, all for \$2.00. Send in your subscriptions at once. Over 200 paintings to select from.

A New Orleans woman was thin. Because she did not extract suff' cent nourishment from her food. She took Scott's Emulsion. Result: She gained a pound a day in weight. ALL DRUGGISTS: 50c. AND \$1.00

Small Farms Wanted Home-seekers request EASTHAM, SMITH & CO. to look them up homes. Three customers have asked us to look them up small farms of 5 to 40 acres. They must be well improved and conveniently located. If you have such a farm to sell please call on us. Eastham Smith & Co. OVER BANK OF OREGON CITY

You See Them EVERYWHERE The Mitchell Wagon THE MITCHELL WAGON has many points which it will not pay you to overlook if you intend purchasing a wagon now or in the future. The timber used in the Mitchell is AIR not kiln dried. It is made in the largest wagon factory in the United States by men who know the business from the ground up. Every peice of timber, every piece of steel and every pound of paint used on a Mitchell is subjected to severe tests before used. Let us send you our vehicle catalogue.

THE HOOVER POTATO DIGGER WILL DIG YOUR POTATOES TO YOUR ENTIRE SATISFACTION The Hoover Potato Digger is the only successful potato digger used in the Northwest. It is built to do the work required and the manufacturers have spared no pains to make it the best digger on the market. It is made as light and as strong as possible. It has a twenty-two inch frame, which enables it to get all the potatoes. The vine attachment separates the vines and dirt from the potatoes, leaving the latter clean on top of the rows. Let us send you our 1908 Hoover Catalogue.

All the Gold IN GEORGIA Could not Buy- Roding, Ga. August 27, 1906. Messrs. H. C. DeWitt & Co., Chicago, Ills. Gentlemen:— I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, and some Consumption of the Bowels. A physician said I would not live until Spring, and for four long years I existed on a little boiled mutton. I was a doctor's prescription and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor stranded Dyspepsia wreck I grasped at anything, and that Almanac happened to be my friend. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle AT THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, C. N. CORNELL. CONFORMS TO NATIONAL PURE FOOD AND DRUG LAW This is only a sample of the great good that is daily done everywhere by KODOL for Dyspepsia.

at the Smyrna church on August 2, 8:00 p. m. T. M. Yoder, of Portland, came up last Friday evening to visit his family who are camped in the neighborhood. He returned to the city again on Monday morning's train. New Era. The Spiritualist camp meeting is progressing finely and Sunday brought an attendance of about 700 people. And next Sunday's attendance will eclipse the past, weather permitting. Mrs. William and Mrs. Charles Syber, of Portland, were the guests of Mrs. Dustin last Wednesday and Thursday. Roy Parmenter, of Barlow, delivered several thousand feet of ash logs last week. Harry Keeling, of Portland, was a guest of the Veto home Saturday and Sunday. G. H. Brown has the first wheat in the shock in this vicinity. John Gulger, of Roseburg is a distinguished guest at the Newbury home this week. Messrs. Wirtz, Seveck and Wirtz returning from the mountains Sunday bringing the remains of a 5-prong buck. Messrs. Kelland, Engel and Kelland also returned Saturday with venison galore. Henry Kaldertly, of Portland, visited Will Newbury over Sunday. Oscar Burgoyne was home Sunday.

him. Mr. Ballard goes to see whether it is advisable to pay up on his beach lots or whether it is a real estate boom that he has gotten into. Last Sunday morning C. F. Frey engaged in a fistcutf encounter with one Swanson, whom Mr. Frey claims he befriended and brought out with him from the East recently. It seems he (Swanson) failed to illustrate in accordance with Mr. Frey's wishes and the consequence was a badly lacerated face and feelings. Mrs. J. B. Irwin, mother of our popular and rising young attorney, Ben Irwin, has sold another piece of property in the Mil- thorn addition; consideration \$700. Herbert Oliver is enjoying a vacation. The Chautauqua was well patronized by

Best the World Affords. "It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c at the Jones Drug Co. drug store.

Do you take the Courier? If not, Why not? The Year only \$1.50

MAKING CREAM SEPARATOR HISTORY The year 1908 will mark an important period in centrifugal Cream Separators. Probably never again will such a large number of valuable Separator improvements be brought forth as are now shown in the new improved 1908 De Laval machines. After thirty years of ceaseless testing and experimenting, the really perfect Cream Separator has at last been produced in the New De Laval. Nothing anywhere near like it has ever been made before and all who have seen and examined it marvel at the great degree of perfection attained in every feature of the machine from the supply can to the base. Although the improved De Laval has only recently been placed on the market it is already SWEEPING ALL COMPETITION ASIDE and experienced buyers everywhere are saying of it—"YOU DON'T CLAIM NEARLY ENOUGH." The many new De Laval improvements are of almost equal importance with the invention of the separator itself and must be seen to be fully appreciated. To this end you may have a free demonstration of the machine in your own home for the asking. Mr. W. P. Kirchen, the agent for Oregon City, has arranged with FRANK BUSCH to have one of the machines in his store where the merits can be fully examined and catalogues be obtained. Call at FRANK BUSCH'S STORE And see the new DE LAVAL SEPARATOR
