The people of Clackamas County who have in mind dependable merchandise are more and more awakening to the fact that to inspect the big department store, where really sensible offerings are to be found continually, is the best plan that can possibly be adopted. There is no making up of goods to be summarily slashed off again in an attempt to fool the public, but extensive buying of classy goods and choice selection of fine garments, trimmings, laces and notions of many varieties that enables the stable merchant to continue to offer each day bargains that are bound to attract the attention of the most careful buyers. There are remainders of our spring stock and we are making many sacrifices each week in order that not a single piece of such merchandise will be carried over the season. Those who appreciate unusual values improve these opportunities and make most profitable investments of time and most economical exchange of cash for reasonable goods.

Every section of the store presents a wonderful list of real bargains in dependable dry goods. These are unsurpassed opportunities and temptingly small prices are the rule in every department. The inducements which we offer are beyond all competition and will certainly prove irresistible to any man, woman or child who are interested in positive money saving.

"THE SCHOOL OF QUALITY"

Tenth and Morrison, Portland, Oregon. A. P. Armstrong, LL.B., Principal

(We occupy two floors 65 by 100 feet, have a \$20,000 equipment, employ a large faculty, give individual instruction, receive more calls for office help than we can meet. Our school admittedly leads all others in quality of instruction. It pays to attend such an institution.)

(Said a Business Man: "Keep hammering away everlastingly on thorough work. It will win out in the end.") Said an Educator: "The quality of instruction given in your school makes it the standard of its kind in the Northwest."

(Open all the year. Students admitted at any time. Catalogue free. References: Any bank, any newspaper, any business man in Portland.)
