No 16,

CHILDREN HAVE PICNIC

New Sunday School Organized Holding Services in Grove

TEACHERS SECURED FOR NEW SCHOOL

Personal Notes of Jennings Lodge—Some People of Interest

The latest improvement of Jennings Lodge, and one which has been needed very much for some time, is six lights at our new station.

Mrs. Emma Emmons and Terry were hostesses to a children's picnic on August 20th. Four boats full of children from here and large baskets of lunch were rowed over to the west side of the Willamette, where a delightful day was spent under the trees, and the kind hospitality of these ladies will be remembered by all the little folks who attended.

Miss Gwendolen Doart, of Portland, is spending the week with Mrs. Joe Evans.

Mr. Clarence Beamer enjoyed a visit from a former schoolmate, Mr. Clyde Newell, of Eugene, Ore. Mr. Newell has accepted a position in Woodard & Clark's, of Portland.

Miss Arlene Shaver has returned from a most delightful trip to Ocean Park, Wash., where she was the guest of Miss Clark of Clackamas for three weeks.

Mr. and Mrs. J. C. McMonial visited Sunday at Estacada.

Mr. Redmond has moved into the house recently vacated by Mr. and Mrs. Seiple.

Word has been received from Mr. I. J. Morris that they are all settled in their new home and like it so well they intend to live there permanently.

Mr. Morris left here early in the summer accompanied by his daughter Grace and son Lewis and they are now located on a ranch at Steamboat, Oregon.

Among those who have been on the sick list during the past week were Mr. Frank Frait, Mr. Walter Beckner, Mrs. Dr. Perkins and Mrs. Spooner. But all are improving.

Mrs. Ed Matthews was taken sick again on Thursday and removed to one of the hospitals in Portland.

Mr. and Mrs. Finley, of Portland, are visiting with Mr. Finley's brother, Mr. William Finley.

Mr. and Mrs. James Seiple departed on Sunday morning for their old home in Leavenworth, Kansas. They still have property here and we are in hopes they will return again and make this their future home. We all most deeply regret their leaving us as Mr. and Mrs. Seiple are the kind of people that Jennings Lodge wants.

But we feel that what is our loss is Leavenworth's gain.

Mr. Rex Slocum left early last week for British Columbia, where he expects to buy land, and Mr. George Farleigh expects to leave this week for the same place to look at farm land.

Mrs. Applegate's sister, of Salem, drove down and spent a few days with the Applegate family at their camp on Addie street.

Mrs. J. B. Evans entertained at a luncheon on Friday at her home on Addie street. Covers were laid for five and Mrs. Evans proved herself a most charming hostess.

Mr. James Soesbe and family, of Salem, are moving to their place, and Mr. Sealey, of Oregon City, expects to move his family to their new home this week.

Mr. and Mrs. Will Jennings departed last week for Pittsburg, Penn., where they were summoned to the bedside of Mrs. Jennings' mother. They were accompanied by Mrs. Jennings' married daughter, of Seattle.

Rev. Schnupp preached in the camp grove on Sunday afternoon. He expects to organize a Sunday school next Sunday which will be held in the grove until our new school is completed at Clair Dyer Lodge, immediately after the Sunday school.

Mr. and Mrs. Painon entertained at a tea on Saturday for Mr. and Mrs. Seiple before their departure for Kansas.

Mrs. Fred Terry was called to Kinston, Texas, where her mother is ill at the home of Mrs. Pease.

The directors have hired Miss Bronie Jennings to teach in the new school. Miss Jennings comes very highly recommended to us, and by her unassuming and charming manner has won many friends among the children of the neighborhood.

Mr. Lloyd Spooner has just returned from a visit with his brother at Marshfield, Ore.

Miss Inez Cravatte, who is making an extended visit with Mrs. Spooner, and Miss Bronie Jennings, spent the week end at Clair Dyer Lodge with Mr. and Mrs. Jennings, brother of Miss Bronie Jennings. Miss Helen Bushnell, joined the party Friday evening and on Saturday evening a pleasant surprise was tendered Miss Jennings by the rest of the party, and all join in declaring Mr. Jennings a most entertaining host.

Among the homes on the banks of the Willamette is the beautiful country home of Mr. and Mrs. Emmons, where a great many people from Portland and other places enjoy the hospitality of the Emmons family. Those who visited there lately were Mrs. Taylor, of San Francisco, Cal., Misses Susie Gatz and Emily Martin, of Portland, and a bunch full of people came out Sunday and spent the day under the beautiful trees at their home.

Mr. George Morse assisted by Harold Pratt and Arthur Roberts, delivered some fine milch cows to Sellwood on Tuesday.

Flora Dill, of Portland, is spending her vacation with her sister, Mrs. C. Morse.

Miss Ethel Albright is visiting her sister, Mrs. James Church, of Oak Grove. Mrs. Church and children will leave next week for Condon, Ore., where she will join her husband who is connected with the Portland Flouring Mills there.

MUCH INTEREST IN BIG FAIR

Vice-President Coe Meets With Great Enthusiasm Everywhere

FINE WATER ON GROUNDS

Buildings Nearing Completion. Speedway Best in State

Quits a number of men are at work now at Canby on the fair grounds, putting up the great fence, and working on the exhibit building. It is thought it will be but a few days before the fence is completed, as additional men will be put to work as fast as they can be secured. The roof is completed now on the big building, which is 64 by 120 feet, and the carpenters are getting the floors done and arranging the interior. The well is down, water was struck at a depth of 32 feet, and was blasted out through solid rock all the way down. A fine large stream was struck at that depth and the well at once filled with pure, cold, spring water. A large tank is being constructed, and a gas engine will be used in pumping water into the tank, affording the finest drinking fountain for man and beast at the fair grounds.

R. S. Coe, vice-president of the association, has been in this city the past two or three days working in the interest of the fair, and meets with the greatest encouragement on every hand. He has made a trip throughout the surrounding country interesting farmers in bringing exhibits, and especially along the line of livestock, and also worked up enthusiasts which will be of material benefit in the attendance at the fair. He spent a portion of Wednesday in Milwaukee with the committee who have charge of the Grange Fair Association which will hold exhibits the latter part of September, and secured a promise from them that the very best exhibits of the Grange fair would be moved to the Clackamas county fair for exhibition the week following their exhibit. In conference with Mr. Sellwood and Mr. Grassel he found that many people in that section and along the O. W. P. line are very much interested in the Clackamas county fair, and there is an excellent showing of a large attendance from this section of the county.

The work of the Clackamas county fair, and the notoriety it is giving Canby is very noticeable even at the present time. A number of residences are going up, some have just been completed, and many important additions have been made which add greatly to the appearance of the town.

A large implement storehouse which is being completed now by Mr. Andrew Kocker, and which is 50 by

100 feet is quite an improvement to the appearance of the town, and among the residences just completed or under construction are those of Mr. George Fletcher, Howard Kocles, Lee Eckerson, and George Meaks.

Turned Over to Juvenile Court.

Earl Paddock, Mort Lewis and Andrew Rintoul, who were arrested on Thursday for breaking into buildings at Canemab and stealing \$9.90 worth of soda water, cigars to the value of \$2.50, 40 cents worth of oranges and 20½ dozen glasses, were brought before Judge Sampson, Friday last, and towards turned over to the juvenile court, their trial coming off before Judge G. B. Dimick Saturday afternoon at the court house at 1 o'clock.

Guilty of Abusive Language.

H. K. Tackelson, an ex-saloon man, of Canby, was tried in the justice court at that place last Thursday morning, answering to a charge made by William Cantwell, a real estate man of that place, who was formerly a business in this city, resulting in Tackelson being found guilty of a fine imposed by Judge Knight. Attorney Chas. Waite, of Canby, represented the defendant, and Attorney C. Schelbel, of this city, represented the plaintiff. Cantwell claimed that Tackelson used abusive language towards him in the county shop. A few days ago, and Tackelson accused Cantwell of having used his influence at the last election in driving the saloon men out of business when that town went dry.

Incorporation of Evangelical Church for Benefit of Religious and Charitable Work

Articles of incorporation of the Betanna Evangelical church were filed at the office of the county clerk, Monday last. The object is the acquiring of sufficient real and personal property to enable the church to extend its influence in religious and charitable work. The property now owned by the church is valued at \$1000. The governing officers shall be a board of trustees to be elected on the first Tuesday of January, annually. The incorporators are Arndt Boe, S. B. Reese and B. Erickson.

Transfer Company Incorporates

The Pioneer Transfer Co. filed papers of incorporation at the office of the county clerk Monday. Mr. Bradley, who for some time has been at the head of the company, has secured the assistance of Jack Wood, who for several years has been with the Oregon City Woolen Mills. The new proprietors of the Pioneer Transfer Company, Messrs. Bradley and Wood are both well and favorably known in this city, and will undoubtedly receive a large share of the transfer business in the city.

After visiting her brother, William Wagoner, of Hood River, for three weeks, Mrs. C. O. T. Williams has returned home. Mr. Warren has purchased land there and is going into the apple business, and from present outlooks the fruit business will yield good. Mr. Warren formerly lived in this city.

END SEASON GOOD PLAYING

Grays Picking up as Season Is Drawing to a Close

CANBY'S GOOD PLAYERS

Good Bunch of Fans Enjoy Sunday's Game

Sunday last the Oregon City Grays added another victory to their list by defeating the Canby team with a score of 11 to 3. The visiting team displayed good ball at the outset but were unable to hold their ground, which gave the Oregon City boys a decided advantage over their opponents. C. Baty was the crack player for the visitors, but was found for six runs in the seventh when R. Knight took the best. Douthitt played good ball, coming through the game with a percentage of 1000. In five times up he scored a double, a single, and walked three times. Tohe was the man for the home team and played a straight game, allowing six scattered hits and declining to walk a man, and striking out 10. In the first inning Roberts pulled down a fast bonner and put a man out at the plate. Canby scored two of their runs in the first inning. With one down Douthitt dropped W. Baty's fly and V. Knight hit to Roberts, who threw R. Baty out at home. R. Knight going to first. Sater's two sacker scored both runners. The Grays annexed a run through a walk, a hit by Kruger and an error by Wirfs. Two more came to the Grays the second by a hit from Roberts. On an error, a stolen base, a passed ball and a hit, the Grays made another in the fourth. Sate got a single in the sixth, when two men were down, and he stole two sacks, coming home when Shaw threw wild to third. In this inning the Grays made four hits and six runs on balls, an error, passed ball, wild pitch and Smith's strike. In the eighth the Grays registered again when Douthitt doubled to left and scored when C. Baty fired a wild one into third base.

The score.

SPENDING MONEY AT HOME WE WANT MORE HERE

Oregon City people appreciate the features of the good results that follow the patronage of home industry. The workmen about Oregon City mostly spend their money here at home, all lines of business and the professions are given their support. Every dollar sent out of Oregon City to a distant market is forever lost to the business men and people of this city. These facts are called to mind by the spending of the entire pay role of the lumber camps, mills, railroads, etc., in the town of Spirit Lake, Idaho, which is a far-reaching and sustaining example of home industry. This town has risen as if by magic,

within the past year, where 13 months ago it was a wilderness without a single inhabitant. And this town now has a very noticeable and civilized appearance, water works, electric lights, graded streets, cement sidewalks and beautiful homes. In its well-built business district are general merchandise, clothing, grocery, hardware, drug and other stores. It has a bakery, a meat market, a tin shop, hotels and restaurants, barber shops, a fine bank, and all the minor lines of business found in a thriving, growing town. It gives employment to mechanics in various lines. This example shows what is accomplished by spending your money at home.

OREGON CITY PEOPLE STILL VISITING SEASIDE

Among the Oregon City people who are spending their summer vacations at Seaside are Mr. and Mrs. Fred Ely, Mr. and Mrs. Ernest Matthews, Mrs. Bell, Mr. James Parlow, Mr. Bingham, Miss Edith and Letha Jackson, Veta Kelly and Grace Marshall, Mr. Deane, George Ely and Mr.

Charlie Bollinger. There are more than 6000 people at Seaside now. For the past few days it has been very cold and disagreeable, but now it is quite pleasant. Seaside is an ideal summer resort, there being all kinds of amusements, such as dancing, skating and bowling. Bathing is the principal sport.

SHRINERS GOING TO EUGENE GREAT BANQUET PREPARATIONS

At Kader Temple, Nobles of the Mystic Shrine, of Portland, will pilgrimage to Eugene, Saturday, September 5th, and a large number from this city who belong to the Shrine are anticipating attending the banquet. They will board a special train which will go through this city late Friday night, and spend a day at Eugene, returning that evening. Elaborate

preparations are being made to make the pilgrimage a most entertaining affair. Among those who will probably attend from this city are: J. Adams, C. J. Buchanan, R. J. Young, E. A. Sommer, J. H. Walker, J. Loder, A. H. Needy, T. F. Ryan, L. L. Porter, Ernest Rands, M. Latonrette, E. J. Danton.

Wreck Near Eugene.

The Cottage Grove Local was wrecked four miles north of Eugene Saturday night and Fireman Boulter and the unknown tramps were killed. Engineer Jack Nichols was fatally injured, and six passengers were badly hurt. The engine, going at schedule speed struck a cow which

was on the track and turned turtle, landing in the ditch. The baggage cars and passenger coaches, pushing the tender ahead of them, continued on the ties for 75 feet until the baggage car climbed on top of the tender and stood on end. The impact hurled the passenger coaches from the track, only the last two remaining on the rails.

How Kelly Was Defeated

Thirty-six years ago H. L. Kelley, our venerable citizen, was defeated for the office of county clerk by ten votes. At that time the Indians were camping on the bluff in considerable numbers and their carousals were terrifying to the citizens. The town was little more than a trading post and throughout the county traversed by Mr. Kelley's team were sparsely settled communities and one in particular attracted his attention, that being Cazadero. From the year 1872 to the present time Mr. Kelley has not visited the town until Wednesday of this week, when he took the electric car and went over the old political battlefield. Thirty-six years had caused a great change, hundreds of farms now scattered through the country where then spread the vast forests. The thriftiness of the farmers and their wives and the fine fields and orchards, painted buildings and many features of growth and prosperity impressed Mr. Kelley beyond the power of words to portray. But characteristic with the man, Mr. Kelley still remembers the light side of that eventful year and states that had he known of the deal at the time he could have easily won the election by exposing the jinks played on him by one who has now crossed the golden shores, who secured a number of the ballots and crossed Mr. Kelley's name therefrom, which prank caused his defeat, by ten ballots.

Boys Outclassed

Leota Young, daughter of Capt. Young, of this city, performed an astounding feat in the Willamette river at this city. The little girl, who is about 13 years old, swam a distance of 2000 feet in 12 minutes and was not very much fatigued by the effort, expressing her desire to swim the return distance immediately, but was not permitted to do so. C. S. Young is captain of the steamer N. R. Lang, and his little daughter shows the disposition and liking to the water that is prominent with her father.

Laura Ganong, daughter of J. W. Ganong, vice-pres. of the Portland Flouring Mills Co., the same evening exhibited a wonderful swimming feat, swimming across the river at the same point in 19 minutes.

The many young men of this city who have been practicing aquatic sports throughout the summer should sit up and take notice of the above feat. We will wager there are not many expert swimmers among the male persuasion who can beat the swimming stunts accomplished by these two young girls Sunday evening.

Mr. and Mrs. J. J. Cooke, John K. Morris and two sons, Mr. and Mrs. Sol S. Walker, Mr. and Mrs. J. L. Waldron and son Harold, and Mr. and Mrs. Wheeler Church have returned home, after spending three weeks at Mt. Hood.

NEW LINES TO PORTLAND

Pacific Telephone Company Arrange Better Service For Long Distance

UNDERGROUND IN CITY

Overhead Wires Come off of Main Street. Run on Water Street and Railroad Avenue

The Pacific Telephone Company have very recently completed several important changes in their long distance service between Oregon City and Portland. The new service, which went into effect yesterday, September 27th, is of great importance to Oregon City people. The notification given out by the local superintendent, Mr. Geo. J. Hall, reads as follows:

"Before making a call to Portland, subscribers should consult directory and give the desired number, to the exchange operator, preceded by the name 'Portland,' thus: 'Portland Main 314,' and wait until the receiver to the ear, the same as when making a city call. If the desired number is not known and does not appear in the directory, it should be obtained by calling 'Information Operator.' It will not be necessary to ask for 'Long Distance' and give the name of the person wanted, as heretofore. A rate of ten cents for the first two minutes and five cents for each additional minute will be charged for the new service. The charge does not begin until the called station answers." This is a material change from the former system, when people here when desiring Portland had to call "Long Distance" and give name of party desired and there was usually an annoying delay as well, and again, the rate was twice as high as under the new order.

The company have completed the overhauling of their lines from Portland to Salem and have five new lines from Portland to Oregon City. About thirty men are at work here taking the overhead wires out of the prescribed limit contiguous to Main street, and running same in cables on Water street and Railroad avenue, while within the prescribed limits the wires are all underground. Oregon
