WOODBURN

B. F. Hall and wife and daughter, Mrs. E. E. Tyler, visited relatives in Salem from Thursday until Tuesday.

Minnie and Royal Trullinger and it will soon be improved by having a new bridge instead of the shaky one that has been there some time.

Jasper Trullinger went to Mulino Thursday to look after his peaches.

He has the Grant Ashby orchard rented this year and expects to have about 400 bushels, to be ready to pick in about two weeks.

They will be for sale in the orchard every day but Sunday.

The Woodburn ball team have won the pennant and Woodburn is the headquarters for the Tri-City League next year.

A great many eastern people are locating around Woodburn.

It is hoped that they will leave their cyclones at home.

405000 gallons of water was used in sprinkling the streets last month.

Minnie and Royal Trullinger left Saturday for Newport to spend their vacation.

Mr. and Mrs. Jack Rall left Tuesday for Long Beach for the benefit of Mrs. Rall's health.

THE STRENGTH OF SAMPSON

IS AS NOTHING WHEN COMPARED WITH THE POWER DEVELOPED BY

A Stover Engine!

The Stover Engine is built in both the Horizontal and Vertical sizes and ranges in power from five to 40 horse power.

The Stover Engine often develops more than its rated power. It is simply constructed and has very few working parts.

It is easy to control and needs very little attention. A man does not need to be a mechanic to understand and operate a Stover.
